STORM WITH DEADLY GAS Raiders Blow Up Yankee

Wires and Try For Trenches

By Associated Press With the American Army in France, Monday, May 27.—Ger-man raiding troops attacked the Americans in the Luneville sec-tor this morning. In sharp fighting the raiders lost five men killed. The Americans suffered some casualities. The German in-fantrymen were sent forward after the American positions had been deluged with gas launched by the use of projectors. The body of one German was brought into the American trenches.

"Yesterday in Lorraine the enemy was unusually active in bombardling our trenches with gas and in patroll-ling. On one occasion a patrolling party approached our lines with cries of 'kamerad.' Our troops replied with rifle fire. One of the hostile detachments was killed and his body secured."

American Headquarters on the French Front, Monday, May 27.—In the simultaneous attack of three German raiding parties against the

German raiding parties against the American positions in Pleardy to-day, the enemy penetrated the American first line to a depth of two hundred yards. A brilliant counterattack threw the Germans out and the Americans kept on until they had entered the enemy first line, where they remain-ed until ordered back. The Germans suffered heavily in the fighting which was of a hand-to-hand nature at times. Several prison-ers were taken by the Americans. After a lull of several days, the artillery bombardment in Picardy has become more intense on both sides. The Germans are throwing many gas shells into the American lines. The American gunners, how-ever, are returning the enemy fire two-fold.
