With Choir and Organist

[Other Churches on Page 14]

During the week the best musical talent in the city has been heard in connection with the special services in Messiah Lutheran Church. Two of the foremost organists, Frank A. Theberge and Alexander Kuschwa, were heard in recitals on the fine three-manual electric organ, both giving compositions of the best writers. The organ builders were especially well pleased with the performance of their handiwork, there being not a single hitch in the mechanical operation. Mrs. Ernest Keyes, who is the church organist, was heard with pleasing satisfaction in the solo and choir accompaniments.

Singers, too, occupied first places on the musical programs, the resources of other choirs having been drawn upon by Musical Director Abner W. Hartman. Among the soloists were Clarence H. Sigler, bass, of St. Stephen's Protestant Episcopal Church; George Sutton, baritone, of Pine Street Presbyterian Church; Mrs. Derry Street United Brethren Church choir, and John P. Gibson, tenor, who received his early training with St. Stephen's choir, but who now is singing at Bethlehem Lutheran Church. The week at this particular church was a distinct success in a musical way.

Miss Martha Shartzler, soprano will be heard with Westminster Presbyterian choir on Sunday. Miss Shartzler is a sister of Mrs. William Wagner, of New York, who formerly was Miss Grace Shartzler, a well-known soprano and pupil at the Harrisburg Conservatory, also soloist at Olivet Presbyterian Church. The quartet and sixes quite gifted in voice and bids fair to assume a not unimportant part in music circles in the city.

"I Waited For the Lord," Mendelssohn's beautiful work, will be sung at Reformed Salem Church to-morrow morning by Mrs. C. W. Myers, soprano; Mrs. William Heisley, contralto. Another Mendelssohn number to-morrow evening will be sung at Bethlehem Lutheran Church, "Oh, For the Wings of a Dove," from the "St. Cecilia," (No. 1), Batisse; "Gloria Patri"; "Awake My Glory," Psalm CVIII 1, 2, 3. "Andwick, with incidental solo, Mr. Cassel; duet, "I Waited for the Lord," Mendelssohn. Mrs. C. Myers, Mrs. William Heisley; "March in B flat," Faulkes.

Another Telegraph Lad Is Called to the Army A. L. Bistline, of New Bloomfield, is the latest employe of the Harrisburg Telegraph. He leaves his home to enter the army of democracy to put an end to the depreidation of the power of drunk Hohenzollern family. Bistline's home is near New Bloomfield, his mother's address having been, rural road 3, but he registers in Harrisburg on June 5, 1917, and will leave with the city contingent for Camp Lee, Va., on Monday. He was formerly employed in the pressroom of the Telegraph. His entrance into the army will raise the number of employes of the organization in the United States service to considerably more than a score.

C. E. NOTES

Oklahoma Endeavorers have placed 25 Bibles, fifty Evangelists and a number of other books on the battleship Oklahoma for devotional reading. The social committee will have charge of the meeting at the Second Reformed Church on Sunday evening. Endeavorers do not miss it.

Henry Bruce and Miss Emma Sunday, two popular Endeavor workers, will have charge of the C. E. service at the Fourth Street Church of God on Sunday evening. State Street United Brethren Endeavorers will start the "How to Have a Good Time" at the C. E. meeting to-morrow evening. Mrs. W. H. Zimmerman will lead the service.

Charles S. Ulrich and Levi Bolton will make the program interesting at the "How to Have a Good Time" at the C. E. meeting to-morrow evening. Mrs. W. H. Zimmerman will lead the service. An Australian Endeavorer recently organized a society in Egypt, the members of which distributed Gospels, Testaments, books and writing materials among the sick in military hospitals.

Harris Street Keystone Leaguers will have a good time on Sunday evening. All Endeavorers are urged to assist the social committee during the service. Miss Dorothy Martz, a member of the Junior committee of the St. Matthew's Lutheran Christian Endeavor society, will conduct the C. E. service at the church on Sunday evening.

Westminster Presbyterian Endeavorers will study the topic, "How to Have a Good Time," at the C. E. service, all Endeavorers are urged to attend. The following statement was issued by the Rev. H. A. Sawyer, pastor, to establish a nursery for the care of small children every Sunday morning during church services. "The nursery and the children will be in competent hands."

SOLDIERS WILL BE GIVEN WORK

State Plans Call For Immediate Steps to Furnish Employment to Maimed Men

Plans for Pennsylvania to take care of such of her soldier sons who return from France disabled by wounds or incapacitated for former employment will be passed upon at a meeting to be held at the Capitol building about time by the special committee named to consider the matter. This state has been acting in conjunction with the National Red Cross in inquiry as to what is being done in Canada, S. S. Riddle, of the Department of Labor and Industry, having been detailed to make an investigation throughout the Dominion. The idea is for Pennsylvania to launch its work at the earliest possible moment and to co-operate with the national government when its plans mature.

