#### Not a Bite of Breakfast Until You Drink Water

phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-overwaste, toxins and ptomain-like poisons are formed and sucked into the blood.

Men and women who can't ge eeling right must begin to take in ide baths. Before eating breakfas ach morning drink a glass of rea lot water with a teaspoonful of lime

Tresh. Those who are subject to sick headache, colds, billousness, constitution, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

Remember inside bathing is more important than outside bathing, be-

#### PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tableis

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cursed with 'a dark brown taste,' a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

s and days of tireless experi-ting until she learned more about menting until she learned more about how to combat the high cost of living, about how to eliminate all of the thousand and one cooking troubles. There is not another woman in America who is better prepared than Mrs. Vaughn to teach efficient household incheds, and it that she knows she is going to give to the women of Harrisburg during her stay here next week.

Housekeeper's Responsibility Great
There never was a time in the history of the world when the office of housekeeper was so charged with responsibility and opportunity as at present. Is Mrs. Vaughn's belief. It requires three things to win the war—men. money and food. We have been slow in eliminating waste, but the women of the United States are fast waking up to the needs of the moment and from now on do their part toward putting a prop under the Government by conserving certain foodstuffs. Of the four things most needed in the food line, wheat and meat are the most important because they possess the most confentrated form of nourishment. Not only must America feed her own boys, but she must give to the Allies and the citizens of the countries fighting German autocracy.

There is none who cannot aid in the very necessary work of food conservation. Mrs. Vaughn has many new and thoroughly practical receipts for the war-time dishes and the entire course of lectures and demonstrations which she will give next week will be along this line.
