

ALL NEWS OF THE RAILROADS

SILK STEALING MAKES TROUBLE

Heavy Losses Reported by Eastern Districts; Nothing Doing Here, Says Captain

Captain Paul L. Barclay, of the Philadelphia Division police force, reports that there have been no thefts on his division for a long time. He has 168 officers at work daily, and a close watch is being kept on all cars. In the east a series of silk thefts have been reported. The Philadelphia Ledger says: "Silk thieves working in organized bands throughout the New York and New Jersey industrial districts have become so bold and so successful that the railroads have laid an embargo on shipments of silk, declining any longer to accept responsibility for freight they are not able to protect."

Merchants' Association reveals that silk has been the prey of thieves all over the country, owing to its greatly increased value, and that most of the robberies have occurred in the New Jersey and Connecticut sections of the metropolitan district.

Don't Blame "Spring Fever" For That "Down-and-out Feeling"

Your Blood Needs a Thorough Cleaning Just Now

As spring approaches, the impurities that have been accumulating in the system throughout the winter begin to clog up the circulation, causing a general weakness and debilitated condition that is generally known as "spring fever." The first symptoms are usually a loss of appetite, followed by a gradually lessening of energy, the system becomes weaker day by day, until you feel yourself on the verge of a breakdown. Children just at the season are nervous and irritable, and become puny and lifeless. This whole condition is but the result of impurities in the blood that have been accumulating and making themselves felt more dis-

Standing of the Crews

HARRISBURG SIDE Philadelphia Division - The 131 crew first to go after 1 o'clock: 124, 132, 110, 102, 127. Engineers for 127, 133. Firemen for 123, 125, 126, 127, 128, 129, 130, 131. Rutherford Y. M. C. A. to Hold a Big Reception

A reception to the 450 new members of the Rutherford Y. M. C. A. will be held to-morrow evening at 8 o'clock in the association building, 300 N. Broad street. The new members are C. H. Dressman, state Y. M. C. A. secretary, will be the principal speaker. Music will be furnished by a Harrisburg orchestra. The entire Y. M. C. A. will be guests to-morrow evening, with the Motive Power Department, which secured the most members in the drive, and the new members as the special guests of honor.

WOMEN TO JOIN IN SAFE, GENTLE REMEDY CLEANSES YOUR KIDNEYS

For centuries GOLD MEDAL Haarlem Oil has been a standard household remedy for kidney, liver, bladder and stomach trouble, and all diseases connected with the urinary organs. The kidneys and bladder are the most important organs of the body. They are the filters, the purifiers of your blood. If the poisons which enter your system through the blood and stomach are not entirely thrown out by the kidneys and bladder you are doomed. Weariness, sleeplessness, nervousness, dizziness, headache, stomach trouble, backache, pain in the joints and lower abdomen, gravel-stones, gravel, difficulty in urinating, sciatica and lamboago, all warn you to look after your kidneys and bladder. GOLD MEDAL Haarlem Oil Capsules are what you need. They are not a "patent medicine," nor a "new discovery." For 200 years

Railroad Clerks Protest Wage Adjustments

New Haven, Conn., May 15.—Protests against the wage adjustments of the Federal wage board as recommended to Director General McAdoo have been made by the New England lodges of the Brotherhood of Railroad Clerks, it was stated yesterday. R. G. Stearns, chairman for the brotherhood of the New England lodges of the Brotherhood of Railroad Clerks, it was stated yesterday. R. G. Stearns, chairman for the brotherhood of the New England lodges of the Brotherhood of Railroad Clerks, it was stated yesterday. R. G. Stearns, chairman for the brotherhood of the New England lodges of the Brotherhood of Railroad Clerks, it was stated yesterday.

Busy Days on Reading; Rutherford Yards Lead

These are busy days on the Reading Railway, and the crews are making all the time they care to. During the forty-eight hours ending at midnight Sunday, the reports show that the trainmen handled on the Reading and Harrisburg divisions 37,357 cars. The bulk of the carload freight on the Lebanon Valley was bituminous coal. The number of tons of anthracite handled during the same period was 2,512 cars.

Women Make Good, but They Always Get Married

Philadelphia, May 15.—Women working on the railroads would prove the best thing that ever happened to the men who get married. Walter Thayer, general coal freight agent of the Pennsylvania Railroad, speaking yesterday before the Reading and Harrisburg divisions of Credit Men at its luncheon at the Adelphi, said that out of the 7,000 women now employed by the company on its lines, only 2,000 are married. "But they don't stick long enough," he said. "The railroads are in the habit of promoting women in the ranks who have made good. If women don't remain on the jobs long enough, the railroads will have a hard time finding employees suited for the heavy jobs that are being thrown open daily."

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which, if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body. If you want to see the glow of healthy bloom in your cheeks, to see your skin clear and clean, to see you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before

SAFE, GENTLE REMEDY CLEANSES YOUR KIDNEYS

putting more food into the stomach. Girls and women with sallowness, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, itches where the head is covered with headches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks. A quarter pound of limestone phosphate costs very little at the drug store, but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always remember that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do. Women who desire to enhance the beauty of their complexions should begin this for a week and notice results.

