

BLIND ARMY POET'S SIGHT RESTORED

Operation at Washington on Thomas Skeyhill, Famed War Lecturer, Effects First Complete Shell-Shock Cure on Record—He's Going Back to Trenches

Washington, June 21.—The gas cloud, the bayonet thrust and the bullet wound have caused many a repetition in the war of the familiar story of the "Light That Failed." But among the thousands of combatants whose blindness will ever through their lives prove a poignant sacrifice is one who almost miraculously has recovered his sight. And as an inspiring sequel to the story of his physical rehabilitation, the victim has announced his intention of going back to the fierce fighting before Gallipoli in 1915 that Thomas Skeyhill, a signaler in the Anzac forces, was instantly blinded by the blast of an exploding shell.

Let's All Live in RIVERVIEW

Watch the Little Pimples; They Are Nature's Warning

Unsightly and Disfiguring Signals of Bad Blood

Don't close your eyes to the warning which nature gives, when unsightly pimples appear on your face and other parts of the body.

Not only are these pimples and spots serious skin diseases that spread and cause the most discomforting irritation and pain. Sometimes they foreshadow eczema, boils, blisters, scaly eruptions and other annoyances that burn like flames of fire, and make you feel that your skin is ablaze.

When these symptoms appear on any part of the body, take prompt steps to rid the blood of these disorders. And the one remedy which has no equal as a purifier is S. S. S., the purely vegetable blood medicine, which has been on the market for more than fifty years. It is sold by druggists everywhere.

If you are afflicted with any form of skin disease, do not expect to be cured by lotions, ointments, salves and other local remedies, as they can not possibly reach the source of the trouble, which is in the blood. Begin taking S. S. S. to-day, and write a complete history of your case to our chief medical adviser who will give you special instructions, without charge. Write at once to Swift Specific Co., 441 Swift Laboratory, Atlanta, Ga.—Adv.

BRITISH LOSSES IMPEL MEMBER TO URGE PEACE

Says 72,140 Men Have Died Since January in the Fighting

London, June 21.—Philip Morrell, member of Parliament from Burnley, said in the House of Commons yesterday that Great Britain's losses in the field since January were 72,140 killed and 300,000 wounded and missing, a total of 372,140.

He made the statement after moving a resolution urging the Government to settle the war by agreement, and that the House should express its opinion on the subject.

Replying to queries from Philip Snowden, Socialist, Foreign Minister, Dalfour, in the Commons, late yesterday, made this declaration: "We mean to continue the war for great ends and motives. Nobody wants its continuance for petty aims."

Later in the course of the debate the Foreign Minister explained: "We passionately desire an honorable peace, but it is attainable only by fighting."

The Foreign Minister said he did not believe the Germans proposed reasonable offers to the Allies as a whole, but was, rather, bent upon seeking one member for separate dealings.

To queries from pacifist members, the Foreign Minister said: "So far as I know, there is no difference between President Wilson's war aims and those of the Allies. They are working toward the same end. Any reasonable proposal will be considered on its merits."

Consolidated Express Co. to Raise Rates 10 Per Cent.

Washington, June 21.—The Consolidated Express Company, to start operation July 1, will increase its rates about 10 per cent with the sanction of the Interstate Commerce Commission, it was learned yesterday.

Many exceptions to the general increase are to be made.

OILING ROADS IN OUR COUNTY

State Highway Department Is Making Surveys in the Juniata Valley as Well

Extensive oiling of the State Highways in the upper and eastern parts of Dauphin county is under way as a part of the maintenance of the State system and repairs are also being made on the stretch of Father Penn's road between New Cumberland and Lewisport.

It has been hard hit by the big trucks hauling materials to Marsh Run. The oiling in the Lykens Valley is being done with the greatest care and the highways in that section, which have been given the personal care of Deputy Commissioner George H. Biles are in prime condition. Some attention is also being given to the River Road above Dauphin.

In the Juniata Valley, notably in Mifflin county, some surveys are being made to obtain estimates on projected improvements on the William Penn Highway. In one section two miles are being covered by engineers as the plan is to have the improvement made this year if things go well.

In Perry county some stretches of this highway are being bettered. In Huntingdon county a big stretch of road from Mill Creek to Mt. Union is under way and in Hollidaysburg a contract for street improvements is under way by agreement with the state. Work has also been started on a new state highway near Lewisport, where the Ferro-Concrete Company, of this city, has a contract.

