GETTYSBURG IS IN FIRST CLASS

Increase in Stamp Sales Gives Post Office at Battle\*eld Town Higher Grade

Gettysburg, Pa., June 21.—Official announcement has been made that beginning with July 1 the Gettysburg post office will be designated as an office of the first class. With this distinction goes an increase in the pay of all clerks to \$1,200. Ordinarily it would raise the salary of the postmaster and his assistant, but a resolution in Congress prevents all such salary increases during the period of the war. The new local classification is occasioned by the fact that during the past year the sales of stamps and stamped paper passed the mark of \$40,000, which is the requirement for a first-class office. It is said that the present camp receives almost as much mail as the big camp last summer when it was at its height and had several times the number of men now here.
