

SPECIAL POLICE ARE NUMEROUS

Compilation Being Made at the Adjutant General's Department on Returns

Compilation of the strength of the police forces, special policemen, home defense units and committees of safety, municipal and local, is now being made at the adjutant general's department from reports filed with the officers by mayors and burgesses and secretary of public safety committees. It is expected that when the list is finished that it will show thousands of men in police service and thousands more men in the defense organizations. It is believed that there are committees of safety in every county which are in touch with men willing to respond to calls.

Some of the data furnished was not specific and pending furnishing of more detail the tabulation is delayed. Commissions are being sent out to scores of additional volunteer state policemen who are being commissioned for the period of the war. There are now between 7,000 and 8,000 of such policemen it is believed. Many of them are men of military experience.

Certificates Filed—Certificates of notification covering issuance of thousands of dollars of bonds have been filed at the Public Service Commission office by power companies in Pennsylvania. Among them were Pennsylvania Utilities Co., Easton, notes \$110,000; Lehigh Valley Transit Company, bonds, \$58,000; Susquehanna Water Company, Reading, common stock, \$88,100; Northern Cambria Railway Company, bonds, \$250,000, common stock, \$250,000; Pennsylvania Power Company, Elwood City, bonds, \$9,000; Norristown Insurance and Water Company, Norristown, common stock, \$60,000.

Capitol Closed—The State Capitol was closed except for the State Health and Police Departments today because of the primary. It was closed as completely as for a general election day.

Twenty Vacancies—State police headquarters to-day announced that there were twenty vacancies on the state force and that eight men had been taken from the four troops through operation of the draft. Under the latest order, which reached here yesterday men in the force on May 18 will be given deferred classification if within the draft limit. The police will enlist men within the draft age if they are in deferred classes and able to pass the physical examination, but for the twenty vacancies there are wanted men between thirty and thirty-five or up to forty, if they are active enough.

Preparing Schedules—Preparation of the train schedules for the movement of the drafted men will go on in the five-day period commencing May 29, is under way by the railroad officials in charge of such move-

TEUTONS LOSE PRESTIGE AS AIR LEADERS IN WAR

Germans Start to Fly in Great Flocks and at Great Height

With the American Army in France, May 21.—Control of the air no longer belongs to the Germans along the Toul sector. Aerial activity there seems to be increasing daily, but the Germans are not permitted to prowl about freely.

Two hostile airplanes have been brought down by American aviators, an official announcement issued at American headquarters said last evening.

Fighting American airmen have looked wings with the enemy, and to-day the tally of machines brought down is overwhelmingly in their favor. In fact, they have had such good fortune that they are wondering whether it can keep up without change. They are not passing by a single chance to get at the enemy.

The German airmen have started to fly in flocks at a great height. Early yesterday morning five of them came over together at 6,000 meters (about three and two-third miles), 2,000 (6,500 feet) above the ordinary fire of the "Archies." The alarm was given promptly, but as soon as the Germans saw five American pursuit planes climbing to meet them they turned and started home rapidly.

Flies Speed Far Into Germany—More German squadrons have made their appearance opposite the American sector, but to the Americans the increased number simply means that many more chances of adding notches to their machine guns. While the enemy has increased the number of his fliers, his airmen in turn have increased their caution.

Only seldom does a Boche venture far within the American lines. When he does he usually takes advantage of the clouds and flies so high he can get home before it is possible for our aviators to ascend to his altitude. On the other hand, our fliers often penetrate Germany for a great distance.

ments, and will be announced the end of the week. According to reports to state draft headquarters local draft boards are rapidly getting their men ready to move under the schedule starting May 25. Members of local an district boards have been informed that "The letter distinctions in Class I are not to be considered and make no difference whatsoever in the order of liability for military service," and where that has been done the action must be revised.

STEEL TON MANY SUBSCRIBE TO SECOND FUND

Solicitors Report Good Results in First Day's Canvass

With the assignment of 225 names of residents to each of the five Red Cross War Fund teams at the noon luncheon yesterday, Steelton started on its drive for \$20,000 in contributions to the second war fund campaign.

To-day found members of each team diligently canvassing the town for subscriptions and some good reports are expected at the noon luncheon to-morrow. Up to this time there has not been any large subscriptions reported. The reports at the beginning of the campaign are not expected to be very high as many of the team captains are holding out to run the total subscriptions up near the close of the drive.

"Steelton's Red Cross parade on Friday evening did not cost the public a cent," W. H. Nell, chairman of the finance committee said to-day. The amount of money which would have been expended in paying the expenses for the demonstration will likely be turned over to the war fund, it was learned this morning. This borough has come to the place where demonstrations can be held without the expenditure of a large amount of money, a committee man said to-day. The way this will be done is easily explained, the committee man continued. Steelton Band is willing to play for Steelton at any time; Highspire Band feels the same and all other organizations will work for a good cause without compensation.

Following Friday's parade, officers of the Steelton Band announced that no compensation was necessary; the Highspire Band gave a similar report to the Highspire Red Cross auxiliary and the First Cornet Band gave its services without charge.

Red Cross banners were mounted by members of the manual training class at the local schools, thereby eliminating expense to the Red Cross. These staves have been placed in storage and can be used when needed.

Pumping Station Workmen Strike For Wage Increase

Ten employees at the borough pumping station refused to report to work at 8 o'clock in the afternoon and give borough officials time to settle matters. Oliver P. Baskin, superintendent of the water department said to-day that a readjustment in the wage scale is being considered and the employees are working until some definite action is taken by the board. "When an announcement would be made of the board's action," Mr. Baskin said he did not know.

