CAVALRYMAN DISCHARGED CAVALRYMAN DISCHARGED
Marysville, Pa., June 24.—As a result of injuries suffered while training in January, Private Earl L. Broomhead, Troop H, Fifth Cavalry, has been discharged from the United States service. Broomhead was hurt while drilling at Fort Bliss, near El Paso, Texas, early in January and was for a time in the camp hospital. He was given his discharge last week. Broomhead enlisted in the United States service in Otcober.

week. Broomhead enlisted in United States service in Otcober.

# Perhaps We Have Talked Too Much About The "Hot Spot" and the "Ram's-Horn"

Some Chalmers owners tell us that we have not done the car full justice in our advertisements of late, by emphasizing these two mechanical features

Now perhaps they are right in that and yet—we do not wholly agree

If we have tried to impress you with the fact that Chalmers engineers had evolved in these two features, something of inestimable value to you and of almost revolutionary influence on automobile engineering, surely the

Besides, we assumed of course that you already knew the Chalmers to be

The Chalmers has always been a great motor car-speaking of the car

For many years past you and every other motor-wise person have considered it among the first two or three high class cars.

And we did feel that in the two features above mentioned, we had added to excellence of finish, smoothness and easy riding qualities, an engineering discovery that made this luxurious Chalmers also more economical to operate

If we have erred in this we will change and tell you about other Chalmers features, on any one of which a volume might be written.

the "Hot Spot" and the "Ram's-Horn" combination make in the power and economy and the smoothness of an automobile?

Certainly not all buyers do appreciate that—for some are still buying

And we can't imagine anyone buying any other car in this class if he knew the difference—and could get a Chalmers.
