

SECURE SUPPLY FOR DRY SIEGE

Large Quantities of Liquor Bought Before Maryland County Goes "Dry"

Hagerstown, Md., May 1.—Just how much "licker" was stored away in cellars and closets in private homes and clubs in this city and other places in the county before last night, when Washington county officially went dry, is hard to estimate, but from reports of enormous sales of booze made at wholesale and retail places here and in other towns the quantity is great. Liquor was purchased by the barrel and in smaller quantities and stored away. For three days all liquor places were besieged by crowds of buyers and in nearly all instances entire stocks were sold out. The police have made numerous arrests for drunkenness within the last few days.

TO ENTERTAIN G. A. R.

Danville, Pa., May 1.—Danville is preparing to entertain the fifty-second annual encampment of the State Grand Army of the Republic, which convenes here during the week of June 10. The program includes a campfire, election of officers and a parade.

GRADE CROSSING ABOLISHED

Berwick, Pa., May 1.—In an order to-day the State Public Service Commission directs the abolition of a grade crossing where the public road crosses the Delaware, Lackawanna and Western Railroad, near here, and where several persons have been killed.

WILL ORDAIN MINISTER

Blain, Pa., May 1.—The Rev. J. C. Reichard, Lutheran minister, is attending the annual meeting of the Theological Seminary Board, of which he is a member at Gettysburg. Graduating exercises were held at the seminary on Tuesday evening for a class of sixteen seniors, all of which he is a member at Gettysburg. The Rev. Mr. Reichard will be at West Milton on Friday to assist in the ordination services to the gospel ministry of John F. Wenkebueck, who is going to serve in the Army as a chaplain.

CUMBERLAND VALLEY

Nine Pennsylvania Couples Married at Hagerstown

Hagerstown, Md., May 1.—Pennsylvania couples secured marriage licenses in this city and were married here as follows: Harold Ross Meredith and Dorothy Pauline Yeatts, both of Harrisburg; James R. Dearing and Cora Alvina Ohi, both of Harrisburg; David E. Cramer, Chambersburg, and Edna Kaufman Union Deposit; Levi M. Hawbaker and Leah K. Dentler, both of Greencastle; William Updegraff, Royaltown, and Mary Hoover, Middletown; George E. Baker and Mary E. Hann, both of Waynesboro; Charles H. Diffenderfer and Mary Isabel Snyder, both of Waynesboro; William Chester Basehoar and Mary M. Hostetter, both of Mechanicsburg; Franklin Mullen and Emma Bragher, both of Goodfear.

MRS. R. A. BUCHER BURIED

Mechanicsburg, Pa., May 1.—This afternoon funeral services were held in the Presbyterian Church for Mrs. Robert A. Bucher, who died at her home in Pittsburgh on Sunday evening, Mrs. Bucher was a daughter of the late Dr. Robert Young, of Mechanicsburg, was well known throughout this locality and before marriage was Miss Mary Young. Her husband, one son, George H. Bucher, and two daughters, Mrs. Etta Zeigler and Miss Mary Bucher, of Pittsburgh, survive.

ZIMMERMAN-LEDY WEDDING

Waynesboro, Pa., May 1.—Miss Margaret A. Ledy, of Greencastle, and Isaac S. Zimmerman, a young farmer, were married at the home of Mr. and Mrs. Harvey Snowberger, at Wayne Heights, by the Rev. John N. Bayer.

MAN KILLED BY AUTO

Hagerstown, Md., May 1.—Thomas Giles, colored, aged 37 years, was knocked down by an automobile bearing a Pennsylvania license in the town of Hagerstown late at night and died a few hours afterward without regaining consciousness from concussion of the brain. The automobile escaped, but officers are searching for it.

