

Wilson Uncompromising Partisan, New Tells the Hoosier Republicans

By Associated Press Indianapolis, Ind., May 29. — Declaring President Wilson is the most astute leader the Democratic party ever had, United States Senator Harry S. New, of Indiana, addressing the Indiana Republican State convention here to-day as permanent chairman, asserted that he is also the "most uncompromising" in his partisanship of any man who has occupied the White House since the days of Andrew Jackson.

SHE WAS ONLY TWENTY

Yet Suffered with Functional Disorder and Was Cured by Lydia E. Pinkham's Vegetable Compound.

Spring Valley, Ill. — "For many months I suffered from periodic pains—I doctored with our family physician but relief—then I explained my trouble to another doctor and he advised me to take Lydia E. Pinkham's Vegetable Compound. So on after taking it I began to notice a change for the better, and after taking six bottles I am in perfect health, and I can not thank you enough for the relief it has given me."—Miss Kate Lawrence, Box 725, Spring Valley, Illinois.

School girls and girls who are employed at home or in some occupation should not neglect to suffer tortures at such times, but profit by the experience of Miss Lawrence and thousands of others who have tried this medicine. Write for a free remedy, Lydia E. Pinkham's Vegetable Compound, and found relief from such suffering. If complications exist, write to Lydia E. Pinkham, Medicine Co., Lynn, Mass. The result of their forty years experience in advising girls on this subject.

TO PEOPLE WHO CHAFE

Over one hundred thousand people in this country have proved that nothing relieves the soreness of chafing as quickly and permanently as "Sykes Comfort Powder." 25c at Vinol and other drug stores. Trial Box Free. "Sykes Comfort Powder Co., Boston, Mass.

VINOL MADE THIS CURSE STRONG

Nothing Like it for Run-down and Nervous People Von Ormy, Texas — "I suffered from a general run-down condition—anaemia, loss of appetite and cough, so I was unfit for my work. I tried different medicines without help, and through my druggist learned of Vinol. I took it; my appetite increased, my cough disappeared, I gained in weight and I am now well and strong, so I can conscientiously endorse Vinol." Viola Salada, R. N., Van Ormy, Tex. We guarantee Vinol to build up run-down, anaemic folks or return your money. We take all the risk. Geo. A. Gargas, Druggist; Kennedy's Medicine Store, 321 Market Street; C. F. Kramer, Third and Broad Sts.; Kitzmiller's Pharmacy, 1325 Derry street, Harrisburg, and at the best drug store in every town and city in the country.—Adv.

Particular People Bring Their Work to Us

OH! THAT AWFUL BACKACHE IT'S YOUR KIDNEYS

An unhealthy body, and the unhappiness and misery which follow may be prevented by ordinary judgment and care. Keep your stomach and kidneys in shape and you will have good health. The kidneys' work is to throw off the poisonous matters which enter the body. If they perform this work regularly and automatically the other organs will take care of themselves. Diseased conditions of the bladder or kidneys are indicated by nervousness, sleeplessness, that tired, worn-out feeling, dizziness, nausea, backache, lumbago, rheumatism, pain in the lower abdomen, many so-called "female troubles," severe pain and discomfort when urinating, bloody, or sandy urine, too frequent or suppressed passages. All these are nature's signals to warn you of diseased kidneys or bladder, which may lead to fatal Bright's disease. Don't wait until the danger is upon you. Go to your druggist at once. Get a trial box of GOLD MEDAL Haaslem Oil Capsules. They are made of the kind your great-grandfather used. About two capsules each day will keep you toned up and feeling fine. Money refunded if they do not help you. But remember to ask for the imported GOLD MEDAL brand. In sealed packages.—Advertisement.

