BUSINESSMEN SEEKING CLERKS NOT IN DRAFT

Big Rush For War Jobs Expected at the Last Minute PLENTY OF WORK HERE Industrial Plants Have Good Places Open For Registered Men

Notwithstanding it is now approaching the middle of June, hundreds of men in the city affected by the "War Work or Fight" order of Provost Marshal General Crowder are not making any appreciable efforts to get into some branch of employment whereby they will further the prosecution of the war, according to information received by large employers of labor this morning.

The men employed as clerks, waiters, porters, doorkeepers, ushers and at other non-essential occupations, are remaining at their positions despite the order to get into a war activity by July 1. This is notwithstanding the announcement of the large employers of labor working on government contracts that they can make use of most of the men effected by the order.

Expect Late Rush That there will be a rush during the last few days of June to get into branches of endeavor not coming under the ban of the military authorities is the consensus of opinion among businessmen in the city. A number of merchants with large numbers of clerks who will be effected by the exodus of the registrants from nonessential employments, are quietly making arrangements to fill the places of the registered youth when they leave for other employments.

Plenty of Work Large manufacturing plants like the Central Iron and Steel Company, Bethlehem Steel Works at Steelton, and the Harrisburg Pipe and Pipe Bending Company, said this morning that they have noticed no particular influx of men between 21 and 24 seeking employment. These establishments are working on government orders, and are nearly always able to employ men in their large plants. While it was conceded at the Central Iron and Steel Company and the Bethlehem Steel Works, that there has been a noticeable demand for employment by the men effected by the work or fight order, the demand has not been great.

Chance For Advancement Opinion among the employers at the large munitions plants in and near the city this morning seemed to be that the men who get into their service will be benefited by the change. The manufacturers stated that the men have the same chance for advancement in the plants as in the lines of work from which they were drafted. The scale of remuneration in many cases is higher. It was pointed out to-day that the order applies to every man no matter in what class he is subject to the order.

Police Appear in Court Wearing New Uniforms of Dark Gray; Puttees Too The Harrisburg police force made its return to court this morning in the new uniforms ordered by Mayor Krister sometime ago. The uniforms are of dark gray whipcord, and the traffic men wear leather puttees. The men make a good appearance in the new uniforms and badges. The heads of the department think the color is a decided improvement on the blue, which faded to all varieties of blue, after a month's wear. The new uniforms attracted considerable attention in the streets this morning.

CHRISTLEY PAYS WITH LIFE FOR MURDER OF WIFE

Mail Clerk Electrocuted at Bellefonte For Crime He Committed Here By Associated Press Bellefonte, Pa., June 10.—John O. Christley, a mail clerk of Harrisburg, was electrocuted early to-day at the Rockview penitentiary. Christley was convicted of killing his wife.

John O. Christley, former railway mail clerk, murdered his wife on the afternoon of July 11, 1916, at the home of John O. Hughes, 247 South Thirteenth street, a few doors away. Mrs. Christley, according to testimony at the trial, was in the kitchen with her small daughter, talking to Mrs. Hughes, Verna Hughes her daughter, and Mrs. Harriet Goings, Mrs. Hughes' mother. Christley entered the kitchen, shot his wife and then attempted to end his own life.

Big Rally to Be Held This Evening in the Interest of Palestine Restoration Fund

In the interest of the Palestine Restoration Fund, Jewish residents of Harrisburg and Dauphin county have completed arrangements for a big meeting in the Technical High School auditorium this evening. Joseph Claster, will preside at this meeting, which is scheduled to start at 7:30 o'clock. The Palestine Restoration Fund is devoted to the restoration of the Jewish settlements and institutions in Palestine, preparing for the final establishment of the Jewish homeland, expanding and continuing the work of the Zionist organization, maintaining schools of various sorts in Palestine, making loans to prospective colonists, supporting the Zionist bureau in Palestine and making the necessary plans for harbors, roads and irrigation projects. The speakers will be Rabbi Meyer Berlin and Charles Cohen, of New York City, and Rabbi Rumanoff, Rabbi Haas and Robert Rosenberg, of Harrisburg. Several vocal selections will be rendered by M. Abramson. Patriotic selections and traditional Hebrew songs will be sung by the audience.

Keystone Division to Get Further Training in France

Letters received in Harrisburg today state that the Keystone Division which was trained at Camp Hancock is now stationed in France. Of course under the military rules the exact location is not disclosed. Pennsylvania troops were landed at an English port and immediately shipped to France. It is expected that this division will have a further period of training before being sent to the fighting front under the usual practice.

