## Daniels Declines Effort to Set Definite Limit to America's Fighters

Philadelphia, May 3.—"The full strength of America to the last man," is the only possible measure of our contribution to the war, Secretary of the Navy Josephus Daniels declared here yesterday.

## We Are All Greatly Indebted to Those Who Tell Their Experiences.

Before the arrival of the stork there is much to talk about. The comfort of the expectant mother is the chief topic, and there is sure to be someone who has used or knows of that splendid external help—Mother's Friend.

Nausea, nervousness, bearing-down and stretching pains and other symptoms so familiar to many women are among the dreaded experiences thousands of mothers say they entirely escape by the use of this famous remedy.

To the Navy he paid this tribute: "There is no rank in sacrifice. I should say that there are no longer any common sailor before the Navy. They are all uncommon heroes, not one has failed."

The Secretary told how he had named a destroyer after a gunner's mate of the second class, saying: "It has long been the custom to name ships or destroyers after admirals, but I have established a precedent. One of the latest destroyers launched I have named the Ingram, after Oswald Ingram, a gunner's mate who died in the service of his country. It is the name of a man who is not a hero."

# WAR GARDENERS TO GET HINTS ON FARM WORK

One thousand pamphlets containing war gardening hints and helpful suggestions to amateur gardeners were distributed this morning to the gardeners who made applications for city garden plots. These are designed to make the plots more valuable to the gardeners by increasing the production.

Six hundred war garden plots have been assigned to applicants from the schools. Four hundred additional plots have been assigned to gardeners who applied through the Chamber of Commerce. There are still garden plots at Nineteenth and Paxton streets, and at Bellevue Park. These will be assigned to applicants, with plowing and fertilizing done, who accompany their application with \$1.50. Applications made be made through the Chamber of Commerce.

—Double Strength— This preparation for the removal of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by any druggist under guarantee to refund the money if it fails.

Don't hide your freckles under a veil, get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money back guarantee.

# FOURTH WOMAN ENTERS MYSTERY OF ALIEN SLAYER

## Two Deaths Attributed to Helmuth Schmidt; Police Looking For Others

By Associated Press Detroit, Mich., May 3.—Still another woman has entered the mystery surrounding the matrimonial affairs of Helmuth Schmidt, the alien slayer, beneath whose former home here the police yesterday excavated and discovered the remains of Irma Pallatinus, a housekeeper, who apparently had been strangled. She is "Mrs. Helmuth Schmidt," of Chicago, who asked the authorities for a picture of the man, who she believes is the same to whom she was married in 1916 and who, she alleges, robbed her of \$2,000 and deserted her.

With appearance in the case of the Chicago woman there are four women, not including the 17-year-old daughter, who may claim the estate of Schmidt, who has been more than \$15,000. One of these, the widow, Mrs. Tietz-Schmidt, was held by the police at the time of her husband's arrest and later released. A third is Mrs. Adele Ulrich Braun, who came from New York to claim part of the estate, alleging that Schmidt to whom she was married in Lakewood, N. J., where Schmidt was known as Braun, robbed her of \$2,500 and deserted her. The other is Johna Swift, of New York.

With the identification of the body of the Pallatinus woman late yesterday the police now attribute the deaths of Schmidt's Augustus Steinbach, whose body he confessed to having dismembered and burned, having swallowed poison when he refused to marry her. Renewed search is being made for Margaret Darsch and Mrs. Anita Schmidt, two others said to have married the man in New Jersey and who suddenly disappeared.

# Community Singing in Steele School Appealed

Last night was memorable in the upper end of the city for a remarkable community singing gathering in the Steele school building, where the huge auditorium was filled to the limit with scholars from this school, Camp Curtin and a number of churches in the neighborhood. It was the first experiment in this new venture and no such rousing song-fest has been heard. The affair was being made for Margaret Darsch and Mrs. Anita Schmidt, two others said to have married the man in New Jersey and who suddenly disappeared.

Letters issued.—Letters of administration on the estate of Solomon C. Buck, late of Penbrook, were issued to-day by Register Danner to the widow, Catherine A. Buck.

as well there has been a further improvement of the entente position, the French gaining ground in local fighting the past few days.

# Hun Artillery in Action

The German artillery seems to have turned its attention chiefly to the southern side of the Flanders salient and last night was bombarding the region along the fifteen-mile line between Givency and Nieppe wood. In several thrusts at this front previously the enemy has been repulsed, but a substantial headway with the British line supported as they are by the barrier of LaBassee Canal and backed up by the commanding positions behind Bethune.

Flanders and Picardy, and the Arras salient between, continue quiet and the Germans have given no sign of where the next blow will be when it will come. The present line in the fighting now exceeded three days and there has been less minor activity than during the previous break in heavy fighting in Flanders.

