You Will Never Be Cured by Local Treatment With Sprays and Douches

Catarrah is a condition of the blood and can not be cured by local applications of sprays and douches; this has been proven by the thousandr who have vainly resorted to this method of treatment. Catarrah should not be neglected or experimented with. The wrong treatment is valuable time lost, during which the disease is getting a firmer hold upon its victim, and making it more difficult for even the proper treatment to accomplish results.

Though Catarrh makes its first appearance in the nostrils, throat and air passages, the disease be-Mr. and Mrs. Roy Bates, at Shiremanstown.

REPAIRING ROADWAYS

Lemoyne, Pa., June 7.—To facilitate transportation to and from the Government plant at Marsh Run, repairs are being made to Rossmoyne street by the Government. Stones are being placed on the street where most needed. The Government officials are also making similar repairs at New Cumberland. Work on rebuilding the roadway of the Reading railroad bridge at the southern end of the borough has been completed. This bridge was not strong enough to hold the heavy automobile trucks used by the Government. The work was under way about two weeks.
