Help Relieve Their Agony

IMAGINE the dangers our boys face while we are safe; the hardships they endure while we have ease; the pain they suffer—then remember that it is the faithful work of the Red Cross that makes these trials lighter for our soldiers and our allies. The Red Cross feeds and cares for thousands stricken by the untold barbarity of the despicable Hun.

Give—of course you're giving—but give *more*; give so that this comforting work can be pushed harder when and where it is needed most. Don't wait—think of *your* injured and what you would do to help them. It is more than mere duty.

Give to Save Their Lives