ROLLER MILLS CLOSED FOR SALE

Proprietor Charged With Peddling Without Using Necessary Substitutes

The Klingerstown Roller Mills, located on the Malesontown creek just over the Schuylkill county line above Gratz, were closed by order of the United States Food Administration yesterday, following investigations by one of the agents of the Dauphin County Food Administrator. Action was taken by the administrator following the admission by William M. Klinger, proprietor of the Klingerstown mill, that he had exchanged, peddled and sold wheat flour without substitutes. Zerby was brought before Donald McCormick, administrator for Dauphin county last night, and admitted that he had made sales for more than four months in violation of the food laws and that during the past three or four weeks he had been selling flour from his wagon in the country district and in Lykens.

KEEP GUN AS SOUVENIR

Waynesboro, Pa., May 1.—The mounted gun of the Landis Tool Company in the Liberty Day parade Friday evening—"Big 90"—made such a hit with people generally along the line, and the men in the outsidie industry as well, that it is now proposed to mount the fourteen-foot weapon and place on a grass plot in front of the office, to remain as a permanent souvenir of the occasion. The gun was built in the Ordnance Department and is a clever piece of work.

HOME FROM HONEYMOON TRIP

Mechanicsburg, Pa., May 1.—Mr. and Mrs. Harry Orner, recently married at Allentown, have returned from their honeymoon trip and are living in their new apartment in the Happle and Swartz building on the Square. Mrs. Orner was formerly Miss Grace Parks, of Allentown. Mr. Orner is proprietor of a barber establishment in South Market street.

FARMER INCURED BY COLE

Hagerstown, Md., May 1.—Charles Babbington, a farmer of near Mt. Carmel, was probably fatally injured yesterday when he was struck in the face by a coil he was whipping for kicking at a hired man. Babbington was brought to the hospital here with a severely eye kicked out, both jaws broken and the skull fractured and scarcely a bone in his face left intact. Some of his teeth are also missing.

ANTI-BOOZE MEN REGISTER TODAY

[Continued from First Page.] unless he has changed his residence to another precinct.

The heavy registration was predicted by Harry B. Saussaman, chairman of the subcommittee, which all day worked in the various wards. He said:

"From the many inquiries, both by telephone and in person, which the members of my committee and myself have been receiving, and from all reports we have at hand, I feel sure that we should have a heavy registration."

It was a new sort of campaign for Harrisburg. The ward prohibition workers kept tabs accurately all day, and late in the afternoon, before the registration had even started, they immediately made personal calls and many stragglers were urged to make good at the last moment.

Dr. VanDyke's Letter

Dr. VanDyke, superintendent of the University Union headquarters in Paris, to Mr. Wallower, says:

"My Dear Mr. Wallower: I just drop you a few lines to say that Herbert is staying with us at the Union now, for a few days in order to buy a new outfit of clothes, and things for campaign. The Boches got his other ones, and he has a most exciting and interesting tale to tell about his experiences. As he has probably written you, this brand new young officer suddenly found himself in command of a detachment of British troops in both defensive and offensive action. It emerged from his modest and straightforward story of what happened that he showed both discretion as an officer and a great deal of gallantry as a soldier. I write to congratulate you on the sudden test of courage and self-control to which he was so unexpectedly put. He is all right and in perfectly good health in spite of the ten days danger and hardship he has been through. "Believe me, Very sincerely yours, (Signed) PAUL VANDYKE"

Lieutenant Wallower's Letter

Lieutenant Wallower's letter to his father follows:

"Dearest Family: I am absolutely dead beat and all in, but perfectly safe and well, outside of a slight cold from exposure in the trenches, so you must have patience until I can write you a long letter telling you what has happened to me. "I am back at last at Army headquarters, and tonight will probably move on back to base depot, and after a few days there will go on back to our own Army headquarters, for which I will be profoundly thankful, for I have seen all the British front I want to see and then some. I have been in the middle of the big fight ever since it started, and have not been relieved from four days and four nights in the front line trenches, held off the Boche in two attacks and took part in two counterattacks. How I ever got through alive is more than I know, and surely your prayers and mine must have been answered. "I will write just as soon as I can. Hope you gotten my field post card. With best love to all, "HERBERT."

