# IF KIDNEYS HURT

Says a tablespoonful of Salts flushes Kidneys, stopping Backache.

Meat forms Uric Acid, which excites Kidneys and Weakens Bladder.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Like America

Everybody who could even stutter french put in his or her appearance and the Frenchmen were swarmed to the total tonnage, 667,896, has been delivered, and the monthly totals have shown a steady increase.

Most of the ships delivered were requisitioned on the ways or in contract form when the United States entered the war. Virtually all are of steel construction. None of the ships of the great wood program has been delivered, although forty-six have been launched, due to delay in obtaining boilers and other machinery.

The first completed wood ship built in contract for the government now is undergoing speed trials off the Pacific coast. Deliveries of ships made last week were made at Seattle, Sparrows Point, Md.; Chicago, Ecorse, Mich.; Gloucester, N. J.; Wilmington, Del., and New York.

Club.

Like America

Everybody who could even stutter Frenchmen were swarmed to tell their individual tales of battle. The most popular phrase was "S'il ous plait," and one lady worked it so often that she became identified with that term.

A squad of the visitors who were shy of some clothing wandered into Dives, Pomeroy and Stewarts and caused a miniature riot among the proper way to show her emotion was to bestow a kiss and suggested it, whereas sixteen Blue Devils nearly capsized the lace counter to respond.

The first completed wood ship built in contract for the government now is undergoing speed trials off the Pacific coast. Deliveries of ships made last week were made at Seatile, Sparrows Point, Md.; Chicago, Ecorse, Mich.; Gloucester, N. J.; Wilmington, Del., and New York.
