MINSTREL SHOW BY GLEE CLUB

Large Seat Sale Reported; Dress Rehearsals Now Being Held

More than 800 tickets have been sold for the minstrel show to be given by the Glee Club of the High school. Daily rehearsal under the direction of Prof. M. Harclerode, superintendent of music, are being held and last evening the finishing touches were put on the first part.

Three features will be presented in the second part. They are: Banjo duet, blackface quartet and an Hawaiian scene in which an orchestra of ukulele, banjo, guitar, mandolin, flue and obse will play.

The third act sketch for the after-piece is entitled, "Sam Bo Jam," (Sam Bo-Jam), an American negro induces a lot of Texas negroes to accompany him on a ship to Africa where Queen Lukattiank will give each man seventy acres of fertile land free. On the way, a submarine sinks their vessel but the three remaining survivors make their way through the African jungle and in the end Eph Johnson marries the queen.

Some novel lighting effects will beautify the scene. J. E. Hurst, of the science department is directing the lighting, assisted by Raymond Sultzberger and Ronald Ross.

A minstrel show is something new for the High school but Mr. Harclerode is confident that the big audience will be as well pleased as they have been at all the other previous annual music festivals. Reserved seat sale opens Wednesday, May 1, at 9 o'clock at the Ideal Jewelry store.

The Joys OF SIGHT

Forget—if you can—that you are able to see. Blot out the wonders of nature and art. What a dismal, dreary world this would be! Now—think what joys our glasses assure you, if your vision is dim and fainty.
