

Drive For Recruits Will Start Actively Monday; Week to Be Busy One

Added activities to be staged in the city by the Harrisburg recruiting party during the recruiting week which begins Monday were announced by the publicity department of the Harrisburg recruiting party this morning.

BANISH CATARRH

Breathe Hyomel For Two Minutes and Stuffed Up Head Will Get Relief. If you want to get relief from catarrh, cold in the head or from an irritating cough in the shortest time breathe Hyomel.

CITY IS PLEASED AT SHOWING MADE FOR RED CROSS

Suburban Committees Did Splendid Work in Big Campaign

While a number of large subscriptions were reported at the final gathering of the Red Cross workers in Chestnut street hall yesterday afternoon, the report greeted with the loudest applause was that telling that the men employed by the Harrisburg Pipe and Pipe Bending Company had subscribed \$10,405.75.

When the reports of all the teams had been read yesterday the total was only \$92,000, but Chairman Hildrup said he had reason to believe that there was some money elsewhere; and he called upon Chairman Cahill of the Industrial Committee to tell what he had done in the various plants of the city.

"We have not finished our work," said Chairman Cahill, "but with several plants yet to cover and returns certain to continue arriving till the close of the week we are safe in saying that the men and women in the city's industries will contribute \$30,000—and of this sum \$10,405.75 is the subscription of the men working at the Pipe Bending plant."

"But that isn't the last of our subscriptions," said Mr. Hildrup. "There is a large audience who has been hard at work in the communities outside of Harrisburg; and several days ago when the Blue Devils were here they took them from us for an entire day and exhibited them in all sections of the adjoining territory. I am anxious to know whether their visit to the auxiliaries was as productive—as Mr. Jennings said it would be."

Mr. Jennings proved a true prophet. On behalf of the auxiliaries and branches in Dauphin, Perry and part of Cumberland county he guaranteed not less than \$30,500 to the fund.

"I want particularly to call attention to the town of Gratz," he said. "It is as you know a very small community as to population, but it has a wonderfully large heart. It bought \$3,000 worth of the first

Liberty bonds, \$3,000 of the second and \$3,000 of the third, suggested that perhaps it could raise \$300 for this fund. It has now contributed \$490 and says it will get \$500."

Considering the population of the outside towns, if Harrisburg men and women had subscribed in like proportion the total collections by the teams would have been \$250,000 instead of \$92,000; and if the Gratz example had been followed every inhabitant of the district would be listed as a contributor.

A feature of the reports was that of Mrs. James I. Chamberlain, who told what the young women have collected who manned the booths on the city streets during the last week.

The total of these collections was \$2,624.99. Mrs. Chamberlain reported, and the girls insisted on working the balance of the day. Chairman Hildrup then read a list of contributions secured by the executive committee. These included 11 subscriptions of \$5,000 each, one of \$10,000 and two of \$2,500 each, or a total of \$70,000, which brought the grand total to \$227,529.15.

Rose Show Dates May Be Earlier in June

Much interest is being manifested in the Rose Show which is to be held on Friday and Saturday, June 21 and 22, at the Central Y. M. C. A. rooms, under the direction of the woman's advisory board. Letters and entry cards were sent to rose growers last week, and already have met with a hearty response. Those who did not receive entry cards may secure them from Mrs. W. P. Starke, Front and Keiser streets, chairman of the committee on arrangements.

The "one rose in vase" class divides fair to have a large number of entries, as many rose growers who have their choice roses, have signified their intention to exhibit in this class. The climbing roses, too, are proving a popular class for exhibit, and the new, hybrid teas and hybrid perpetuals, which are possibly the best numbers as to make the show a bower of bloom.

It is urged the entry cards be returned at the earliest possible date so that the committee on arrangements may prepare for the proper display. Owing to weather conditions which have been unfavorable to bloom very early, the board is considering the advisability of advancing the date to June 7 and 8. Notice of the changes will appear in the newspapers on Tuesday next week.

