City Commissioners, police department officials and representatives of the Harrisburg Railways Company conferred last night on the new traffic ordinance which was introduced in Council by Mayor Daniel L. Keister. The new measure includes all the regulations which have been passed in Council up to the present time and will be passed so that the police department can meet the requirements given in an opinion by City Solicitor John E. Fox. In his ruling Solicitor Fox states the department in bringing a charge for violation of a traffic ordinance must have an information on the back of which is printed the city ordinance which is in force. To save much trouble and expense Mayor Keister decided to have all the regulations embodied in one ordinance which will be printed in complete form on each information.

The speed limit fixed in the ordinance is fifteen miles an hour for all vehicles and street cars, except in passing schol houses where the limit will be ten miles an hour from 8 to 4 o'clock during the school season. All other rulings, including lists of streets on which there is one-way traffic, regulations about parking in Market Square and in the vicinity of fireplugs, right-of-way streets, provisions to keep vehicles of street car tracks and other similar measures are included in the ordinance, which will probably be passed on Tuesday.

upon by Governor Brumbaugh to enforce to the letter the laws of the state regulating ownership, possession and use of firearms. The action of the Governor is the first of the kind ever taken and he asks popular support for the movement, noting that the laws forbid unnaturalized foreign-born residents from owning or possessing firearms.

The Governor says in his notice:

"The preservation of the peace and safety of the people of the Commonwealth at this time requires constanty in the strictest enforcement of the law relating to the use and possession of firearms and other deadly weapons. Your attention is therefore directed to the several acts of Assembly relating to this subject matter:

"The act of March 18, 1875, P. L. 738, prohibits the carrying of firearms or any other deadly weapon concealed.
"The act of .May 8, 1909, as amended by the act of July 11, 1917, P. L. 779, makes it unlawful for any unnaturalized foreign-born residents."