BRETHREN BACK NATION IN FIGHT FOR DEMOCRACY

Money Paid For Red Cross Is Matched by M. S. Hershey The 1919 conference of the Brethren churches of the United States will be held at Winona Lake, Ind., next summer, the exact date to be set later. Decisions to this effect were reached this morning at the annual conference in session at Hershey. Next year's conference will be the fourth one held at Winona Lake and at this time services will be held in commemoration of the two hundred anniversary of the founding of the church in America. At the Sunday school conference under the auspices of the general Sunday school board this morning, addresses were given by S. G. Meyer, of Elizabethtown, on "The Christian Worker's Society's Opportunities"; R. D. Murphy, "Possibilities of the Sunday School Library"; Adam Eby, a missionary to India, "What Our Sunday School Can Do For Our Foreign Missions"; Nathan Martin, Elizabethtown, "The Sunday School as a Factor in Fostering the Devotional

Some time between midnight and dawn the gaily painted trains, comprising eighty-nine cars, each with "Ringling Brothers" lettered across the side of it, will roll into the yards of the Pennsylvania Railroad and the elephants will be here. All will be in readiness for the momentous invasion. In addition to the delegation...

Rev. Robert Bagnell Will Leave Next Week For Visit to France

The Rev. Dr. Robert Bagnell, pastor of Grace Methodist Church, will leave for France next week, where he will spend the summer along the fighting front. His passports arrived this morning. Dr. Bagnell, whose expenses will be borne by Grace Methodist congregation, will go as a representative of the Department of Public Information at Washington and with the endorsement of the Pennsylvania Commission of Public Safety and Defense. He will preach his farewell sermon next Sunday evening, when special services will be held.

KAISER IS INNOCENT OF ONE 'BARBARITY' CHARGED TO HIM

Proved Right Here at Home That the Boss Boche of Them All Never Said "Five" For Five The Hun is guiltless of one barbarity that has been charged against him. This important piece of news "broke" this morning, when it was made apparent that the "atrocity" was planted here at home on good American soil and reared and cultured by American citizens. Complaint was made to-day that since America is now at war with the Kaiser and the German language being slashed from the high school curriculum and all that sort of thing, it is high time to have telephone girls right here in Harrisburg stop talking German. The use of "five" for "five" and the patriotic "kicker," "oughta" to be stopped. The girls "oughtn't" to give aid and comfort to the enemy. Telephone officials here who countenance the use of "five" and the rolling "three-rr-see" were not quite sure that a mistake was not made when the School Board stopped the study of the Hun tongue.

Survivors of Submarine Attack Report Sinking of an Unknown Schooner

Norfolk, Va., June 10.—Sixteen survivors of the crew of the American freighter Pinar Del Rio which was sunk by an enemy submarine off the Maryland coast, Saturday, said on their arrival at Elizabeth City, N. C., today, enroute to Norfolk, that shortly after the submarine sent their party to the bottom they witnessed the sinking of a schooner a few miles away. FIND NO U-BOAT BASES Washington, June 10.—A methodical survey of the entire Atlantic coast from the Mexican line to Halifax has failed to bring to light any evidence that the German submarines have employed a shore base or have had touch with the shores at any point, Secretary Daniels said today. This was taken as an official denial of reports that strange signals had been seen at night from remote sections of the coast.

Yankee Fighters Got in Good Work Before German Bullets Put Them Away

Paris, Sunday, June 9.—"We certainly got a few of them before they got us," said the American Marines and infantrymen wounded in the Bouresches-Veuilly fight and who now are in Paris hospitals where the nurses marvel at the good spirit of the men. "Mother and father told me to get them and I did," said Theodore J. Waldem, of New York City, a member of the Marine Corps, and whose parents were born in Germany.

Women May Have to Give Up Stays to Stay Huns

Washington, June 10.—Women may have to go overseas to help win the war. Tremendous amounts of steel, used yearly in stays for these women's essentials, are even more essential to war needs, the War Industries Board intimated to-day.

KAISER PAYS HEAVY TOLL IN NEW BATTLE

FURIOUS GERMAN ATTACKS BROKEN BY FRENCH FIRE

American Marines Continue Their Advance Against the Enemy on the Marne HUN LOSSES ENORMOUS Counterattacks by Poilus Win Back Some of Ground Lost in Battle By Associated Press Paris, June 10.—The new German attack on the front between Montdidier and Noyon continued last night, with undiminished violence, the war office reports. On the French front, left wing furious German attacks, made time after time, were broken by the French fire.

