CORPORAL O. W. de VARILA

Corporal O. W. de Varila, of San Francisco, has just come back to the United States with fifty others of General Pershing's men to work for the Liberty Loan. Corporal de Varila was the first man to fire a shot against the General when Americans went into the trenches, October 22, 1917. That venture of Americans into the trenches was only for training, but de Varila fired the shot and to the Germans that was war. He was an artilleryman.

Prussian Conservative Fears Equal Suffrage Will Change Status of the Lower House

Status of the Lower House
Amsterdam, May 1.—In the discussion of the Prussian reform bill in the Prussian lower house Tuesday, Herr von Heydebrand, Conservative, declared that if equal suffrage, as the government proposed, was introduced, the character of the lower house would be changed and it would not be possible to longer maintain the Prussian state as it is.

The unrest among the people ought not to last much longer and an agreement was quite possible, said Herr Priedberg, Vice-president of the Prussian Ministry. Herr Porsch, a Centrist, said that a small section of the Centrist party would vote against the bill, but the majority would support it.

**Teuton General Forecasts** Grand Austrian Offensive; Germans Await Summons

London, May 1.—It is worthy of note in connection with the official statemeth from Austro-Hungarian headquarters Tuesday reporting increased activity on the Italian front that German papers recently have been referring to a supposed impending revival of the Austrian offensive against Italy on a grand scale.

fensive against Italy on a grand scale.

Lieutenant General Von Ardent, in the Berliner Tageblatt, writes: "The tension amid which the world is watching the drama in France and Flanders is likely to be increased soon as the Italian theater becomes livelier. It cannon be denied that while the German people await a revival of the fighting activity there with full confidence, they also await it with impatience. Never was the opportunity for reviving an Austro-Hungarian offenive more favorable than at present."

"GOOD OLD GLORY!"

London, May 1.

Several members of the American labor delegation now visiting England made a comprehensive survey of the royal arsenal at Woolwich yesterday. Miss Higgins, of the delegation, spoke at a large canteen crowded with girls. She expressed the sentiment that the women of the United States were emphasizing their will to war.

The girls shouted "Good Old Glory!"
