

WILSON BRIGES NATION TO SAVE ALL FOR WAR

President Sets Aside June 28 as "Thrift Day;" Asks Pledge For Country

Washington, May 30.—To save materials and labor for necessary war purposes President Wilson appeals to Americans "to buy only those things which are essential to the individual health and efficiency" and to volunteer on or before June 28, National Thrift Day, to invest systematically in war savings and thrift stamps or other government securities.

"This war is one of nations—not of armies," said the President, "and all of our 100,000,000 people must be economically and industrially adjusted to war conditions if this nation is to play its full part in the conflict. The problem before us is not primarily a financial problem, but rather a problem of increased production of the products of the farm, mines and factories and overburdens transportation, all of which must be used to the utmost and at their best for war purposes."

All Must Participate "The great results which we seek can be obtained only by the participation of every member of the nation, young and old, in a concerted thrift movement. I therefore urge that our people everywhere pledge themselves, as suggested by the Secretary of the Treasury, to the practice of thrift; to serve the government to their utmost in increasing production in all fields necessary to the winning of the war; to conserve food and fuel and use all materials of every kind; to devote their labor only to the most necessary tasks, and to buy only those things which are essential to individual health and efficiency, and that the people, as evidence of their loyalty, invest all that they can save in Liberty Bonds and war savings stamps."

The securities are issued by the Treasury Department and so many of them within the reach of every one that the door of opportunity in this matter is wide open to all of us. To practice thrift in peace times is a virtue and brings great benefit to the individual at all times, with the desperate need of the civilized world to-day for materials and labor with which to end the war, the practice of individual thrift is a patriotic duty and a necessity.

Invests For Nations "I appeal to all who now own either Liberty Bonds or war savings stamps to continue to practice economy and thrift and to appeal to all who do not own government securities to do likewise and purchase them to the extent of their means. The man who buys government securities transfers the purchasing power of his money to the United States government until after this war, and to that same degree does not buy in competition with the government."

"I earnestly appeal to every man, woman and child to pledge themselves on or before the 28th of June to save constantly and to buy as regularly as possible the securities of the government, and to do this as far as possible through membership in war savings societies. The 28th of June ends this special period of enlistment in the great volunteer army of production and saving here at home. May there be none unenlisted on that day."

Use McNeil's Pain Exterminator—Ad.

This Corn Will Peel Right Off!

"Gets-It" Makes Corns Come Off The "Banana-Peel" Way! Why have to flop on the floor, squeeze yourself up like the letter "Z," and with bulging eyes draw your face up to wrinkles, knot while you gouge and pull at the "quick" of a tender corn? That's

'CRUSH KAISER,' ROOSEVELT SAYS IN WAR PLEA

No Room For 50-50 Allegiance Man, He Tells Milwaukeeans

Milwaukee, Wis., May 30.—"We have got to put this war through to a knockout" shouted Colonel Theodore Roosevelt in his patriotic speech at the Palace Theater yesterday. "America cannot accept peace without victory. The Kaiser must be crushed."

The Palace Theater, packed to the doors, was in an uproar of enthusiasm during most of Roosevelt's speech. The former President never received a bigger reception in Milwaukee.

A dozen detectives vigilantly guarded Colonel Roosevelt, the memory of his attempted assassination on October 14, 1912, seemingly looming before them. The large, high-powered motorcar in which he rode was driven by a girl, not over 20 years old, in khaki.

"When you go to war you want to go to war. Don't hit a man if you can honestly avoid it; but when you hit him, put him to sleep. I ask for preparedness, not so that we can go to war, but so we may keep out of it. I hope to see a system of universal military training for our young men. Americanism and preparedness are the immediate lessons of to-day. Stand back of the men at the front."

Fighters Will Settle War "This war is going to be settled by the fighting capacities of our people. If three years ago our people had been awakened as they are now, there would have been no war after last year. If a year and a quarter ago we had fully understood what efficiency means in this war, we would now have 1,000,000 men on the other side fully equipped."

"There are three things that we must remember if our strength is to be felt: First, Americanism; second, speeding up this war; third, the general principle of preparedness so that never again shall we be caught unprepared."

"There is no halfway business about loyalty to this country. There is no room here for the man who is a fifty-fifty allegiance. A man must be all American or he is no American at all."

At the City Club a luncheon was given in the Colonel's honor.

He read speeches that he made twenty years ago, when he was preaching the doctrine of preparedness.

"For heaven's sake," he said, "when we get through with this war don't let us be fools again."

Man Arrested While He Mourns at Wake

Chicago.—While mourning at the wake of his brother-in-law, B. W. Sluz, former real estate dealer and "barber banker" of 733 West One Hundred and Nineteenth street, was arrested after evading his depositors since December 21, 1916.

Leaves His Brickwork to Answer Call of Navy

UNFIT FOR WAR 200,000 MEN WILL PRODUCE

WALTER RAUZINO

With three brothers in the service, Walter Rauzino has laid aside his trowel and started for the Hun. Rauzino was a bricklayer at the Penn-Harris and he recently enlisted in the Navy.