In the center the enemy, bringing up reinforcements, made further progress, reaching the southern part of Cuvilly wood and Rezonans-sur-Matz. Americans Gain Ground French and American troops continuing their attacks in the region of Bruissieres, on the Marne front, gained more ground and took prisoners. On the French right wing along the front of the new attack bitter fighting continues. The French took more than 500 prisoners in various engagements. Prisoners report unanimously that the losses of the Germans thus far in the battle which began yesterday morning have been extremely heavy.

Battle Wages Fiercely The statement follows: "The German push was continued yesterday evening and last night with the same ferocity. "On the French left wing violent attacks were renewed on several occasions, but they were broken by the French fire and by counterattacks by our troops. The town of Courcelles was captured and recaptured and finally remained in our hands. Bitter Fighting "On the right the French forces maintained their positions to the southeast of Villy. Here there was fighting during the night. French troops captured more than 500 prisoners in the course of these various engagements. "On the center the enemy endeavored to bring in fresh forces to continue his progress. He was successful in reaching the southern edge of Cuvilly wood and Rezonans-sur-Matz, but the center of the front. Further to the east the fighting was continued in Thiessout wood. Hun Losses Enormous "According to the unanimous reports of prisoners the battle up to the present time has cost the enemy enormous losses. "The north of Rheims there has been fairly spirited artillery fighting. French forces completed the operation on which they embarked yesterday to the east of Hautbecq, and took 150 prisoners. "Between the rivers Ourcq and Marne French forces repulsed several German attacks east of Villy. Continuing their progress in the region of Bruissieres French and American troops gained ground; brought up to 250 the number of prisoners taken and captured thirty machine guns.

French Guns Mow Down Huns, Who Are Paying Full Price For Gains London, June 10, Via Ottawa.—Telegraphing from the French Army headquarters late last night the correspondent of Reuter's Limited, says: "Latest reports from the battlefield are encouraging. The French are fighting bravely and with great tenacity. "The denseness of the enemy's formation was greater than in previous attacks and this longer and more extraordinarily heavy for the guns had him at their mercy and they did terrible execution. "Several anxious days are ahead. It is certain the enemy will make an extremely bitter fight of it, but he is paying the full price for every mile."

BOCHE PEACE PLAN WOULD MAKE HUNS RULERS OF WORLD

No One Would Dare Oppose Mittel Europa When Teutons Reign Supreme, Dream of Imperial Vice Chancellor "WORLD'S FATE WOULD BE IN GOOD HANDS" Russia, Bulgaria, Turkey and Poland and Austria-Hungary All Would Be Dominated in Latest Scheme By Associated Press Amsterdam, June 10.—Permanent economic and military union between Germany and Austria-Hungary, "with the gradual disappearance of customs duties and frontiers," is proposed by Friedrich Von Payer, imperial vice-chancellor of Germany, in a statement published in the Neue Friepresse of Vienna. Included in this scheme of a Mitteleuropa under domination of the central powers are Russia, Poland, Bulgaria and Turkey. The vice-chancellor points out that with this union once effected, the peace of Europe would be in the hands of the Teutonic allies, the settlement of vexing problems arising from the war would be made more easy and the solution of internal questions would also be facilitated. In his statement the vice-chancellor said in part: "Wants World Disarmed "It would be, indeed, fine if general disarmament would be reached with the conclusion of peace. Let us take a stand for the present, however, on facts and make the alliance complete. "Once Germany and Austria-Hungary are economically and politically united, who in the world would have the courage, whether alone or with others, to run against this bloc, especially when the war preparations of the allied empires are unified, when France is weakened to such a degree as she appears today to be? The central empires, and especially Russia can be neither a menace to its enemies nor a protection for political states which play the role of perpetual disturbers of the peace and intriguers; when the northern border states are the military followers of Germany; when Poland is allied to the central empires, and when neither starvation in the central powers or dissension between them can longer be accounted upon. "The peace of Europe will then rest in the hands of united Germany and Austria-Hungary, and will be in good hands. With every economic and political agreement, which takes place between the new alliance and the Balkan states, or even with Turkey, the importance of the bloc and consequently its guarantee of peace, still further increases."

MAIL IN THE AIR FROM LONDON TO PARIS BEGINS Paris, June 10.—An aerial postal service between London and Paris has been successfully inaugurated. The aviator, Lorgnat, concluded his third round trip yesterday in five hours and fifteen minutes. The return voyage was rendered difficult owing to the strong head wind and deep air pockets.
