

### M'ADOO RAISES WAGES OF R. R. MEN OVER RAISE

#### Modifications Make Prospect for Workmen Over Country Still Better

Washington, May 23.—Orders raising the wages of two million railway employees and giving them back pay from January 1 at the new rates were prepared yesterday by Director

General McAdoo and sent to the printer, to be issued within a few days. Mr. McAdoo based his decision largely on recommendations of the railroad wage commission, which proposed increases aggregating about \$200,000,000, but it is understood he made many modifications which will result in even higher increases for some classes. At railroad administration headquarters, it was intimated that the total pay increases would amount to more than \$300,000,000. In working out the new schedules, Mr. McAdoo and his advisers paid special attention to complaints of thousands of railroad men given raises in the last two years, that on the wage commission's basis, they would get not a cent of increase this year. Clerks and office employees, most of whom are unorganized, probably will get substantial increases.

Liberal treatment also is expected for track employes and other low paid laborers. **Second Street Tracks Are Now Ready For Use** Both tracks of the Harrisburg Railway Company in North Second street will be in operation tomorrow night. For the past several weeks gangs of men have been at work building new concrete foundations and laying new rails, and while work was being done on one track both north and south-bound traffic had to pass over the other track. The concrete work and track laying are now finished, but cars will not be run on the last track to be finished until to-morrow night, the time between now and then being allowed for the concrete to settle.

### U. S. SAILORS GET BIG INCREASE IN SERVICE WAGE

#### Straight Overtime of 60 Cents an Hour; \$1.25 Meal Money

Washington, May 24.—Mariners, employed in the deck or engine departments of ships sailing from Atlantic or Gulf ports, have been given a wage increase averaging 15 per

cent, according to the announcement by the United States shipping board. The order, which is retroactive to May 4, came as the result of the conference held in Washington this month between representatives of the shipowners, licensed officers and seamen and the shipping board. The new scale follows:

Boatswain	.....	Month
Boatswain's mate	.....	\$85.00
Carpenter	.....	80.00
Carpenter's mate	.....	85.00
Quartermaster	.....	77.50
Able seaman	.....	75.00
Ordinary seaman	.....	55.00
Boys	.....	40.00
Oilers	.....	80.00
Water tenders	.....	80.00
Engine room storekeeper	.....	80.00
Firemen	.....	75.00
Wipers	.....	65.00

Coal passers ..... 65.00 "Straight overtime of sixty cents an hour and \$1.25 for meal money on shore is allowed," says the order. "On vessels sailing into the war zone the war bonus shall remain 50 per cent. The foregoing wage scale applies to all vessels sailing from Atlantic and Gulf coast ports of the United States, except harbor craft and vessels owned or operated by the Navy. It shall be considered a standard wage scale for all such vessels and shall be in effect and paid retroactively from and after May 4, 1918, the last day of the above-mentioned conference. "There shall be no bonus on vessels not entering the war zone." The statement, which is signed by Commissioner C. R. Page, adds: "Since the board has endeavored to fix an equitable scale, considering the increased cost of living, the wages

paid in corresponding occupations on shore, with allowances for food and lodging, and the necessity for attracting more men to the merchant sea service, it believes that no additional or increased bonuses or gifts other than above specified should be paid. Except as herein provided there shall be no change in working rules or regulations. "This wage scale shall remain in force until in the judgment of the United States shipping board conditions warrant a change. "Owing to their greater complexity the new classification of vessels and the wage scales of the steward's department and of the licensed officers of the deck and engine departments are still in preparation, but will be decided upon and announced shortly. These will also become effective from and after May 4. As a fair and satis-

factory wage agreement has recently been made on the Pacific coast, the shipping board will at this time make no change in Pacific coast conditions." **Use McNeil's Cold Tablets. — Ad.** **ECKMAN'S Calcerbs** INVALUABLE FOR COLDS If taken in time this Calcerbs compound lessens the risk of chronic throat or lung trouble. All the remedial and tonic qualities are combined in this Calcium compound. No harmful drugs. Try them 10-50 cents a box, including war tax For sale by all druggists Eckman Laboratory, Philadelphia