U. S. BIRDMEN DOWN HUN FLYER

[Continued from First Page.] formerly a member of the Lafayette Escadrille, darted behind the German and also opened fire. The German made desperate attempts to escape and returned the fire of the Americans, several bullets piercing Captain Hall's airplane.

The Americans peppered the enemy machine with bullets and drove it down until it fell behind the German trenches. Captain Hall and Lieutenant Rickenbacher returned from the fight unscathed. "This was the first enemy machine to be bagged by the Americans in three weeks, while several others have been unofficially reported brought down.

Rickenbacher Found Job as Pershing's Chauffeur Too Slow; Wanted Speed

New York, May 1.—Lieutenant Eddie Rickenbacher, victor in an air duel over the German lines in France, resigned as chauffeur at the wheel of General Pershing's automobile because he wanted more speed, according to his friends here. He obtained a commission in the aviation service within three weeks from the time he left America, for he was unhappy unless he could move faster than seventy miles an hour. He was in the first line of operations did not require that his automobile travel so swiftly. Rickenbacher, hero of many thrilling automobile races in this country and holder of a number of motor records at the age of 30, said on the eve of America's entry into the war that these race drivers would turn aviators. He was the first to fulfill his own prediction. Shortly after General Pershing reached Europe, Rickenbacher followed him and so that direction is easy and painless. Sold by G. A. Gorgas and drug-gists everywhere.—Adv.

STEELTON NEWS ITEMS

LOCAL BOYS IN THICK OF FIGHT

Shelley Brothers and Douglas Beidel Return to Service After Long Rest

Roy and Carl Shelley and Douglas Beidel, three Steelton boys who are ambulance drivers in France, have returned to service at the front after long rests. The local boys spent their rests with French families far from the roar of the big guns.

Roy Shelley's letter, written on April 7, received to-day, is as follows:

"We are back again at the front playing the old army game of dodging shells. Our section is highly honored by being given an opportunity to take an active part in the world's greatest battle. I cannot tell you our exact location, but we are in the thick of the fighting. When we arrived here, I again gave up the cooking job and am driving an ambulance. Work twenty-four hours and off twenty-four hours. Carl, Douglas and I are fortunate enough to be on the same shift and are always assigned to the same job. It is very pleasant for us, for during the dull moments we can crawl into a dugout and swap stories about good old Steelton and the crowd.

Opportunity Fighting

It is very hard to imagine the condition of this front. No trenches as yet, no hills, in fact no dig-protection excepting the holes we dig. By walking to the outskirts of a small village where one of our posts is located, we are able to look over two level fields, a distance of about one kilometer, and see the German forces. We can see the fire flash from the Boche guns before we hear the report. It is needless to say that the roads are entirely exposed to Fritz and he certainly does shell them, but this is very costly to him as he receives about ten back for every one he sends over. The French are very liberal in this matter. Fritz has advanced as far as he is going to in this section, and before long he'll be on his way back to Berlin.

Shell Strikes Car

Early this morning a shell fell alongside of Doug's car and mine, with the result that we lost six tires and the car sustained many holes from the shrapnel—were eighteen holes in my car, ranging from the size of a pea to an inch in diameter. The four tires were blown out. My car hit and one of our boys suffered a slight shrapnel wound in his left shoulder which necessitated his going to the hospital. The other boys' cars hit and one of our boys suffered a slight shrapnel wound in his left shoulder which necessitated his going to the hospital. The other boys' cars hit and one of our boys suffered a slight shrapnel wound in his left shoulder which necessitated his going to the hospital.

FIRE CAUSES SLIGHT DAMAGE

Slight damage was caused by fire at 25 North Front street this morning starting from an explosion of an oil stove. The fire was discovered by Edward Collins, who was sleeping in the second floor of the building. The man tamped off the window and ran to Front and Locust streets, turning in an alarm. The Citizen fire house is but a few doors from the building but was so excited he ran to the top of the street in the alarm. The building is owned by Max Levitz.