# Artillery Contingent Fire

In Flanders there has been no activity except by the artillery, while on the British portion of the Picardy battle front a German raid near Hibernie, north of Albert, has been repulsed. South of the Somme the enemy artillery is bombarding violently the Villers-Bretonneux region.

# Other Fronts Quiet

Elsewhere on the western front in Northern Italy and in Macedonia there has been little activity. In Italy the rains have ceased and the weather has improved, but the fighting operations still are confined to control engagements. In Palestine the British have reoccupied Es Salt, east of the Jordan and northeast of Jericho. More than 300 prisoners were taken and the advance continued in the country for a good used car.

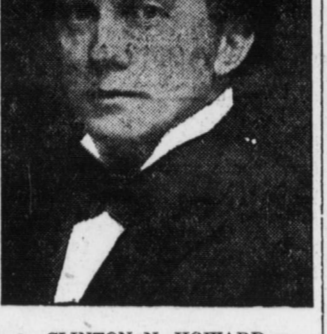

# Germany and Austria Hungary

Germany and Austria Hungary apparently are meeting with difficulties in opposing the peoples of the occupied Russian territories and as a result there is grave uneasiness in Germany. The Ukrainian government has been overthrown by a new government, presumably favorable to the central empires, has taken the reins of power. Berlin reports the occupation of Sebastopol, the great Russian fortress and naval base in the Crimea, but gives no details.

## New York Banker Shouts the Truth That Is to Bring Kaiser to Knees

CLINTON N. HOWARD

Clinton N. Howard, of Rochester, a former resident, will talk on "Execution of John Barleycorn" at a mass meeting to be held in the Chestnut street auditorium Sunday afternoon at 4 o'clock. The meeting is being held under the auspices of the Ratification Committee of Dauphin County and the Dry Federation.

Mr. Howard is one of the most widely known temperance speakers in the country and is commonly known as "The Little Giant." During the past four years he has talked in thirty-five different states on War Work, Red Cross, Y. M. C. A. and all progressive work.

Billy Sunday recently voiced his opinion of Howard as being "the one man I could listen to by the hour and never grow tired." The speaker is well known in Harrisburg, having been here here. He has frequently visited relatives in this city. A brother of Mr. Howard's is serving as a missionary in Africa.

# Big Spirit of Allied Armies Will Beat Hun

## New York Banker Shouts the Truth That Is to Bring Kaiser to Knees

"It is the spirit of fraternity that is going to make the allied armies win this war," declared Franklin D. Kirkbride, a New York banker, addressing a luncheon held in the Central Y. M. C. A. building this noon. The conference was held for the purpose of stimulating recruiting of Y. M. C. A. secretaries for overseas service. Mr. Kirkbride was a member of the Overseas commission appointed by the National War Work Council to inspect the service of the Y. M. C. A. throughout France. He described vividly the work of the Y. M. C. A. secretary and told of his own trip to the front.

Mr. Kirkbride told a story of a poilu who came into the compartment occupied by himself and associates in a French train; how a French officer came in and treated the poilu as his equal, offering him cigarettes and lighting a cigarette for him.

# Wm. Evans Found Guilty of First Degree Murder

William Evans, colored, was the second of the four defendants charged with murder to be convicted in the first degree, the jury returning a verdict yesterday afternoon at 8 o'clock last night. Four days have been allowed by Judge A. W. Johnson in which attorneys for Evans may file a motion for a new trial.

The trial of Andrew Cary, colored, also charged with murder, is the next one which District Attorney Michael E. Stroup will start this week.

# EASY TO DARKEN YOUR GRAY HAIR

## You can Bring Back Color and Lustre with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

# How Our Boys Won Their First Battle in France

"To teach the Americans a lesson," was one purpose of the German attack northwest of Toul on April 20th, so the German prisoners say, but the only lesson connected with the engagement as far as observant editors can see, is that the Yankees can meet about three times their number of German "shock troops" and send them back to their trenches pretty heavily depleted. The German blow was delivered against the junction of the French and American lines by special Saxon "storm troops"—the only first-class units, according to a French authority, east of the Picardy battlefield. Outnumbered enormously, their lines swept by a hurricane of poison-gas and high-explosive shells, Pershing's men exacted a price for every inch of ground they yielded and ultimately recaptured by the fiercest kind of hand-to-hand fighting, all they had lost.

Harrisburg for recruiting big men for Y. M. C. A. service in France." "We need 1,200 men per month for the next three months," he said. "The Eastern Department should furnish a third of this number. Pennsylvania is asked to contribute 130 men and Harrisburg fifteen men. We want big men, friendly men, with the smile that won't come off."

Following the address by Mr. Kirkbride, Lewis E. Hawkins, Personnel secretary of the Eastern Department, National Y. M. C. A. War Work Council, spoke on the need for secretaries in France. "Hundreds are needed every month and we must get them over," he declared.
