### Mayor Calls on Youths of 21 to Register For War

The three draft boards of the city have notified Mayor Keister that they will register the men who have attained the age of 21 before June 5, on that day. The mayor accordingly issued a proclamation last night ordering all such residents to register. All men falling under the ruling, who reside in the First, Third, Fourth, Fifth and Sixth Wards of the city must register with Local Board No. 1, situated in room "A" at the court house.

### DRYS WIN HOUSE FIGHT TO FORCE WILSON'S HAND

#### Food Bill, With Prohibition Rider, Passes Lower Congress 178 to 137

Washington, May 24.—The Administration food production bill, authorizing the Department of Agriculture to spend \$10,864,000 to increase production, was passed by the House late yesterday with a provision stipulating that the principal appropriation of \$6,100,000 for the expenses of county agents shall not be available unless the President issues a proclamation forbidding the use of foods for the manufacture of liquor in any form.

Prohibition advocates won their fight by a vote of 177 to 133, sustaining the tentative vote taken Tuesday. They now are preparing to campaign for the provision in the Senate.

The measure also carries a rider prohibiting the use of funds to pay salaries of men of draft age who have been given deferred military classification on the ground that they are employed in the Department of Agriculture in indispensable work.

The dry amendment was fostered by Representative Randall of California, prohibitionist. Its opponents argued vainly against any attempt to coerce the President, and insisted that such action would not hurt the President into exercising his authority to prohibit the manufacture of liquor during the war.

Republican members succeeded in inserting an amendment to itemize all of the appropriations after conferring for it for several days. An appropriation of \$500,000 for use of the Department of Agriculture to mobilize farm labor was stricken out.

Among the items contained in the bill are: For the prevention and eradication of diseases of livestock, \$1,058,975; for procuring seeds to sell to farmers at cost, \$2,500,000; for the prevention and eradication of plant disease, \$311,000; for increasing food production, eliminating waste and promoting conservation by educational and demonstrational methods through county, district and urban agents, \$6,100,000.

Washington, May 24.—Prohibition forces in Congress laid plans to-day to obtain Senate approval of an amendment to the food production bill withholding the main appropriation of \$6,100,000 unless President Wilson issues a proclamation forbidding the use of foodstuffs in the manufacture of liquors.

Another rider to the bill as passed by the House provides that none of the appropriation shall be available for salaries of men of draft age employed by the Department of Agriculture, who have been given deferred classification because of their work.

The whole trend of the debate was against arbitrary powers of the President, many Democrats voicing the expression that Congress must not lose its voice in the affairs of the nation. The President now faces the alternative of making the country "dry" for the period of the war or of rendering the food administration well nigh helpless. He must take his stand with the great body of food conservationists or come out flat-footed as voting "wet." Congress and the people appear to be "dry" and it is against the President will no longer withhold his approval of the prohibitory law.

### ITALIAN FLAGS FLY OVER CITY

(Continued from First Page.)

Mayor Keister and several other city officials are expected to be in line when the parade moves off from Front and Market streets. Mayor to Carry Flag In the parade this evening Mayor Daniel L. Keister will carry a small Italian flag which came from the Italian front. The flag was sent to Mrs. Meade D. Detweiler, wife of the late Grand Exalted Ruler of the Elks, by her son, Lieutenant Meade D. Detweiler, Jr. Lieutenant Detweiler is in service on the Italian front as an ambulance driver.

Officials of the Chamber of Commerce were busy to-day making preparations for the parade. American citizens of Harrisburg will take in the parade this evening. They are urging every person of allied sympathy to turn out to help swell the crowd of Americans. The organization is making preparations to furnish a band for the parade. Americans are requested to take in front of the Harrisburg Club in North Front street.

The Sons of Italy and Mechanicsburg bands will be in line to furnish music for the parade. The parade will form at Front and Market streets at 7:30 o'clock after which it will move off to Fourth, to Walnut, to Third, to Kelly, to Second, to the Square where it will disband.

President Wilson last evening on the eve of the celebration of the centenary of the birth of Italy's entrance into the war, issued this message to the Italian people:

I am sure I am speaking for the people of the United States in sending fraternal greetings upon this the anniversary of the entrance of Italy into

this great war, in which there is being fought out once for all the irrepressible conflict between free self-government and the dictation of force.

"The people of the United States have looked with profound interest and sympathy upon the efforts and sacrifices of the Italian people, as well as the strong, and the main-

tenance of justice by the irresistible force of free nations leagued together in the defense of mankind. "With ever increasing resolution and force we shall continue to stand together in this sacred common cause. America salutes the gallant Kingdom of Italy and bids her god-