Local School Teacher Among Selected Soldiers

Paul D. Miller, 180 South Second street, teacher of mechanical drawing in the local high school, for about seven years, is the second man selected from the high school faculty this school term for service in the Army. Mr. Miller is scheduled to leave for Columbus Barracks, on May 14. Professor Malin, faculty manager was the first to go. Mr. Miller is a graduate of the local high school and is well known here.

Gilbert Soulliard Found by Gettysburg Police

Gilbert Soulliard, 11-year-old boy who disappeared from his home here eight days ago because his father reprimanded him was picked up in Gettysburg streets late yesterday by the police. His father left to-day to bring the boy to his home in the borough. Chief of Police Grove notified this morning by Gettysburg authorities of the boy's capture. The father led the police to his home in the borough. Chief of Police Grove notified this morning by Gettysburg authorities of the boy's capture. The father led the police to his home in the borough.

Subscriptions to Liberty Loan Are Reported Daily

Official announcement was made at noon to-day that subscriptions to the Third Liberty Loan here total \$60,000. This amount of money was subscribed by 8,217 subscribers. Reports of the subscriptions until the close of the campaign on Saturday will be made daily at noon. It was announced to-day that the subscriptions at the close of yesterday's work was \$650,450 and the number of subscribers 8,217. A large amount of this money has been subscribed by steel plant employees.

JUNIORS ENTERTAIN

The Duke of Wellington

often called the "iron duke," showed his courage and strong will at Waterloo when he helped defeat Napoleon. It takes greater courage, vim, vigor and lasting qualities to win the battle to-day in the front-line trenches than it did in olden times. Energy is a natural outpouring of a healthy body. It does not spring up in a night. Build up that which Nature has given us by taking a compound of iron, recently compounded by Dr. Pierce, and named by him "Ironic." This iron-ionic tablet is easily taken up by the blood. The prime necessity of life is health. Inject red blood into your arteries and become efficient. Success often disappears for lack of iron. Take the average man and woman on the streets, for example. Watch them go plodding along, no spring, no elasticity, no vim. What one needs is spirit, energy, the power to force one's self into action. If you try "Ironic" tablets, the brain responds to the new blood in circulation; the body is ready to fight against stagnation, which holds you in bondage. You gain in vim, vigor, vitality. Try it now. Don't wait. Today is the day to begin taking "Ironic" tablets. A little "pep," and you laugh and you live. A little energy saves the day. "Ironic" tablets make rich red-blood. With red blood comes courage, then comes success, which leads to more and more success. Dr. Pierce's "Ironic" tablets are to be had in 60 cent vials at most drug stores. If you wish to test them send 10 cents to the Invalids' Hotel, Buffalo, N. Y., and get a trial package.

Do you want skin-health?

If you are suffering from eczema or some similar distressing, embarrassing skin eruption, why don't you get rid of it by using Resinol Ointment? Unless the trouble is due to some serious internal disorder, it quickly yields to Resinol, and in most cases is easily healed by it. The first application usually stops itching and makes the skin feel cool and comfortable. We recommend it with the utmost confidence because of its harmless ingredients. Aided by Resinol Soap it acts even more quickly.

Resinol

Ointment and Resinol Soap also help to clear away pimples. Sold by all drug stores and dealers in toilet goods. Trial of each, free. Dept. 3-S, Resinol, Baltimore, Md.

WHY SUFFER WITH RHEUMATISM?

Almost as Common in Summer as in Winter.

While the damp, cold, changing weather of Winter intensifies the pains and other disagreeable symptoms of Rheumatism, it is by no means a winter disease exclusively. Through the long months of Summer its wandering pains and twitching nerves are felt by those who are afflicted with this disease.

Rheumatism is a disease that involves the entire system. Its primary cause results from the failure of the eliminative organs, the Liver, Kidneys and Bowels, to carry out of the system acids and refuse matter.