MORE COAL MAY BE SENT HERE

[Continued from First Page.] least some of the \$1,452 tons increase that she asks. During the year extending from April 1, 1917 to April 1, 1918, 129,468 tons were consumed in Harrisburg while the needs for the 1918-19 year total 169,920 tons. The increase, Ross A. Hickok, local fuel administrator, says, is due to the increased population and the larger needs of Harrisburg industrial plants. Needs Are Many The increase allotment to Pennsylvania and other New England and Middle Atlantic states is made because of the greater growth of population in these sections because of the especially large industrial demands. The increased distribution to these sections is made possible by an increased production in the United States of 2,668,323 tons over the 1916-17 supply, through the curtailment in distribution to some of the western states of 2,222,268 tons and through the gain due to an embargo on the shipment of coal to some sections of 765,931. This gives a total gain of 5,636,548 tons. The gain is partially offset by 600,000 dealt out for increased Army and Navy needs. Government requisitions, however, for anthracite and coal for the Army and Navy and to war industries and utilities which require it, will be fully met before the increased supplies are dealt out for domestic purposes. The Middle Atlantic states as a whole will receive an increased supply for 1918-19 over its 1916-17 supply of 1,202,268 tons. The New England states will receive an increase of seventeen per cent. But to do this mine workers must work longer hours and longer days. Only 145,000 miners at work as compared to 177,000 in 1916-17. That the needs of the people as a whole are not being met is how ever, all co-operation of all concerned is required. In its statement of the condition of the fuel supply to the National Coal Association, the anthracite committee emphasizes this point. Part of the statement follows: Must Conserve Supply "With this statement of the situation and announcement of the measures which will be pursued to meet it, the anthracite committee is conscious that the plan cannot be carried out unless there is a general labor shortage, consequent inability to meet increased production of anthracite and unusual demands for it, unless there shall be a general and active co-operation by all concerned. This means by state and local fuel administrations, dealers and consumers, each and all of whom must help to see that anthracite is confined to its most essential uses and that in consumption it shall be conserved and made to go as far as possible.

"Otherwise there will be a shortage of anthracite next winter which no human power can then supply. The anthracite industry and this committee can meet the big problem only with general support and co-operation. In other lines of business, the anthracite industry, and its committee expect to get all he wants and just when he wants it. There is today shortage of steel, of copper, of flour, and of all of a hundred and one things. "Anthracite is not an exception, but with due public consideration of the facts and circumstances, and distribution, this committee believes that all actual needs for it can be supplied."

Edward W. Bok Calls For Y. M. C. A. Workers Philadelphia, May 29. — Emphasizing the need for Y. M. C. A. workers at the front and in camps, Edward W. Bok, "chief recruiting officer" for the Y. in this field, made a strong appeal for men to join the association at yesterday's luncheon of the Poor Richard Club. If you put on the Y. M. C. A. uniform, which is a uniform of honor, you are above the military age limit," the speaker said. "I will accept any man from thirty-two to forty and send him to France, England, Italy or a home camp. And a 'husky' man over fifty will not be turned down either. You will be right, close to the soldier and be with him during the strenuous, nervous night before the command to go over the top is given. But it is hard work. Sometimes the men work from ten to seventy-two hours at a stretch. I aim to send 10 men from Philadelphia. I want Chestnut street and Broad street represented in the trenches. I soon will publish a list of the names of Philadelphia men who are ready to go over and you will be surprised to see some among them who never did a stroke of work in their lives. "We are in this war," the speaker concluded, "for God's sake, men, let's all get into it and win it. "Addresses were also delivered by Howard Butcher, a Philadelphia banker, and Ralph Harbison, a Pittsburgh steel magnate, both of whom have done Y. M. C. A. work in France.

Stomach Dead Man Still Lives

People who suffer from sour stomach, fermentation of food, distress after eating and indigestion, and seek relief in the drinking of artificial digestors, are killing their stomachs by inaction just as surely as the victim of morphine is deadening and injuring beyond repair every nerve in his body. What the stomach of every sufferer from indigestion needs is a good prescription that will build up his stomach, put strength, energy and vitality into it, and make it sturdy enough to digest a hearty meal without artificial aid. The best prescription for indigestion ever written is the one that is sold everywhere and by H. C. Kenney and is rigidly guaranteed to build up the stomach and cure indigestion, or money back. This prescription is named Miconia, and is sold in small tablet form in large boxes, for only a few cents. Remember the name, Miconia stomach tablets. They never fail.—Advertisement.