WILL CONTINUE DRILLS

The students of the Technical High school were so pleased with the drills they were taught by members of the Harrisburg Regular Army recruiting party for the W. S. S. parade last week that they voted to continue the drills for the remainder of the school term. Regular instructors from the Harrisburg station are now detailed every Tuesday and Thursday afternoon to drill the young men in setting up exercises.

TAKES NEGRO FOR TRIAL

William Connel, the negro who was held on suspicion of being implicated in a murder at Brooklyn Heights, Maryland, was identified by the Maryland authorities as being the man wanted there. He was taken back to Maryland this morning to answer the charge of murder.

Careless Use of Soap Spoils the Hair

Soap should be used very carefully. If you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is just ordinary mulsified coconut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use.

Let's All Live in RIVERVIEW

Bell 1390 Dial 3573

Trained For Months to Get His Chance in France

W. R. Sweikerd, 507 Cumberland street, who was training at Camp Hancock for some months with Headquarters Company, One Hundred and Twelfth Infantry, which recently arrived in France.

University Head Will Address City Teachers

Professor C. H. Van Tine, of the National Security League, will speak at a patriotic meeting of all city school teachers to be held in the Technical High School Auditorium next Wednesday afternoon, at 3:30 o'clock. The speaker is head of the department of history of the University of Michigan, and also is president of the Michigan Historical Commission.

He received his education in both American and German universities, and before the war he lectured in the University of France and was an editor of the American Historical Review and is a fellow of the Royal Historical Society of Great Britain, and author of several histories. He is now on leave of absence and is lecturing for the National Security League.

An invitation has been extended to the public also to attend the meeting. The teachers have been invited to be present on Tuesday evening to hear Dr. Cyrus Townsend Brady speak on "When God Will End the War."

Mail Carriers to Decorate Graves of the Dead

Mail carriers of the city will hold their annual memorial services, Sunday, at 10 a. m. in the Harrisburg Cemetery. The program will consist of singing by the carriers, double quartet and an address by Thomas J. Carpenter, president of the Mail Carriers' Association, graves of the deceased members will be decorated with flowers and bunting.

CHAMBER OF COMMERCE OFFICES REARRANGED

The offices occupied by the Chamber of Commerce in the Dauphin building have been rearranged for more efficient work, with the Chamber of Commerce occupying three rooms. The room formerly occupied by the farm agent is now used as a small committee room. The farm agent is now in the large office at the end of the suite, which is also used by the Public Service Reserve, the Food Administration and as Liberty Loan Headquarters. The main office of the Chamber has been moved off to prevent confusion on the part of visitors.

POLICE SEEK THIEVES

Police are searching for the miscreants who stole the Ford car of E. Sunday from a garage at 1824 Wood street, Sunday night and left it in a badly damaged condition at Schuylkill Haven. The men are thought to have stolen another machine there and proceeded on their way when the gasoline in the machine they stole here gave out.

TO OBSERVE "MOTHERS' NIGHT"

"Mothers' Night" will be observed by younger boys of the Central Y. M. C. at 10 o'clock on Monday night at certain their mothers. A brief program will be given in the boys' room during the association of the boys and Locust streets. Music, readings and other numbers will be included on the program.

LOST PART OF FINGER

"This Wagon Driver's man" of Speesville, had the third finger of his right hand so badly smashed yesterday at the Speesville brickyard, he had to have a quarter inch of it removed at the Harrisburg Hospital. The finger had been caught in a truck.

MILK PRICES WILL NOT BE RAISED

[Continued From First Page.] 1, 1918, shall not be in excess of four and one-half cents per quart. This is one of the lowest distribution costs of any city in the state of Pennsylvania, and ranks as one of the lowest of any city of any size in the country.