In addition to Mr. Riddle, who has been in Canada for the last four weeks, L. R. Palmer, commissioner of labor and industry, and Adjutant General F. D. Beary have been working on details and hundreds of manufacturers have sent word that they are ready to take men who may be maimed or unfit for former callings by reason of their military service for their country. The state work will be undertaken on a very extensive scale and questions asked of employers have met with a hearty response.

More Dressers.—Incorporation of coal companies, which was the big business in the issuance of charters last winter is now having a variation, a number of applications for establishment as companies of firms engaged in reclaiming or dredging coal from rivers and creeks having been approved in the last six weeks. Most of these companies are to operate on the Susquehanna, Schuylkill and Lehigh rivers and their tributaries. Several have been chartered for Northumberland county alone.

Prepare For Camps.—Canvas for the first encampment of the brigade of the National Guard of Pennsylvania was laid out in the hands of the printer and will call for some strenuous work between July 13 and 20. The men will take hikes over the surrounding country in the work of actual warfare. Appointments made this week have filled up the vacancies existing among most of the regimental officers, including the majors and chaplains and selection of an adjutant and judge advocate for the brigade staff is expected soon. A number of the units are drilling preparatory to camp.

Hearings Set.—The State Industrial Board is arranging for hearings to be held here on two important safety codes which it is intended to promulgate during the coming fall. One will govern transmission of power and affect hundreds of establishments. It is to be taken up at a hearing on June 25 and the other dealing with the regulations for wearing of goggles in various industries, which will have the force of law, will be submitted for discussion and criticism.

Mr. Hess Here.—Representative A. B. Hess, of Lancaster, was a visitor here yesterday. New Auxiliaries.—Steps are under way for the creation of another auxiliary game preserve in Bucks county. There have been auxiliary reserves laid out in Clarion and Luzerne counties and the Bucks is the latest one to ask for such a privilege. The failure of western Pennsylvania to come forward with petitions for such reserves has been a disappointment in that part of the state. The uncertainty about leases and the possibility of coal, oil and gas underneath the land, which is being considered, but makes some recommendations of the state are known of, but the owners are not enthusiastic for a period of years.

Good Prospects.—Commissioner of Fisheries Nathan R. Buller, who has been in a tour of inspection, is of the opinion that the bass season which starts on July 1, under the new fish code, will be a very successful one. Trout fishing, which is commencing in the same way, but late. The commissioner says he has had but little complaint about season changes.

Read Cases Settled.—The State Compensation Board has awarded compensation to the widow of Thomas Reynolds, Philadelphia, killed during the recent strike at a wrecking crew on the Reading system near Philadelphia. He was engaged in helping to replace an engine on a truck when run down by a train. It is held that the engine was not engaged in interstate commerce. Compensation has also been awarded the widow of Michael C. Moore, Wilkes-Barre, against the Lehigh Valley railroad, it being found that he was a conductor on a repair train and had finished his shift for the day when he was struck by a train. A subsequent order of which there is no evidence that it was for interstate work. In Duby and Kramer vs. Philadelphia and Reading railroad it is found that injuries were sustained while engaged in interstate commerce in preparing trains for movement out of the state.

Big Calendar.—Hearings will be held on the next day by the Public Service Commission, an unusual condition due to the numerous complaints filed from the Wilkes-Barre district where sitings will be held on the last three days. The electric rate cases from Luzerne county will be heard Thursday, forming the largest single list of cases under one company. Monday argument will be heard on the Jersey Shore water merger and a date may be fixed for consideration of the Philadelphia Transit lease.

Changes Complaint.—Gabriel H. Moyer, solicitor for Palmyra Borough, to-day notified the Public Service Commission to substitute the complaint filed against the Lehigh Valley Consolidated Water

Restaurant Man Is Off For War Camp Monday

John Boutsells, manager and part owner of the Crystal Restaurant, 418 Market street, who will leave on Monday for Camp Lee, Petersburg, Va., with the Harrisburg contingent of men, is tendering a reception to his many friends at the restaurant this afternoon from 1 to 6 o'clock.

Company by the borough against the Gravel Hill Water Company, which succeeded it after judicial sale. The charge is made that the company does not furnish fire protection. The case is before the county court, which appeared on a dairy farm in Pittsfield township, Warren county, supplying milk to a Philadelphia dairy concern, has caused a stoppage of shipments of milk from that farm. Sharon and Bakerton also reported cases to the State Department of Health.