Not only is Rheumatism the most painful of all diseases, with its swollen, stiff joints, throbbing muscles and stinging nerves, but it is a formidable and dangerous trouble. If its cause is allowed to remain in the blood and the disease becomes chronic, chalky deposits form at the joints, and they are rendered immovable and stiff, and the patient left a helpless cripple. Every day the poison remains in the system the disease gets a firmer hold. The best time to get rid of Rheumatism is in warm weather; because then the blood takes on new life and the skin is more active and can better assist in the elimination of the poisons. External applications may sometimes relieve the pain temporarily, but they cannot have any effect on the disease. The blood must be treated before a cure can be effected.

S. S. S., a remedy made from roots, herbs, and barks, is the best treatment for Rheumatism. It attacks the disease at its head, and by neutralizing the acid, driving it out, and building up the blood so it can supply nourishment and strength to every part of the body, it drives out Rheumatism permanently. Being purely vegetable, it will not injure the system, as do medicines which contain Potash or some other mineral ingredient. S. S. S. tones up every part of the body by its fine tonic properties. While cleansing the blood of all poisons it builds up the appetite and digestion and completely relieves Rheumatism. If you are worried with the nagging pains of Rheumatism, do not wait for it to become chronic, but begin the use of S. S. S. today and purge the blood of every particle of the poison. Write for our book on Rheumatism and any medical advice. Address 410 Swift Laboratory, Atlanta, Ga.

Newlin T. Booth Assumes Duties at Steel Foundry

Newlin T. Booth to-day assumed his duties as assistant superintendent of the steel foundry department in the local steel plant, succeeding E. J. Bevan, who resigned several months ago. Booth is a graduate of the American Locomotive Works. Mr. Booth is well known in the steel business.

MRS. C. A. ALDEN TO TALK AT HIGHSPIRE

Mrs. C. A. Alden, of the Steelton Red Cross chapter, will give a talk on Red Cross work "over there," in the Red Cross rooms at Highspire Thursday evening. After the lecture she will demonstrate and give receipts on 50-50 flour. All the women of the town and vicinity are invited by orders to be present.

ISSUE WATER BILLS

Water bills covering a period of six months were issued this morning, through secretary Charles P. Field, announced. The bills will be due on presentation.

REPAIR WATER MAIN

A squad of workmen have been en-making repairs to the borough water main which has been broken for two weeks. Another break in the main between East and Mohr streets will be repaired.

TRUCK DRIVER RESIGNS

Edward Stahmer, driver of the Baldwin Hose Company truck since the appointment of operators has resigned. Stahmer has accepted a position at the factory. Edward Hess is filling the vacancy temporarily, pending the election of a regular driver.

BUSINESS MEETING

A business meeting of the executive committee of the United Evangelical Sunday School will be held this evening following the weekly prayer service.

"I THOUGHT HAD TYPHOID" SAYS BARBER

Felt So Weak, Tired and All Run Down He Was Scared

"I was all run down," says Al Morritt, the popular barber, who lives at 157 Paxton Street, Harrisburg, Pa.

"I had heard about Tanlac and I wondered if it would fix me up so I got busy and started taking this remarkable medicine. "It certainly did fix me up in great shape. I hadn't taken more than a few doses when I began to feel a whole lot better in every way and each dose seemed to do me more and more good. "Today I'm feeling tip-top. I eat more than any two men should. I sleep like a baby and I can do a big day's work without getting tired out. I am no longer afraid that I am on the list for typhoid and I feel so strong now that I could give it a good fight. "Tanlac is now being introduced here at the Gorgas Drug Store.

Constantly diverting Street Car materials to war purposes--

General Atterbury has made it clear that America has built a great railroad system for Uncle Sam's use in France.

He says there must be greater railroad facilities in France and that there is a greater need for boats.

Boats are the link between this country and Europe, the mainstay of troop and munitions transportation.

This clearly emphasizes the tremendous drain on steel—steel will go directly for war purposes more rapidly than ever before.

This movement of the steel resources of the Nation in the direction for war purposes is absolutely right!

But you cannot change

Harrisburg Railways Company
