How You Can Quickly Remove Hairy Growths

A well known beauty specialist ad-sises this treatment for the removal of hair from the face. Mix into a paste some powdered delatone and water, apply to hairy surface and after about 2 minutes rub off, wash the skin and every trace of hair has made late yesterday by the Harrisvanished. This method is quick and entirely safe. To avoid disappointment, however, it is well to make certain you get genuine delatone.—Adv.of their investigation.

Case 1724—School teacher; Residence—Kentucky; severe operation: left her weak, anaemic, nervous; low vitality. Physician recommended Bio-feren. Two weeks' treatment showed remarkable improvement. Doctor reported, "Bio-feren had done wonders for her."

Another case—Pennsylvanian, reports: "I have taken about one-half of the Bio-feren pellets and must confess that I feel like new."

A Kentuckian woman says: "I have taken Bio-feren regularly and feel much benefited. I can use my arms much better. However, can not get my hands to my head sufficiently to comb my hair, but I feel that I will soon be able to do that."

able to do that."

You want the vigorous health and ruddy beauty that is dependent on strength, nerves and red blood. Everybody does. Read those reports above, again. You, too, if you are dragged down in health and strength because of overwork, worry, nerves, and similan causes can rebuild your health and strength with Bio-feren. It is not a stimulant. It is a builder—a builder of

strength with Bio-feren. It is not a stimulant. It is a builder—a builder of better health.

printed directions are:

The term "American Expeditionary Forces" covers United States units and organizations in Great Britain, Italy, etc, as well as in France and includes civilians connected with said forces. Men in the United States Navy (including Marines) who are stationed on shore in Europe are a part of the American Expeditionary Forces. Approyed requests are not required for packages addressed to U. S. Naval vessels "care Postmaster, New York, N.Y."

A request for articles must be approved by an officer who is a major or of higher rank. Requests approved by officers of lower rank than major must be sent to the Adjutant General of the Army, Washington, D. C., for approval before it can be accepted by the Post Office.

Parcels complying with the foreign regulations and addressed to individuals (including members of the American Expeditionary Forces) at civil addresses in Great Britain or other European country, do not require approved requests.

Approved requests are necessary for books, but not for newspapers and other publications entered as second-class matter, when mailed by the publishers to subscribers, or when mailed by individuals at the rate of one cent for each four ounces or fraction of four ounces.

The sender is required to place on the wrapper of each parcel, under his name and address, the indorsement, "this parcel contains only articles sent at approved request of addressee which is inclosed." Parcels, whether sealed or unsealed. containing articles not being sent in accordance with such approved written request will not be accepted for mailing. See also "Export Licenses" below.

Parcels should bear the full name of addressee with title (such as private, sergeant, lieutenant, etc.), full name of the unit (division, regiment, company and organization) to which assigned and the words "American Expeditionary Forces." The location of the unit or country of destination should not be included in the address. Parcels so addressed are subject to the eighth-zone postage rates, are limited to seven pounds in weight and may not be registered, insured or sent C. O. D. Customs declarations are not required

Merchandise sent by individuals serving in the Army or Navy and American Red Cross connected with the American Expeditionary Forces in Europe, is covered by general "Export License No. RAC 43." MAIL TO FRANCE IN AUSTRIA BEG CRUST OF BREAD

Scorn Financial Aid, but Appeal From Door to Door

Lendon, June 21 .- A picture of conditions in Vienna is drawn in a dis-patch from The Hague to the Times, eproduced from the Arbeiter Zei-

"Every Sunday afternoon at 6 o'clock there comes a modest tap at the door. A little boy and girl stand outside, tiny, pale, as thin as shadows. They shrink into a corner, and if you ask them what they want a little voice whispers and "Please give us one small piece of

bread.'
"Children knock at many, many doors and yet only three wretched little scraps of bread are to be seen in their dirty little aprons. They get the same answer everywhere.
"We haven't bread enough for ourselves; here's a kreuzer (about half a cent) for you."
The little chap shakes his head energetically and plucks his little sister back.

"No money; father won't allow it." Doubtless it is hard enough for him Doubtless it is hard enough for him to see his children go begging bread, and if he were not ill he would not even allow this, but they are hungry, and they beg for what is their good and three times sacred right as children—they beg in order to be satisfied.

Unfortunately these are not the only ones who go from door to door begging bread in order to obtain the least that man can ask for, and

which, nevertheless, has become so costly. The old newspaperwoman who comes to check the gas meter, the locksmith's boy who has to deliver a key, the scissor grinder and the pretty postwoman—they all say more or less frequently:

"Please give me one small piece of bread."

bread."

For they are hungry and filled with the very right feeling that it is no shame to beg for bread—at least no shame for these, who must beg only because of those whose fault it is that bread has become so scarce. These beggars are all people who work honorably and hard. Even tired, sad women who come on Sundays have worked to exhaustion during the week and in return for this they have the Sunday pleasure of saying:

'Pleuse give me one small piece of 'Please give me one small piece of bread."

Come to RIVERVIEW **Proof that Some Women** do Avoid Operations

Mrs. Etta Dorion, of Ogdensburg, Wis., says "I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."

How Mrs. Boyd Avoided an Operation. Canton, Ohio.—'I suffered from a female trouble which caused me muc, suffering, and two doctors decided that I would have to go through an operation before I could

I would have to go through an operation before I could get well.

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty, I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."— Mrs. Marie Boyd, 1421 5th St., N. E., Canton, Ohio.

Silk Stockings Ban Vexes Service Women

Philadelphia.-Women in Phila-Philadelphia.—Women in Philadelphia engaged in war work and wearing uniforms, insist that certain regulations prescribed governing the wearing apparel of women yeomen are absurd. The idea, they say, that the girl who patriotically accepts a rating in the United States Navy must not wear silk stockings is ridiculous. They insist that if the girls have been educated to wear silk stockings, no naval uniform designer has any business interfering with their stockings when prescribing their uniforms.

their stockings when here informs.

Locally, the uniformed wemen are permitted to wear silk stockings, liste thread or wool as they please. Furthermore, they can select any color they prefer and ever wear fancy ones. Why should not a woman yeoman, they ask, be permitted to do the same thing?

How much more attractive a woman's ankle looks in a silk stocking they dismiss as unworthy considera-

they dismiss as unworthy considera-tion. The possibility that a display of silk hose is to be preferred to an exhibition of a cotton variety should a yeowoman get the habit of hooking

a yeowoman get the habit of hooking top, a habit quite common among top, a hibit quite common among her brother officers in all departments of the service, they also decline to admit is worth considering. They base their criticism solely on the comfort a woman finds when she feels her trotters incased in silk and insist that no naval regulations should be permitted to rob her of that pleasure, especially as she has volunteered for a patriotic service.

potatoes this year than ever in its history.

Announcement was made recently by the Ministry of Food that approximately 900,000 acres of potatoes had been planted in Great Britialin this year. The returns upon which these figures were based came from persons farming one acre or more and showed an increase of twenty-five per cent. in the 1918 planting as compared with that of 1917.

Allotments and cottage gardens were not included in the census of the food officials. The proportion of land this year planted in potatoes by allotment holders is also far greater than in any other year.
