Baker Draws First Numbers
The first few numbers to be drawn were taken from the bowl shortly after 9.30 o'clock by Secretary Baker. Later, attaches of the office of Provost Marshal General Crowder were blindfolded and withdrew the capsules from the bowl. As the numbers were drawn, they were announced and written on a large blackboard. When the blackboard was filled, it was removed to be photographed and another substituted. This operation was repeated during the more than three hours required for the drawing.

In comparison with the 10,500 numbers required to be drawn a year ago, only 1,200 numbers were drawn to-day. The district having the largest number of men to register June 5 reported somewhat less than 1,000 registrants. To provide for late registrants and emergencies, it was decided to draw 1,200 numbers. In the larger number of the districts, however, only the lower numbers as

ever, only the lower numbers will apply.

Official lists of the numbers as drawn based on the photographs taken of the blackboards will be sent within a few days to all local draft boards to be used in placing the men when the questionnaires have been returned.

The "master numbers" drawn today apply to the numbers on the registration cards of the registrants. In the drawning of a year ago serial numbers were assigned, but this was deemed unnecessary in the present drawing because of the fewer registrants and of the less importance at tached to the order in which the numbers are drawn.

Hun Foreign Secretary's Removal Is Seen by Press

By Associated Press London, June 27.—The removal from office of Dr. Richard von Kuehlmann, the German Foreign Secretary, can be anticipated, judging from comments in conservative and pan-German newspapers on his Reichstag speech, the Berlin corre-spondent of the Frankfurter Zeitung says, according to a Central News dispatch from Amsterdam.

Paris, June 27.—Acknowledgment Paris, June 27.—Acknowledgment by Foreign Secretary von Kuehlmann that Germany cannot be certain of winning the war by force of arms caused an indescribable sensation in the Reichstag, says a Zurich dispatch to the Petit Journal. His prediction that the war may last through a fifth winter was received in silence, and there was consternation among the members of the Right.

The debate which followed the speech was stormy, pan-German speakers being interrupted by the Left.
