

YANKEE FLYERS BRING DOWN 32 HUN AIRPLANCES

But Seven U. S. Machines Lost Since Army Began Real Work in April

With the American Army in France, June 4.—Compilations which The Associated Press obtained to-day show that the American aviators flying over the Toul sector have made an enviable record.

American pursuit units since April 14, when they started operations, have shot down at least thirty-two enemy airplanes.

Four Americans killed, one by accident, two are prisoners in the hands of the Germans and the fate of to-day's aviator is not known for certain.

These victories gained by the Americans are all the more important when it is considered that most of the enemy machines shot down have been biplanes, so that the loss in these cases has been doubly great for the Germans.

Several fights which have ended disastrously for the enemy have resulted. The British are strong in their praise of the skill and the daring of the young American fliers.

Flour Is Necessary if America Is to Win War

Recent press dispatches widely circulated through the country have given the wholly wrong impression that there is no longer need for vigorous conservation of wheat and flour.

The Food Administration's estimate of the position on the first of June indicates a total available supply until the new harvest, including the grain which will be available from the farms in the country and terminal elevators and mill elevators of about 54,000,000 bushels.

Normal American consumption is something over 40,000,000 bushels a month, so that the most liberal consumption at home would be only one-third of normal.

In addition to the wheat on the farms and in elevators, there is always an indeterminate further amount in transit and in dealers' hands, and this can never be reckoned in with the flour available for use for export and use at home.

Some of the most inconvenient restrictions can, no doubt, be modified with the arrival of a large harvest but, if we are honest with ourselves we will maintain restrictions requiring the use of some substitutes, both domestic and commercial; we will continue the requirement of high milling extraction and the elimination of the non-essential use of and waste in flour and bread.

It is worth remembering that the famine in Egypt eight thousand years ago was saved by a little governmental foresight, and does not require any illuminating dream to anticipate that, so long as the war lasts, with its increasing drafts for soldiers and munition workers, the world will steadily produce less food.

PENBROOK WATER LOW J. W. McGarvey, fire chief at Penbrook, has issued a notice to residents of the town to be careful to avoid fires, as the water supply is low at the present time.

MANY RAISE POULTRY That the State Poultrymen's Association will soon reach its goal of 50,000 new poultry raisers is the belief of Ehrman B. Mitchell, War Poultry Commissioner in Harrisburg.

50 ARE TAKEN IN ROUNDUP OF GERMANS

Yorkville Section Thrown Into Panic by Raids on Saloons and Clubs

New York, June 4.—Thomas D. McCarthy, United States Marshal, and Charles F. De Woody, head of the local bureau of the Department of Justice, created a panic among the German residents of Yorkville last night by raiding German saloons and cafes and locking up all Germans whom they found had not registered under the requirements of the President's proclamation.

At 11 o'clock there were fifty prisoners in the East One Hundred and Fourth street police station, with several groups of raiders yet to be hoard from.

The raiding party, made up of fifty United States deputy marshals and twenty-five of De Woody's men, left the Federal Building in automobiles and headed north for the district lying between Fourth avenue and the East river, Fifty-sixth and Ninetieth streets.

Big Haul in Labor Temple The biggest haul was made in the Labor Temple, Eighty-fourth street and Second avenue, long a gathering place for Germans and Austrians.

TO ATTEND Y. M. C. A. SESSION The fortieth annual conference of Employed Officers of the Y. M. C. A. of North America will be held at Springfield, Mass., opening Friday morning.

PLAYGROUND SUPERVISOR HERE AND BEGINS WORK

J. K. Staples, city playground supervisor for a number of years and reappointed for the present season, arrived in the city last evening and to-day began his duties. He announced he will receive applications at once for playground instructors and within a few days will go over the system to complete plans for the formal opening on June 17, the first Monday following the closing of schools.

There are now 3,278,998 women registered for service according to their specialized talents under the women's committee. The majority are registered for industries and agriculture. This census was taken by the state committee of the council. These figures represent the incomplete registration returns from twenty-five states.

FOR ITCHING TORTURE

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy. Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

FOR THROAT AND LUNG TROUBLES

And coughs and colds that persist in spite of care and treatment, try ECKMAN'S ALTERNATIVE. For many years this Calcium preparation has conspicuously evidenced its worth, especially where tonic treatment is needed. It up-buils. Contains no Alcohol, Narcotic or Habit-Forming Drug. \$2 size, now \$1.50. \$1 size, now 80c. Price includes war tax. All drug lists. Eckman Laboratory, Philadelphia.