2—An accountant will be employed by the Food Administration to examine the books of the dealers to ascertain whether or not a lower spread (cost of handling from producer to consumer) than four and one-half cents per quart is possible in the city of Harrisburg, because of the exceptionally favorable conditions for distribution of milk, such as good pavements and the relative density of houses as compared with other cities. This spread of four and one-half cents to the dealer will be made it possible to pay to the farmer during this twelve-month period an average of seven and one-half cents per quart f. o. b. Harrisburg.

3—The price to the farmer during May and June will be \$2.00 per hundred, which is the same as six and one-half cents per quart and the check is to reach the farmer for the milk sent the month previous not later than the 15th of the month of any case. Farmers not receiving checks will notify the Food Administration.

4—The farmers, dealers and Food Administration agree to join in a publicity campaign as to the food value of milk.

AGENTS' "RAIDS" CAN BE STOPPED

Collins Gives Important Ruling in Regard to Employment Agencies Today

The Commissioner of Labor and Industry has power to make rules restricting licensed employment agents to doing business to the places for which they have been licensed, according to an opinion given by Emerson Collins, Deputy Attorney General, to L. R. Palmer, Commissioner of Labor and Industry, in reply to questions which had grown out of the demand for labor. The Commissioner is informed that his authority is to have "due and adequate supervision over agents" and their methods of doing business. He is also informed that a "rule forbidding the sending out of agents or representatives beyond that place to solicit or otherwise carry on a business for the agency would be a valid one."

In event that an agent is found guilty of enticing, either by himself or those acting for him, employees to leave one employer for another, his license should be revoked, holds Mr. Collins.

The opinion goes into the employment situation in detail and will have wide effect because of charges that agents have been "raiding" forces of employees.

The Public Service Commission has refused the application of the latter company to the first mentioned on the ground that approval of the proposed lease "is neither necessary or proper for the service, safety, accommodation and convenience of the public." The commission decision says that the rental proposed is excessive. It was to consist of interest on \$900,000 of bonds and certain specified dividends on stock.

An unusual petition was presented to the Public Service Commission today on behalf of M. Swetlick, of Hroversville, who asks that the Baltimore and Ohio railroad be required to replace a crossing which it had removed. He declared that it is necessary to land he owns near his home.

Way Opens For Enlistment of Colored Men in Army; Chance For Advancement

An unexpected opportunity has come to the qualified colored men of Harrisburg and this vicinity to join the Three Hundred and Fifty-first Heavy Field Artillery, Camp Meade, Maryland. While this news is of special interest to colored men of draft age, it is also welcome to those men who wish to join the Army, being either over or under draft age, who have found that only stevedore work was open to them. Lieutenant Harry King Tootle, assistant adjutant of this regiment, has arrived in Harrisburg to handle these special inductions. With him is Private Forrest Marshall, a Harrisburg boy, who has a responsible position in the sanitary detachment of the regiment.

An office has been established in the drugstore of William E. Marshall, 629 Boas street, where colored men are being considered every weekday evening after 7:30. A Sunday hour is to be announced later. The men desired for the regiment are those who have had at least a high school education or its equivalent. In special cases, men who have not finished high school will also be taken. In addition to these men who have the necessary education, the regiment is in great need of chauffeurs and motorcycle riders. Any colored man who is able to drive a car is eligible for service. The regiment is motorized and needs 285 chauffeurs.

"This is a splendid opportunity for men of draft age," said Lieutenant Tootle this morning. "It enables men who are qualified to enter the highest branch of the service. If they wait for the draft, there is no telling where they will be placed, and conditions are such that in all likelihood they will be in a stevedore regiment or service battalion. Of course, it is unfortunate for a man who has a certain amount of education to be forced to do such work. We can take such a man in artillery, give him a fine opportunity to qualify as a noncommissioned officer—and, perhaps, go to the officers training school. Whereas, he would be lost in the general mass were he to be merely loading ships or building roads."