UNFIT FOR WAR 200,000 MEN WILL PRODUCE

Crowder Calls on States For Nine Thousand Helpers in Plane Work

Washington, May 30.—Two hundred thousand men of draft age, who, because of minor physical defects have been held by examining surgeons over the country for limited military service are to be employed in producing or handling equipment for the Army. Provost Marshal General Crowder announced last night that the Army staff corps will utilize the service of these registrants and thus release fighting men for the front line.

General Crowder yesterday issued the first call under the new plan. Orders went forth to Governors of states for upwards of 9,000 men for service in spruce production for airplanes. The men will be allowed to volunteer until next June 6. After that date a report will be made to the provost marshal general and if there are not sufficient volunteers, allotments will be made to the various states to be filled by involuntary inductment.

Some twenty-four trades or classes

including railroad, transport and construction men, office workers and laborers, are desired for the spruce division. When this division has been filled, men will be called to fill other staff services of the Army until the 200,000 total has been exhausted. No indication was given as to when the other calls will be made.

Liquor Traffic Is Under Heavy Fire

Philadelphia, May 30.—The big drive against the liquor traffic in this city resulted in the handing of several severe jolts yesterday to saloonkeepers. The first one was when Judges Shoemaker and Wessel, in the license court, revoked two retail licenses; the second when the grand jury attributed the majority of crimes to the sale of liquor and recommended its abolishment, and the third, when saloonkeepers ran out of beer owing to the breweries allotting only a certain amount each day to a saloon.

Never has the saloon business been in a more precarious position, according to many retailers. The condition that developed yesterday is the most serious blow given the business in years.

MAJOR GRAY'S HOPE

Cyrus Townsend Brady suggested, in his address at Chestnut Street Hall, that God would not stop the war until His will was done, and Major William B. Gray, who was in the chair, declared a moment later in a fervent echo to Dr. Brady's statement, "What he personally hoped the Almighty would not stop the war until the Stars and Stripes wave over Berlin."

BIG TRANSPORT IS SUNK BY A U-BOAT, 101 PERSONS LOST

Leasowe Castle Sent Down in the Mediterranean on May 26; 13 Officers Lost

London, May 30.—The transport Leasowe Castle has been sunk by an enemy submarine, the British admiralty announced last night. One hundred and one persons were drowned.

The ship, which was of 9,737 tons gross, was sunk in the Mediterranean on May 26. Among those who lost their lives were 13 military officers and 79 soldiers.

The Leasowe Castle, which was built in 1917, at Birkenhead, was owned by the Union Castle Mail Steamship Company of London.

The text of the British admiralty statement reads: The transport Leasowe Castle was torpedoed and sunk by an enemy submarine, May 26, in the Mediterranean. Thirteen military officers and 79 of other rank, and of the ship's company, the captain, two wireless operators and six of other ratings, are missing. It is presumed all were drowned.

BILLION AND HALF SUM OF MONTHLY BILL FOR THE WAR

Estimate For July 1 to Dec. 31, Including Loans to Allies, Placed at \$11,000,000,000

Washington, May 30.—Government war expenses, including loans to the Allies, will run above \$1,500,000,000 this month and set a new high record for any belligerent nation.

Expenditures reported yesterday by the Treasury show that the Government's outlays in the last month have taken a jump of more than \$300,000,000 above the normal rate in the past, and they promise to go steadily higher in the next six months.

Tentative estimates now are that \$11,000,000,000 will be spent between next July 1, the opening of the new fiscal year, and December 31, six months later, and the greater part of this must be raised by the Fourth Liberty Loan in October or November, which President Wilson in his recent address before Congress explained would be the biggest popular credit ever offered.

\$23,000,000,000 in One Year So far as officials are able to estimate at this time, more than \$23,000,000,000 will be spent by the Government in the next fiscal year, nearly twice as much as in the year ending a month from Friday. This figure is based on the belief that after monthly expenditures reach \$2,000,000,000 a month they will be limited by the output of American industries and the carrying capacity of available ocean tonnage.

Eczema Caused Years of Intense Agony

"I have suffered intense agony from Eczema on my leg and other parts of my body for years, and received only temporary relief from other preparations. It is only a month since I started to use PETERSON'S OINTMENT, and there is no sign of Eczema or itching. You can refer to me."

Geo. C. Talbot, 27 Penfield St., Buffalo, N. Y. I've got a hundred testimonials, says Peterson, just as sincere and honest as this one. Years ago, when I started to put out PETERSON'S OINTMENT, I made up my mind to give a big box for a small price, and I'm still doing it, as every druggist in the country knows. I guarantee PETERSON'S OINTMENT because I know that its mighty healing power is marvelous. I say to every one who buys a box that it is rigidly guaranteed for Eczema, Pimples, Salt Rheum, Old Sores, Blind, Bleeding and Itching Piles, Ulcers, Skin Diseases, Chafing, Burns, Scalds and Sunburn, and if not satisfactory any druggist will return your money. 30 cents.—Advertisement.

Butterick Patterns, Main Floor, Rear.

Bowman's

HARRISBURG, THURSDAY, MAY 30, 1918.