THINK OF IT KIDDIES! 80 CLOWNS TER ONCT!

A SQUAD IN RINGLING BROS. BATTALION OF CLOWNS

Commanded by such notables of the sawdust and slap-stick as Al. Mingo, dean of all jesters; George Hartzel, the "millionaire clown"; Jules Turnour, regarding whom several books have been written, and many other white-faced celebrities, a whole army of merry sky-larkers are headed in this direction. To be exact, the Ringling Brothers' clown number eighty. They will be here with the circus Tuesday, June 11. There was a time when the merry minstrelsy opened the circus performance, so do not conclude that they have missed their train when they fail to appear at the beginning of this season's program. First will come the gigantic spectacle of chivalry and knight-errantry in "Days of Old" with its cast of more than 1,200 characters and mammoth ballet. Then the trick elephants will appear and, thirdly, along with the spankled baraback riders, the whole population of clownland. This season the funny fellows have

AMUSEMENTS

Tomorrow — Douglas Fairbanks in "The Matrimaniac." Friday — George Walsh in "Brave and Bold." Saturday — William S. Hart in "The Desert Man."

服“納克收鐵”

Even in Chinese you hear "Take Nuxated Iron" As a tonic, strength and blood builder probably the most successful as has Nuxated Iron. It is conservatively estimated that over 100,000,000 people annually are taking it in this country alone. It has been highly commended by the United States Supreme Court, the United States Senate and Vice Presidential Nominee Charles A. Towne of Minnesota; former U. S. Senator Richard Rolland Kenney of Delaware, at present Assistant Judge Advocate General U. S. Army; General Augustus L. Clem (Retired), the drummer boy of Shiloh, who was Sergeant in the U. S. Army when only twelve years of age; General David Stuart Gordon (Retired), hero of the battle of Gettysburg; physicians who have been connected with well-known hospitals have prescribed and recommended it. Former League Commissioner Wm. R. Kerr, of Chicago, says it ought to be in every hospital and prescribed by every physician. Dr. A. J. Newman, late Police Surgeon of the City of Chicago, and former House Surgeon, Parkland Hospital, Chicago, says Nuxated Iron has proven through his own tests of the most reliable preparation ever used for creating red blood, building up the nerves, strengthening the muscles and correcting digestive disorders. Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, says there are thousands of men and women who need a strength and blood builder but do not know what to take. His opinion there is nothing better than organic iron—Nuxated Iron—for enriching the blood and helping to increase the strength and endurance of men and women who burn up too rapidly their nervous energy in the strenuous strain of the great business competition of the day. If you are not strong, take the following test: See how long you can work or how far you can walk without resting. Next, take two five grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. NUXATED IRON. It has been used by former members of the United States Senate and House of Representatives and other prominent people with such surprising results, and which is prescribed by the best physicians, that it is not a secret remedy, but one which is well-known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, makes every purchaser or consumer successful and entirely satisfactory. If you are a purchaser or consumer, it will refund your money. It is dispensed in this city by Cross, Keller, & Co., 207 N. Second St., and by all other druggists.—Advertisement.

Clayton, Mystic, Predicts End of War Next Year

Just one year and three weeks more of the great war, and then Johnny will come marching home again, hurrah, hurrah, and we'll give him a hearty welcome, then—but you know the song, what you want is the story. Clayton, the celebrated gentleman from the Orient, who is telling folks a whole lot of things they want to know, answered a question put to him by a soldier in the Majestic audience yesterday afternoon. "You are in the service of Uncle Sam, and you are asking me when the war will be over. Am I right?" quoth the East Indian marvel, who stood on the stage swathed in beautiful garments that cost a fortune. "Well, my son, June 19, 1919, will see all papers signed looking to peace in Europe, and our boys will come home again. But we will still have trouble on our hands at the Canadian Border, and we will have to settle these disturbances after that. But the war in Europe will be over June 19, 1919." So just put that in your scrap-book, and see if the man who was right in the future is right.
