ed president of the club, will have the principal part. Miss Peake has considerable ability along this line of work. She was one of the girls selected for the junior girls' contest of Central High school. The sketch deals with a group of boarding school girls giving a midnight fudge party. Miss Lillian Koster, as Mad-moiselle Dupre, the charming young French teacher, helps the girls solve their difficulties. Miss Katherine Handshaw, as Elizabeth May, in whose room the party takes place, keeps up the spirits of the whole party with her wit-ticism. Miss Mildred Burkholder is very realistic in her role of Pauline, the "Grind." The excitable junior twins, Rita and Nita, Miss Helen Notestine and Miss Elizabeth Knepp are sure to keep the audience in cof-stant laughter. Miss Marion Martz, graduáte of Central High school, and National School of Elocution, Philadelphia, is training the girls for the play. The proceeds will be used to send dele-gates to the summer conference of High school girls from Penasylva-nia, Delaware, Maryland and District of Columbia, at Camp Nepahwin, Canton, Pa. Canton, Pa. Turn to Music as a Solace 'Till He Returns from "Over There"

Music will ease the aching heart and recall the happier days of peace. Music is what you need to while away the lonely evenings until he comes back. Not an imitation of music but real music-music actually Re-Created as is possible only with

This is the marvelous instrument which Re-Creates the singer's voice with such fidelity that no human ear can detect the artist from the New Edison. Before audiences totaling more than 2,000,000 people, great' artists-stars of the Metropolitan Operahave sung in direct comparison with the instrument and challenged the listeners to distinguish a shade of difference. And not one listener has been able to tell when it was the living voice he heard and when the Re-Creation.

More than 1500 music critics-the most confirmed of skepticshave been forced to admit that Thomas A. Edison has finally achieved what was believed to be impossible-Music's Re-Creation. Come into our store-listen to a demonstration-then tell us vour verdict.
