

CITY ADDS 50 PER CENT. TO QUOTA SET FOR RED CROSS

FLOOD OF GOLD SENDS CITY FAR OVER TOP WITH A BIG SURPLUS

Quota Exceeded by Nearly a Hundred Thousand Dollars With Many Smaller Units to Be Heard From

CITY'S HEART WAS TOUCHED BY APPEAL

All Previous Records For War Campaigns Broken When Dollar After Dollar Is Given For Humanity

The Harrisburg district up to noon to-day had contributed \$228,259.19 to the Red Cross fund now being raised.

The quota asked by the national body of the Red Cross was \$150,000 and the local committee decided to ask for \$200,000, in order to be able to keep \$50,000 in Harrisburg with which to finance the local chapter for the coming year.

The figures given herewith were reported at the closing luncheon of the campaign to-day in Chestnut street hall. W. T. Hildrup, chairman, presided and was heartily congratulated at its close, as were the hundreds who helped to make the big movement a success.

The totals reported were as follows: North Division—\$64,097.02; South Division—\$28,057.18; Industrial Committee—\$30,000; Executive Committee—\$72,980; Auxiliaries—\$30,500; Booths—\$2,624.99.

Not nearly all of the figures were available for reporting at the luncheon and large sums remain to be received from the Pennsylvania Railroad and other sources. It is believed that at least \$5,000 more will come in before the end of the day.

The closing luncheon was marked by tremendous enthusiasm and great rivalry between the various teams. The campaigners cheered and sang and at the conclusion of the meeting joined in cheering and congratulating the various leaders.

Many Willing Workers There were many willing workers during the week and these were discussed on page 17.

STATE GIVES \$2,662,842 Washington, May 23.—Reports to Red Cross headquarters to-day told of total contributions of \$2,150,236 in the drive for a second \$100,000,000 Red Cross war fund. The Pennsylvania division contributed \$2,662,842.

Come Across With That Quarter You Don't Really need tonight; Put It Into a War Stamp

THE WEATHER

For Harrisburg and vicinity: Fair to-night and Friday; cooler to-night, with lowest temperature about 50 degrees. For Eastern Pennsylvania: Partly cloudy and cooler to-night; Friday fair, gentle to moderate northwest winds. River The Juniata will remain nearly stationary. The North and West branches will rise as a result of general showers in the last twenty-four hours. The main river will continue to rise slowly. A stage of about 6.3 feet is indicated for Harrisburg Friday morning. Temperature: 9 a. m., 66. Sun: Rises, 5:30 a. m.; sets, 8:24 p. m. Noon: Full moon, May 25. River Stage: 6.3 feet above low-water mark. Yesterday's Weather Highest temperature, 81. Lowest temperature, 64. Mean temperature, 73. Normal temperature, 64.

ALL MEN OF DRAFT AGE MUST GET WAR JOBS OR GO TO WAR

New Selective Service Regulation Decides Workmen Between 21 and 31 May Not Remain in Industries Not Essential to Military Service

DISREGARD DEFERRED CLASSIFICATIONS

Draft Boards to Give Country's Manhood Choice of Getting New Jobs or Entering the Army; Plan to Bring Workers to Country's Aid

Washington, May 23.—Every man of draft age must work or fight after July 1, under a drastic amendment to the selective service regulations announced to-day by Provost Marshal General Crowder.

Not only idlers, but all draft registrants engaged in what are held to be nonuseful occupations are to be halted before local boards and given the choice of a new job or the Army.

Gamblers, race track and bucket-shop attendants and fortune tellers head the list, but those who will be reached by the new regulations also include waiters and bartenders, theater ushers and attendants, passenger elevator operators and other attendants of clubs, hotels, stores, etc., domestic and clerks in stores.

Deferred classification granted on account of dependants will be disregarded entirely in applying the rule. A man may be at the bottom of Class One, or even in Class Four, but if he falls within the regulations and refuses to take useful employment, he will be given a new number in Class One that will send him into the military service forthwith.

Local boards are authorized to use discretion only where they find that enforced change of employment

What New Draft Regulations Mean

Hundreds of men in Harrisburg who have jobs within the long list enumerated by the Provost Marshal General will have to get places with the big munitions plants, with industries essential to the winning of the war, shipbuilding yards, transportation agencies and the like.

Whatever classification may have been secured by the registrant will not exempt from the new ruling. A man in Class IV must change his job just the same as the man in Class I. Employment agencies of the big plants and corporations here who are classed as "contributing to the general good" to-day announced they are ready to offer jobs to men affected.

would result in disproportionate hardship upon his dependants. It had been known for some time that some form of "work or fight" plan had been submitted to President Wilson, but there had been no intimation that it was so far reaching in scope. Both the military officers and Department of Labor officials believe it will go a long way to solving the labor problem for farmers, shipbuilders and munition makers, and will end for the present at least talk of conscription of labor.

The announcement to-day gives a notice signifying that the list of nonuseful occupations will be extended from time to time, as necessity requires.

The statement of the provost marshal general follows: "Provost Marshal General Crowder to-day announced an amendment to the selective service regulations which deals with the great question of requiring men not engaged in a useful occupation, to immediately apply themselves to some form of labor, contributing to the general good. The idler, too, will find himself confronted with the alternative of finding suitable employment, or entering the Army.

