

PRICES OF FOOD VARY IN COUNTY

Adams Price-Fixing Committee Finds Difference in Articles Sold by Grocers

Gettysburg, Pa., June 26.—The Adams county price-fixing committee at its meeting to fix the price of necessities for this week was up against some interesting questions in the way of variations of prices in different sections of the county. The principal thing brought out was the difference in the price of butter throughout the county, and as a result the committee decided to add bread, butter and eggs to the list of household necessities on which figures should be placed. It was revealed that some grocers were paying as low as thirty cents a pound for butter, while in Gettysburg they were paying from forty to forty-two cents. A sliding scale was accordingly adopted for the week, dependent on the quality of the butter, and the retail price will be from thirty-five to forty-five cents. The committee also reported to Food Administrator Markley that grocers were selling goods below the price fixed by the committee, but the administrator was of the belief that there was no way to prevent this, but that the chief idea of the price-fixing was to prevent the retailers from selling above the figures set.

BOYS WRECK 'HOUSE OF HATE'

Twenty-seven Arrested at Columbia For Destroying Goods in Storage

Columbia, Pa., June 26.—Chief of Police Samuel Campbell and Constable Frank J. Bair have rounded up twenty-seven boys who are accused by Theodore L. Urban, a retired merchant, with having made a rendezvous of a large store room which he formerly occupied, and which in late years he has used as a storage room. The boys, who range in age from ten to seventeen years, are charged with malicious mischief and trespass. At a hearing before Justice McCracken it developed that the place became known among the boys as "The House of Hate," and when they gathered there it was for the purpose of defacing the property and scattering goods in all directions. They tore out gas fixtures and pipes, broke skylights and window panes, and scattered buttons, lace, embroidery, silk, hosiery, ribbons and other goods found in the place, which, in late years has been used to store them. They also scattered about ten thousand small cigars, and destroyed cameras and a number of negatives many of which the owner will be unable to replace. Mr. Urban estimates his loss at from \$500 to \$1,000. At the hearing ten of the boys were discharged for lack of evidence and the other seventeen were held over for a further hearing on June 29.

Stars in the Service

Flag of Harrisburg

On this page are numbered many of the stars that appear in the service flag of Harrisburg. These young men came from all sorts of occupations and represent the life forces of the community and the future managers of our industrial institutions. It was no slight sacrifice these young men have made for life was sweet to them, with its exhilarating joys and future possibilities.
