## A New, Harmless Way to Banish Hairy Growth

(Beauty Topics)  
By following this suggestion any woman can, in the privacy of her own home, remove every trace of hair or fuzz from her face. With powdered delatone and water mix enough paste to cover the not wanted hairs; apply and in two or three minutes rub off and wash the skin. This method is unfeeling, harmless and quick in results, but care should be employed to get the genuine delatone.

## LIQUOR SHORTAGE WILL CUT CLUBS

Hotels to Be Given Preference Over Social Organizations and Family Trade

Sunbury, Pa., June 19.—At a meeting of wholesale and retail liquor dealers held here yesterday, it was decided to cut out the club and family trade if the liquor shortage continues. The plan is to be taboed in Northumberland county this summer, as far as the breweries and beer wholesalers are concerned.  
The brewers point out that the \$200 annual liquor license, the big rents and other expenses of hotels give them preference. Clubs will be given second preference, but there was an inclination, according to hotelmen, to refuse beer to clubs for Sunday consumption.

She was 18 years old. The young woman had been employed at a sewing factory in Hanover, boarding with a family at that place. ## 82 FINED FOR AUTO SPEEDING

State Police Sergeant Checks Up Tourists For Exceeding Limit Near Gettysburg

Gettysburg, Pa., June 19.—Following a number of complaints about reckless driving on the Lincoln Highway, eighty-two motorists were fined by State Police Sergeant Campbell, charging eighty-two automobile owners with exceeding the speed limit. Practically all of the offenders were tourists, and the majority were from Philadelphia, Pittsburgh and York, and all of them were notified that the fine of \$10 and cost of \$4 could be paid and the matter closed. The money has been committed in steadily, all of which goes to the state. The offenders were all committed on a measured eighth of a mile course about four miles east of Gettysburg. Sergeant Campbell was stationed there last Sunday. He allowed fifteen seconds for the section, which would have made the car travel at thirty miles an hour. Eighty-two of them went faster than this, so that there was no question of the law being violated, the rate allowed on state highways being only twenty-four miles.

# Is Your Hauling Cost A Known Quantity?

**YOU** can prove the dollar earning ability of motor trucks.

**First:** Get the right make of truck. That secures your investment.  
**Second:** Install an accurate, unbiased truck cost system. That eliminates the guessing that costs money. It shows up the waste, if any, in operation and maintenance. It gives you a picture of the hours each day your truck is standing idle when it should be hauling loads.

Twenty-six thousand Packard trucks are in the service of owners today. Costs kept on thousands of these trucks have confirmed the judgment of these owners.

In the national truck operating efficiency test launched by the Packard Motor Car Company, owners of Packard trucks are urged to adopt the National Standard Truck Cost System. It was originated by the Truck Owners' Conference, Inc., an organization composed of men owning many different makes of trucks.

If you are seeking "rock-bottom" trucking costs get the right truck and check up its work on the Standard form, supplied by any Packard Branch or Dealer.