Unusual Complaint.—The Edinboro Telephone Company has filed a complaint against the People's Telephone Company operating in Erie county, alleging that the People's company to advance its rates contrary to a provision of the law after certain notices and also that instead of using poles it strung wires on trees. New Notary.—Frances McLean, of Gettysburg, was appointed a notary public to-day.

Markle's Appointment.—Governor Brumbaugh to-day announced appointment of George E. Markle, Hazleton, to be a trustee of the State Hospital at Hazleton to succeed the late James E. Roderick, State Chief of Mines.

Two Inspectors.—Mrs. Edna M. Roney, Philadelphia, and Harry L. Johnson, Laceyville, were to-day appointed state factory inspectors to fill vacancies.

Another Goes Up.—The South Bethlehem and Saucan Street Railway Company has announced an increase of fare from five to six cents.

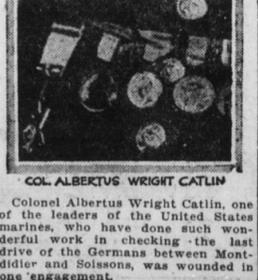

Compensation Case.—Sunstroke suffered while on duty and which causes death, is an accident for which an employer is liable, was the opinion handed down to-day by Judge Thomas D. Carnahan, in Allegheny Common Pleas Court. The court refused an appeal of the Erie Brewing Company from a decision of the Workmen's Compensation Board in the case of Mary Maler. The woman claimed compensation because her husband died as a result of sunstroke suffered while at work for the company. The board found that "a sunstroke when suffered in the course of employment" constitutes a compensable accident. This was affirmed by Judge Carnahan.

The Draft Tangle.—Major W. G. Murdock, the state chief draft officer, to-day declared to make any further statements regarding the Philadelphia district appeal made this morning from Philadelphia and the adjutant general is understood to be writing the Governor with the Delaware river bridge ceremony.

When asked as to the charges of Gregor Drummond about certain bills the major said: "Drummond made out those bills himself and, moreover, he has been paid." Fund is Praised.—The report of Miles M. Dawson, the actuarial expert, who examined the State Insurance Fund for Auditor General Snyder, praises the way it has been conducted, but makes some recommendations as to changes in insurance of certain classes. It is expected that the appropriation for running the fund may hold out until November.

SERVICE AT ENOLA The Rev. Floyd Appleton, of Harrisburg, will hold a Communion service at Enola, Y. M. C. A. Tuesday.

Leader of Marines Wounded Colonel Albertus Wright Catlin, one of the leaders of the United States marines, who have done such wonderful work in checking the last drive of the Germans between Montdidier and Soissons, was wounded in one engagement.

FOREIGN TROOPS TO BE TRAINED HERE FOR WAR

Amendment to Army Appropriation Bill Provides For Training and Equipment

Washington, June 22.—Authority to train in this country and to furnish all necessary equipment to the troops of any other nation engaged in the war on Germany and Austria would be given the War Department under an amendment added to the \$12,000,000,000 Army appropriation bill yesterday by the Senate Military Committee.

As originally proposed by Secretary Baker, the amendment provided only for the training and equipping of troops from the Latin-American Republics, but the committee made its application general so that war equipment and materials could be furnished any nations fighting against the Teutonic powers and also in order that it might not be deemed an expressed invitation to the Latin-American governments.

In discussing the amendment Secretary Baker emphasized that no definite plan looking to training foreign troops in America had been taken up and that no particular country was had in mind when the amendment was sent to Congress. The department, he reiterated, simply desired to be in a position to act should the occasion arise.

The eight Central and South American nations which already have broken relations with Germany possess a potential reservoir of not less than 2,750,000 men, according to computations made here. This figure includes only the male population between 20 and 30 years and would be materially increased if the usual "military limits" of from 18 to 45 were considered.

In the opinion here Brazil, the largest of these nations, probably could raise an army of 1,000,000 men if aided by the United States in financing and equipping them. The other seven nations, Bolivia, Guatemala, Ecuador, Uruguay, Nicaragua, Honduras and Costa Rica, could furnish more than 1,000,000 additional men.

ST. JOHN'S DAY Sunday evening the Knights and Dames of Malta, of Harrisburg, and vicinity will hold their annual St. John's Day service at Messiah Lutheran Church. The Rev. Dr. Hanson will preach the sermon. The sir Knights and Dames will meet at St. John's Hall, 1715 and 1717 and go in a body to the church.

DR. SMUCKER IN NEW YORK Dr. Clayton Albert Smucker left the city yesterday for New York, where he is scheduled to make two patriotic addresses to-morrow. In the morning he is to speak in the St. Paul's Methodist Episcopal Church of Manhattan.