CAR BREAKS LOOSE

Breaking loose from the trestle at No. 3, 4, and 5 blast furnaces at the local steel plant yesterday, a draft of cars ran amuck through the yards a distance of a half a mile and crashed into a train of empty cars completely demolishing three cars. The wreckage is being cleared away to-day.

Few Votes Cast at Local Polls During the Morning

Election board members in several of the largest precincts reported this morning that few votes had been cast up to noon. In one precinct in the third ward, where there are about 700 voters, there were only twenty-seven votes cast up to 10 o'clock. In another precinct there were fifteen votes cast in three hours. Board members are of the opinion that most of the votes at this election will be cast after 4 o'clock this afternoon.

Associated Charities Elect an Investigator

Miss Georgia Winslip was elected as agent for the Associated Charities in Steelton after acting in that capacity for several weeks it was announced at the meeting of the executive committee last night. A call has been sent out for clothing for boys of 6 to 10 years of age. During the last few weeks a number of requests have been received at the Charities headquarters for these articles and the supply is exhausted.

DRILL POSTPONED

The weekly drill of the Steelton Reserves has been postponed until the next one will be held May 28 on the Cottage Hill athletic field.

BIRTH ANNOUNCEMENT

Mr. and Mrs. H. B. Stauffer of Oberlin, announce the birth of a daughter, Margaret Amelia Stauffer, on Sunday, May 19, 1918.

Lufbery Lost Life in Trying to Bring Down a New German Air Monster

Paris, May 21.—It was while trying to bring down a new German giant of the air that Major Lufbery, the American aviator, lost his life. He had asked the chance at the Toul foe—a Boche flying tank—after comrades had found their attacks futile. In the morning a giant plane appeared over the American airwaves. It was moving slowly. Two Americans started after it and two others followed. At a height of about 2,500 meters the Americans found themselves face to face with a giant German plane with a wingspread of sixty feet, carrying a pilot and two gunners, and driven by two engines. The gunners wore armor and occupied protected positions. Each manned a heavy machine gun. In vain, the American fighters sent streams of bullets against the new enemy. Other Americans joined in the attack and the scene in full view for many miles, looked like a lot of swallows pecking at a giant bird of prey. Lufbery asked permission to try against the monster machine and it was given him.

41 NAMES ON LIST OF WAR FRONT HEROES

Three Killed; Ten Give Their Lives Through Wounds, Accident or Disease

Washington, May 21.—The casualty list to-day contained forty-one names, divided as follows: Killed in action, 3; died of wounds, 1; died of accidents, 7; died of disease, 2; wounded severely, 18; wounded slightly, 8; missing in action, 2.

Wounded slightly: Mechanic Harry W. Lutz, Chicago; Privates John F. Hyman, Whitaker, Pa.; William P. Warner, Allentown, Pa.

Note: Total number of deaths previously reported from disease should be reduced by two on account of repetition.

Address on Writings of German Philosopher

The Rev. J. Bradley Markward, pastor of the Bethlehem Lutheran Church, Harrisburg, spoke this afternoon at the last meeting of the Civic Club before the summer recess held in the Trinity-Episcopal Church parish house. He spoke on "The Prophet of the Mailed Fist," giving an extensive discussion of the writings and activities of Nietzsche, a noted German philosopher.

POLES-STEVENSON WEDDING

Announcement was made to-day of the wedding of George Poles, Shenandoah, and Miss Bessie E. Stevenson, 213 North Second street, at Shenandoah on Sunday. They arrived in the borough to-day and will reside with the bride's parents, Mr. and Mrs. Charles Stevenson.

STRUCK BY BRICK

Robert Shay, South Second street, suffered slight scalp injuries yesterday when he was struck by a brick which fell from the frog shop oil house at the local steel plant, where he was working.

King Alphonso of Spain

is said to be the best-dressed man in the world.

We believe we enjoy the patronage of the best-dressed men in Harrisburg.

We have always made but one quality clothes—the best.

Our long experience enables us to offer you something more than mere tailoring—the finest materials, the finest workmanship, and individuality.

Right Makes Might

In Battle or in Business Right Makes Might —If a thing is not right it is wrong — Whether in battle or in business, and between right and and wrong is

"No Man's Land"

The reason for DOUTRICH leadership—its might in business — lies in its unchanging principle, "Always Reliable," its high standard of merchandise and service.

Hart Schaffner & Marx Kuppenheimer Clothes

Come under that heading, they are the standard clothes of careful dressers all over the United States. They are quality clothes now as always; thoroughly dependable — This is true of everything we sell, and it will continue to be so regardless of the "tales" and "apologies" you hear about lower grade goods.

You can't afford to buy cheap clothing these days — Your own intelligence will convince you that cheap clothing has almost doubled in price and that means you are getting less for your money in "cheap clothes" than ever before because you are paying more in proportion than you are for the "better" grade clothing former ten and twelve dollar stores are selling suits at twenty and twenty-five dollars. So you see a little care in your clothing purchases and the store you choose will help you economize — Good clothes will last longer.

Miller Tires
UNIFORM MILEAGE
GUARANTEED TO THE ROAD
"If ever one comes back, I am penalized"

99 in 100 Miller Tires Outrun Standard Guarantees

EVEN tires made side by side in the same factory differ in mileage enormously. If you get a "lucky tire" it may run between 5,000 and 10,000 miles. The next may fail under 1,000.

Not so with Miller. By riding tires of "human variables" 99 in 100 wear practically uniform under like conditions. Today less than one per cent ever call for adjustment. Tens of thousands of records furnish conclusive proof. Get a set today. Try them on opposite wheels. After that test of uniformity you'll never again trust to luck.