This regulation provides that after July 1 any registrant who is found by a local board to be a habitual idler, or not engaged in some useful occupation, shall be summoned

Bonniwell Vote Grows; Woodward Forges Ahead

Philadelphia—James F. Woodward, of Allegheny county, still has a slight lead in the race for the Republican nomination for Secretary of Internal Affairs over Paul D. Houck, of Schuylkill. Returns from 5,023 districts out of 7,039 in the state gave: Woodward, 173,844; Houck, 171,061.

For the Democratic gubernatorial nomination, 5,172 districts gave: Bonniwell, 62,762; Cuffey, 49,345.

Complete returns from twenty counties including Philadelphia, but not Allegheny for Democratic Lieutenant Governor gave: Loque, 24,059; Holstein, 20,312.

For the Republican gubernatorial nomination 6,025 districts gave: Spruill, 329,958; O'Neil, 128,423.

For Lieutenant Governor 5,466 districts gave: Beidleman, 201,150; Scott, 167,571.

Paris, May 23.—German aviators made another attack on Paris last night, and this time succeeded in reaching the city. Bombs were dropped at various places an official statement reports.

The casualties, so far as reported, are one dead and 12 injured. About 30 German airplanes attempted to reach Paris.

The explosion of one of the raiders' bombs killed a woman and injured a dozen people. A shell from a 75 millimeter defense gun fell through a roof and landed beside a cradle in which there was a sleeping infant. The missile failed to explode and the baby was not harmed.

Huns Expect Allied Aviators Will Level Rhine Cities

With the French Armies in France, May 23.—Germans captured by the French testify to the brilliant work of the Entente Allied aviators, who they believe will level the Rhine cities, which they declare their anti-aircraft defenses are insufficient to prevent the Allies visiting either day or night the Teuton camps, cantonnements, depots and airfields where, they say, enormous damage already has been done.

Other prisoners assert that Emperor William hesitated a long time before starting the offensive this year, but that General Ludendorff obtained the upper hand by promising to force a peace by beating the Allies by Easter. The Crown Prince, with the military caste in Germany, they say, succeeded in ejecting Rudolph Von Valentini from power after he had predicted a catastrophe for the German arms.

Eyre Wins Damage Suit Against Berry

West Chester, Pa., May 23.—Damages in the sum of one cent were awarded to-day to State Senator T. Larry Eyre, the Chester county Republican leader, in his slander suit against William H. Berry, Democrat, collector of customs at Philadelphia.

Senator Eyre said: "I am satisfied with the verdict. I did not want money; I wanted to be vindicated in the eyes of my fellow citizens."

The jury rendered a sealed verdict last night, which was opened when court convened to-day.

The proceeds grew out of a statement made by Berry on the stump in 1916 when Eyre was a candidate for senator. Berry accused Eyre of being implicated in the scandal attending the building and furnishing of the state capitol building at Harrisburg some years ago. Eyre denied the charge and sued Berry for \$50,000 damages.

Drop of 20 Cents a Ton in Price of Coal Is Urged

Washington, May 23.—Reduction of the price of coal about twenty cents a ton to the public was proposed to-day by Secretary Baker, of the railroad administration, as the proper course if railroads are required to pay much more for coal than they have paid under private operation.

BAKER ASKS BILLIONS MORE

Washington, May 23.—Additional estimates of \$1,500,000,000 for ordnance, ordnance stores and ordnance supplies during the next fiscal year were submitted to the House yesterday by Secretary Baker. Together with a request for authorization of \$7,118,562,466 more to be spent at the War Department's discretion for ordnance.

KULTUR!

[Continued on Page 9.]

German frightfulness again has been vented upon patients and workers in British hospitals behind the battle line in northern France. Some hundreds of patients and members of the hospital staffs were killed and wounded Sunday night by bombs dropped by German airplanes. Although one large American hospital was near the bombed area, it escaped damage. The captured captain of an enemy airplane which took part in the bombing of the hospitals said he did not see the Red Cross sign. He added, however, that if the British built their hospitals near the railway, they must expect to get them bombed.

THIRTY PLANES TAKE PART IN RAID ON PARIS

German Aviators Succeeded in Reaching City; Women Are Murdered

ARTILLERY FIRE SLACKENING ON AMERICAN FRONT

Pershing Reports No New Development Along U. S. Sectors

[Continued on Page 9.]

With the American Army in France, May 23.—A falling off in artillery firing on the American headquarters at 9 o'clock to-night. The statement reads: "The artillery activity has decreased."

AVIATRIX FLYING AT 71 MILES AN HOUR

Chicago—Miss Katherine Stinson, the aviatrix, started a flight from Chicago to New York with mail at 7 o'clock this morning. When she passed Cleveland she had been flying four hours and fifty-eight minutes at the rate of 71 (plus) miles an hour. At 1:25 p. m. Miss Stinson passed over Newburg, O., five miles south of Cleveland.

WOULD USE PRISONERS ON ROADS

Harrisburg—Governor Brumbaugh has asked Attorney General Brown for an opinion as to the method to be used to have prisoners work on roads during the war. The State Board of Public Charities has been arranging with counties, to have prisoners employed on county almshouse farms and owing to the shortage of labor it is proposed to have prisoners confined for minor offenses employed on roads.

BRITAIN HONORS U. S. ENGINEER

American Headquarters on the British Front—Colonel J. N. Hodges, of the American engineer corps, has been awarded the British distinguished service order in recognition of his services during the period from March 27 to April 3.

PERSHING REPORTS PILOT'S DEATH

Washington—General Pershing's communique, transmitted to-day to the War Department, reported that Lieut. Kurtz, an American pilot, had been killed accidentally within the American lines.

MARRIAGE LICENSES