Cardinal Exhorts Knights of Columbus to Keep U. S. Safe From Russ Example

Boston, May 15.—"Americans must keep America safe so that what happened in Russia cannot happen here," said Cardinal O'Connell, addressing the annual convention of the state council, Knights of Columbus, here yesterday. The cardinal said that rampant capitalism has gone forever in Europe and America. "If this war has done nothing but open the eyes of the people to their own rights, then the blood of millions has not been spilled in vain."

WOMEN TO JOIN IN SAFE, GENTLE REMEDY CLEANSES YOUR KIDNEYS

All women relatives of Pennsylvania Railroad employees are being invited by Mrs. N. S. Longaker, chief of the Pennsylvania Railroad Women's Relief, to march in the big Women's parade on Saturday afternoon as members of the Pennsylvania Railroad Women's War Relief division. Those intending to do so should notify Mrs. Gordon Smith, Bell phone 1372-W.

STEELTON NEWS ITEMS

AID TEAMS IN BIG MEET HERE

Preliminary Event of Steel Plant Teams to be Held on Cottage Hill Five hundred employees of the Steelton, Lebanon and Reading plants of the Bethlehem Steel Corporation will participate in the first-aid meet to be held on Cottage Hill athletic field August 17. This meet is a preliminary to taking part in the fourth annual meet of teams from every plant of the Corporation, to be held at Bethlehem on August 31. The preliminary meet will be the largest event of activities at the local plant since purchased by Bethlehem interests. Each of the three plants will be represented by a large number of teams, bands and workmen of the plants interested in the affair.

Red Cross Officers Planning For Parade

Head dressings for women who will participate in the Red Cross parade on Friday evening were made at the headquarters to-day. Officers of the chapter said at noon that at least 1,500 members of the Junior Red Cross organization, 300 members of the chapter, representatives of the High Priests and Cumber Heights Auxiliaries and a large squad of Boy Scouts would parade on Friday evening. Plans for the demonstration in the interest of the Red Cross War Fund campaign are in charge of the finance committee of the chapter.

Get-together Meeting to Be Held Next Week

The "get-together" meeting of superintendents, foremen and safety committees of the local steel plant, which was to have been held at the High school auditorium to-morrow evening, has been postponed until next week, according to an announcement made at the office of the local Red Cross chapter to-day. The reason for the postponement was not announced. The day on which the meeting is to be held will be announced later.

Will Make Repairs to Main Borough Highway

Repairs to Front street below the wooden blocks will be started at once by Government authorities at Middletown, it was learned to-day. Government authorities this morning were granted permission by the steel company officials to use cinders from the plant cinder dump in making these repairs. With the kind cinders Government authorities expect to use the street will be placed in good shape.

Visiting Nurse Will Be at Home School Daily

Announcement was made by Mrs. J. M. Heagy, president of the Civic Club, this morning that Miss Winslow, visiting nurse for the club, will be at the home school in Walnut street each evening between 4 and 5 o'clock. Miss Winslow recently assumed her duties as visiting nurse and expects in the very near future to carry on her general investigation of conditions in the borough. Miss Winslow at present is making an investigation of housing conditions.

Speakers at 'Dry' Meetings Are Warmly Welcomed; Prohibition Is Urged

Addresses bristling with "dry" enthusiasm were delivered last evening at the Oberlin and Enghaut meetings, initial meetings, in a pre-primary session for the Dutch county of the County Dry Ratification Committee. All of the speakers were urged in their advice to the voters that they support only candidates pledged to the cause at the approaching primaries. At the Enghaut meeting, held for both Enghaut and Bressler, the principal speakers were John F. Olmsted, of Harrisburg, and C. W. McCoy and the Rev. H. A. Sawyer, as plants for the Republican and Democratic nominations at Second district candidate for the House of Representatives. The Rev. H. H. Rupp and W. H. Keil, both of Steelton, were the speakers at Oberlin.

WOMAN WORKS 15 HOURS A DAY

Marvelous Story of Woman's Change from Weakness to Strength by Taking Druggist's Advice. Peru, Ind.—"I suffered from a displacement with backache and dragging down pains so badly that at times I could not be on my feet and my work was a mere torment. As though I could stand it, I tried different medicines without any benefit and several doctors told me nothing but an operation would do me any good. My druggist told me of Lydia's Vegetable Compound. I took it with the result that I am now well and strong. I get up in the morning at four o'clock, do my housework, then go to a factory and work all day, come home, get supper and feel good. I don't know how many of my friends I have told what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. Anna Meteriano, 36 West 10th St., Peru, Ind. Women who suffer from any such ailments should not fail to try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

Alkali in Soap Bad For the Hair

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is just ordinary mulished coconut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use. One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes the abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and easy to manage. You can get mulished coconut oil at any pharmacy. It is very cheap and a few ounces will supply every member of the family for months.
