Paxtang Park Will Be Opened Memorial Day

Paxtang Park will be officially opened to the public on Memorial WEEK-END BILL Day, May 30. There will be vaudeville shows and all of the amusement places will be opened. Among the new features will be "The Whip" which has proved attractive in many Chaplin Pictures and Good

other parks over the country.

Accommodations for autoists are now being made at the resort, and a big parking place is being laid out. The bottom of the old quarry at the eastern edge of the park is

Strength—A Wholesome
Tonic

The getting-well stage of grip, pneumonia or other illness is the most dangerous of all because the body, weakened by the disease, is wide open to attacks of other lurking germs.

That is why all the organs of the body must be kept in their best working order, not only to drive out that the patient shall regain strength as soon as possible to avoid further attacks resulting from the poisons in the system.

As a means toward good health after any illness Father John's Medicine builds up the body because it is all pure, wholesome nourishment and free from opium, morphine, chloroform or other poisonous drugs or alcohol. Father John's Medicine has had sixty years' success for colds and throat troubles, coughs and sore throats, and as a tonic and body builder.

Proof:

"After an attack of pneumonia the doctor ordered me to give my baby Father John's Medicine has had sixty years' success for colds and throat troubles, coughs and sore throats, and as a tenic and body builder.

"The Smarter Set" will be at the Orpheum to-morrow, matinge and night. They are headed by Samuel Tutt Whitney and I. Homer Tutt, who wrote the vehicle, which is called "My People." Little plot, but rather individual talent is the big thing. The colored people have a reputation as being naturally humorous, this atmosphere and characteristics the authors have attempted to weave into their musical festival. You Can Ask This Man Anything

Clayton, who styles himself as the "White Mahatma of India," is billed as the feature attraction at the Majestic Theater next week. Clayton is a mysterious individual, with powers that enable him to answer questions put to him by members of the audience. The Death Rattle of Austria-Hungary

Austria is almost out of the war, as far as military aid is concerned, except perhaps for one more Italian drive, in the estimation of those best qualified to know. This condition seems to be due, judging from dispatches in the Austrian press, to internal political conditions which may at any moment cause a conflagration. The German papers in Austria are very apprehensive, the Grazer Tagespost, for example, telling us that "the south is in flames."

There is a striking article in this week's issue of THE LITERARY DIGEST, dated May 25th, made up of translations from papers in Austria-Hungary, which will be read with interest by Amercans. It shows, as nothing else could, the state of public opinion in the dual monarchy at the present

How Motor-Trucks Are Coming to the Fore

In this number of THE DIGEST Harry Wilkin Perry shows how the motor-truck is solving problems of freight congestion, of increased farm production and conservation of farm labor, of facilitating food markets, and of transporting passengers, and other late developments in this motor-truck era. The article is profusely illustrated, and will be of particular interest to prospective motor-truck buyers and all who are interested in transportation problems of the nation.

A Hundred Million For the Soldier Mothers of Mercy

To-day, the tender, brooding heart of the "Greatest Mother in the World" is sending its Red-Cross appeal into every American home. To-day, while millions of brave men are fighting for the freedom of the world, and are paying the price in wounds, and suffering, and death; while countless homes "over there" are devastated, and millions of little children are torn from loved ones and cast about as pitiful waifs of war, a passionate, urging cry comes to every American heart from the one and only organization in all the world which can comfort those heroic soldier hearts, and gather into its tender care these sad little waifs of war and give them love and shelter.

fitting to-day: "If thou draw out thy soul to the hungry, and satisfy the afflicted soul, then shall thy light rise in obscurity, and thy darknes be as noonday. . . And they that shall be of thee shall build the old waste places. Thou shalt raise up the foundations of many generations, and thou shalt raise up the foundations of many generations, and thou shalt be called the repairer of the breach, the restorer of paths to dwell in." The forces of destruction are sweeping ruthlessly over Europe. While our armies, with our Allies, are fighting valiantly to stop them and drive them back, let us build up and strengthen our heroic Red Cross army of reconstruction and mercy, which already is doing so much to "satisfy the afflicted" and to "restore the paths to dwell in."

You will sleep the sleep of contentment to-night only after you have done your share.