State officials say that they would like to improve the stretch of the William Penn Highway in Paxtang borough if the borough officials would enter into an agreement.

Many to Write Up.—Owing to the large number of cases acted upon by the State Board of Pardon at its June sessions, the longest in recent history of the tribunal, the pardons will hardly be issued much before July 1. Reasons will be worked out once and the papers then sent to the governor for his action. This month the board sat for hearings on two days, something which has been done only twice in the last decade.

Up to Eight Cents.—The Schuylkill Railway Company, operating in Schuylkill county, filed a notice with the Public Service Commission increasing its fares from seven to eight cents on all divisions except that between Pottsville and St. Clair. The Lackawanna and Wyoming Valley has filed notice of increase of rates on its own lines and on joint rates, and the Erie Railroad Company has advanced rates from five to six cents. A State College Motor Bus line has given notice of a raise in its rates of fare as has the Glenshaw Natural Gas Company.

Commission Stands.—The Public Service Commission has refused to change its ruling in regard to the ascertainment of the cost of the plant of the Reynoldsville Water Company by the borough of Reynoldsville, Jefferson county. The commission says that it is "of the opinion that 'cost of erecting and maintaining' was used by the Legislature to cover what is generally known as capital expenditures and was not intended to include ordinary repairs" and adds "We do not believe that the legislature provided a plan which would make the amount of the purchase price depend upon the method of financing adopted by the company or upon the decision of its directors as to the disposition of net earnings."

To Finish Road.—Officials of the State Highway department are arranging for either the State to take over completion of the road construction on the Baltimore and Annapolis Media or for awarding of some new contracts. This work was started last year and nothing has been done this year, the contractors reporting that they were against abnormal conditions. The demand for continuation of the road work has been general.

To Attend Ceremony.—Governor Brumbaugh and members of his staff will meet in Philadelphia tomorrow morning to go to Trenton for the ceremonies attending on the opening of the bridge. Several State officials will attend, among them Auditor General Snyder, President Pro Tem Buckman and others.

Lebanon Report.—The report of the Sprout campaign in that county was the last of accounts of the primary campaign to be entered. It accounted for \$2,900.

Arrests Are Due.—Arrests are understood to have been ordered in Philadelphia and other Eastern counties by Deputy and Food Commissioner James Fouat for alleged selling of cotton seed oil labeled as olive oil. In the last three weeks dozens of samples of oils sold as olive oil have been taken in Philadelphia.

To Check Disease.—State Health Department authorities are taking steps to check the spread of smallpox in Potter county which has been which to a lumber camp and which was erroneously diagnosed by a physician as chickenpox. The center appears to be about Oswayo and has prevailed in that vicinity since February.

To Make Awards.—Highway Commissioner O'Neil will probably make some award of state road contracts when he returns to Harrisburg early next week, bids having been tabulated for his inspection. The commissioner yesterday gave a picnic to the children of McKeesport, an annual event for fifteen years.

Watching Situation.—The situation in Philadelphia where politicians and others in public service are engaged in a controversy over wages and public property may be unguarded is being watched with the closest interest at the Capitol. The State Police or Reserve Militia would not go in unless asked by the sheriff, but state property will be under special officers.

Guffey Reports.—The Guffey campaign committee filed its statement showing receipts of \$15,185.33 of which Mr. Guffey gave almost \$2,000. W. J. Brennan was the largest contributor next to him.

eight names, divided as follows: Killed in action, 5; died of wounds, 1; died of disease, 3; wounded severely, 27; wounded, degree undetermined, 1. The marine corps casualty list issued to-day contained 127 names, divided as follows: Killed in action, 19; died of wounds, 19; wounded severely, 98.

Pennsylvanians named included the following: Army, severely wounded, Corporal Mike P. Quinn, Conifer; private, Alexander Dolass, Forbes Road; John F. Wintzer, Erie. Marine, died of wounds received in action, Private Stanley D. Carpenter, Pittsburgh; severely wounded, Sergeant Raymond A. O'Keefe, Carnegie; corporals, Peter P. Rich, Aiden; Howard S. Dorsey, Philadelphia; private, Raymond F. Simpson, Columbia; Joseph F. Wnuk, Mahaffey; corporals, John Herran, Philadelphia, and George P. Hunter, Davistown.