Well Known Harrisburg Residents, in Interviews, Tell of Discovery That Brought Them Happiness

SALVATION ARMY HEAD'S PRAISES

Trouble Was So Bad That at Times Mrs. Gray Could Hardly Get About

TANLAC BROUGHT RELIEF

"I can't begin to tell you how I suffered with my feet and limbs," said Mrs. Velma Gray, of North Seventh street, Harrisburg. "They troubled me constantly and crippled me so that I often was unable even to walk about the house. "It was awful. My feet would burn like fire all the time and nothing I could do would give me any relief, although I tried everything I could think of. "Then suddenly they would begin to swell and they would puff up until there was a great ridge at the top of my shoes and I would have agonizing pains in both feet and limbs. "Finally I made up my mind to try Tanlac as a last resort and to my delight it began to help me right away. Now the swelling and pain have all gone away and I can walk all day without suffering at all. "It certainly is a wonderful relief and I cannot find words to express my gratitude to Tanlac. I want to spread the news of my relief far and wide so that others may benefit. "Anyone who suffered as I did can get the same results from Tanlac, I feel sure."

CHILD IS WELL; GRANDMA HAPPY

LITTLE CLARA RENEKER

"It is to her grandmother that I owe the fact that little Clara is well again," said Mrs. H. J. Reneker, 204 Keiser street, mother of four-year-old Clara Reneker, one of Harrisburg's many pretty children. "My little daughter suffered from stomach trouble and used to have terrible convulsions. The doctors could give her no relief. She grew very thin, lost her appetite, and was sick all the time. "Then her grandmother recommended Tanlac to us and I started her on it. The results were remarkable to say the least. She now eats anything she wants and her little stomach digests it perfectly. The convulsions have disappeared and she has regained her strength. So successful was it in her case that I gave it to her baby sister and it helped her wonderfully over her second summer. We heartily recommend Tanlac because of what it has done for our children."

Alspure Ice Cheaper At Ice Station

TAKE your ice with you, save money for yourself and at the same time release men and equipment for war purposes. Alspure Ice costs 40 per cent. less from our ice stations than from the wagons. Forty per cent. of the price of ice when delivered must go toward the expense of maintaining delivery equipment. Within the next week we will open "ice stores" at the following places:

- 3rd & Delaware Sts. 5th & Woodbine Sts. 6th & Hamilton Sts. 7th & Camp Sts. Forster & Cowden Sts. 13th & Walnut Sts. 13th & Swatara Sts. 15th & Chestnut Sts. 18th & Foster Sts.

As soon as the material arrives several other stations will be erected elsewhere. For 5c you get as much ice, from the "Ice Store" as from ice wagons for 10c. Uncle Sam wants men. The Ice Station plan enables us to distribute ice with a minimum equipment, thus giving more men for war purposes. The patriotic thing for you to do is take your ice with you — you save money — 40 per cent., and help win the war.

UZIT FOR SORES BURNS CALLUSES Immediate Relief—25 cents GORGAS DRUG STORES

BEECHAM'S PILLS "The Largest Sale of Any Medicine in the World" are the sure preventive of that commonest of common complaints, which attacks men, women and children at this time of the year. When you become run down your stomach goes back on you; and the head, nerves and appetite go wrong. When you can't properly attend to work and have no ambition to do so; when you are bilious, and suffer from nausea; when sick headaches and sleeplessness make life a burden and a curse—it is time for you to STOP in at the nearest drug store and get a box of Beecham's Pills. This home remedy, as pure as it is wholesome, will quickly put the stomach and liver and kidneys in order. Their gentle laxative effect banishes all impurities from the system and not only does your appetite return, but you have the digestion to take care of it. The kidneys and liver perform their duties, and you are free from constipation. You sleep well, you feel well, you are well. Spring fever is as unnecessary for you to endure as it is disagreeable. An old adage tells us that "an ounce of prevention is worth a pound of cure." Take Beecham's Pills, the world's best tonic, and you may laugh at chill winds and wet feet. Start the day with Beecham's Pills and you will never be troubled with Directions of special value to women are with every box.
