The Plattsburg Camp Manual Advises Men in Training to Shake a little Foot-Ease in their shoes each morning.

Do this and walk all day in comfort. It takes the Friction from the Shoe and freshens the feet. At night, sprinkle it in the foot-bath, and soak and rub the feet. For over 25 years Allen's Foot=Ease has been the STANDARD remedy for hot, swollen, smarting, tender, tired, perspir-ing, aching feet, corns, bunions, blisters and callouses. Used by the American, British and French troops in Europe. One war relief committee reports that of all the things sent out in their Comfort Kits, Allen's Foot=Ease received the most praise from the soldiers and sailors. Why not order a dozen or more 25c, boxes to-day from your Druggist or Department Store to mail to your friends in training camps and in the army and navy. Sold Sample FREE by mail. Address, ALLEN S. OLMSTED, LE ROY, N. Y. everywhere.

"The way the Americans have developed as fighters is one of the most amazing features of the war, remarks a high officer of the British Staff to the London correspondent of the New York World. "Those engaged in the present and last offensive were placed beside a French corps d'elite. It was their first experience in a big battle. The Americans fought as superbly as the crack veteran French corps beside them, displaying all the finest fighting qualities—dauntless courage, stubborn tenacity, coolness, initiative, and resource."

The leading article in THE LITERARY DIGEST for this week, June 22d, deals with the fighting qualities of the American soldiers, and includes the opinions of Canadian, English and French allies who have been fighting with them shoulder to shoulder.
