Mother's Day Remembered By Soldier Now in France, Who Writes Letters Home

Corporal Gordon A. Berkstresser, of the supply company of the Fifteenth Field Artillery in France, writes his mother in Harrisburg a loving message under date of May 9. He says:

"Dearest Mother: After an absence of over a year from your loving protection and wonderful guidance I am thinking of you in connection with Mother's Day.

"I have been trying for some time to find out the date of the day. This morning at church the chaplain told us and reminded us of our duty.

"Some of the boys in my room never heard of 'Mother's Day' and I am getting them to write their mother a special letter.

"Although several thousand miles away from your loving, watching eye, I am doing my best to live up to the ideals you have pointed out to me.

"Life has been sad without you more so since I crossed the sea, but the life I live without you will do you heart good to see.

"If it were not for the help of hand of the Y. M. C. A. in keeping us in touch with things loving and beautiful, many mothers' boys would have a very hard road to travel.

"I am doing my best to keep your home from becoming like the homes of the French mothers, whose babies have become orphans.

"God bless you, mother O mine! May your smile be as full of sunshine when I see you again as it was when I left you, for I am coming home, mother, if not on earth I will see you in a more beautiful home.

"GORDON.

MORE FARMERS WANTED AT CURE MARKET

Six dealers attended the Kelker street cure market to-day, the largest number on Saturday since the market opened, three weeks ago.

During the present week twenty-seven permits were issued, eleven on Tuesday, ten on Thursday and six Saturday.

More residents are beginning to buy at the market, which would be more successful if more farmers and other dealers attended.
