

No War Victory on Points; Knockout, Says Roosevelt in Behalf of the Navy

By Associated Press
Detroit, Mich., May 31.—"America does not want to win this war on points; we want a knockout." In these words Colonel Theodore Roosevelt, making a Memorial Day address here last night in behalf of the Navy, summarized his conception of this country's war aims.

Fire Damages Munitions Plant Wing at Milton, Pa.

Milton, Pa., May 31.—The forging department of the Milton Manufacturing Company's large munition plant was destroyed by fire early today. The flames were started by an oil well in the department catching fire. They swept through the frame structure in less than an hour, causing much damage to the machinery.

FAIR TIME CHANGED
Newport, Pa., May 31.—The board of managers of the Perry County Agricultural Association, in session at the Mingle House, Newport, decided to change the time of holding the annual fair of the association from October 8-11 to October 15-18.

Dandruff Heads Become Hairless

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely.

LOVE'S LAVISHNESS

The International Sunday School Lesson For June 2 Is "Jesus Warns and Comforts His Friends"—Mark 13:1-14:9

By WILLIAM T. ELLIS

War's wonders include the open purse of the people. Such giving for the great cause as has been witnessed of late has set an entirely new standard for all financial transactions, even in the realm of high finance. Billions of dollars have been lavishly outpoured by loving and loyal hearts. There is no cause, touching the welfare of our sailors and soldiers, that may not count upon the unstinted benevolence of the people.

The importance of this particular miracle is not to be overlooked. It tremendously stimulated interest in Jesus. It increased the number of His disciples, and it is given as the direct cause of the triumphal entry. Moreover, it intensified the bitterness of Christ's enemies. They excluded Lazarus in their hate, and would have put him to death also, because the testimony of his resurrection was so powerful an argument for the divinity of the Nazarene.

A SUCCESSFUL REMEDY
All things succeed which really deserve to—which fill a real need, which prove their worth. The fact that the famous old root and herb remedy, Lydia E. Pinkham's Vegetable Compound, has for three generations been relieving women of this country from the worst forms of female ills and has won such a strong place in our American homes proves its merit beyond the question of a doubt.

Economy Will Count

It helps you and the men who fight—if you were a military man directing a march you'd have worked out a plan of action. You would know the

"Lay of the Land"

The roads that were best, and all that sort of thing—but being a business man you have a different kind of a plan. You watch expenses carefully and buy wisely and economically, so that the men who direct our marches won't be hampered by a shortage of food or clothing. Now we aren't military experts—but we do understand "values" in "clothes." We know that when we sell you a good suit we help you and our country. That's why we recommend

Hart Schaffner & Kuppenheimer & Marx Clothes

Maybe you don't see the connection between serving your country and buying clothes. There is one, you'll not help win the war by substituting poor quality for good nor by buying merchandise which is cheapened by adulteration, just because it's "low priced." The best way to buy clothes is to get good fabrics and you can get that kind here with a guarantee that satisfies you in every respect or you get your money back.

Like a Moving Picture

The HARRISBURG TELEGRAPH gives you the daily news of the War, the scenes of which are changing from day to day like the pictures in a kaleidoscope. Strange, new places figure in the news from the battle-fronts with bewildering frequency.

An Authentic Guide

is a daily necessity for the intelligent understanding of the great changes taking place. So that its readers could have the use and enjoyment of the finest War Maps that have ever been published, the Harrisburg Telegraph made an arrangement with the publishers of The Encyclopaedia Britannica by which it now offers a limited number of a series of three Geographical and Historical War Maps published by them and sold at \$2, and to enable as many readers as possible to get the set, the Telegraph offers them at practically the cost price—69 cents a set.

Three AT LESS THAN THE COST OF ONE

The Maps cover all strategic places—railroads, highways, forts, rivers, mountains, forests, canals and hills. No. 1 for the Western Front. No. 2 for the Eastern Front. No. 3 for the Italian, Balkan, Salonican and Mesopotamian Fronts.

Unlike Other Maps

The information on them is not confined to the present war. Without some knowledge of earlier wars and of earlier history, one cannot follow the present war intelligently, still less judge properly of its causes and what its results will be. The historical information given on the sides of the maps furnishes a key or guide to previous wars and to events that have influenced the world's history. With this key the maps enable you to visualize the history, events, wars and personages connected with the very places where the great war is now being fought and where our soldiers are beginning to do their part.

COUPON FOR TELEGRAPH READERS
This Coupon presented at or mailed to any office of the Harrisburg Telegraph with cash, check, money order or stamps for 69 cents entitles the holder to ONE SET of the GEOGRAPHICAL AND HISTORICAL WAR MAPS showing the world's wars from 4000 B. C. to 1918. These are exactly the same maps as are sold by the Encyclopaedia Britannica for \$2. Send all mail orders to our Main Office: (Write name and address very plainly)
