A Marine Corps casualty list to-day carried 56 names, divided as follows: Killed in action, 17; died of wounds, 7; severely wounded, 26.

The killed in action include: Sergeants William R. Cleveland, Crosby, Pa., Thomas R. Reath, Philadelphia; Corporal, Anthony J. Kowker, Frackville, Pa.; Private Arthur J. Ashe, Kittanning, Pa.

### MOTOR MESSENGERS MEET

The monthly meeting of the Motor Messengers' Service of the Harrisburg Chapter, American Red Cross, was held in the basement of the Public Library this afternoon. Routine business was discussed. Mrs. S. F. Dunkle, captain, presided.

Son or Brother in training camps in the American Army or Navy? If so, mail him a package of ALLEN'S FOOT-EASE, the antiseptic powder to be shaken into the shoes and sprinkled in the foot-bath. The American, British and French troops use Allen's Foot-Ease, because it takes the friction from the shoe and refreshes the feet. It is the greatest comforter for tired, aching, tender, swollen feet, and gives relief to corns and bunions.

The Plattsburg Camp Manual advises men in training to shake Foot-Ease in their shoes each morning. Ask your dealer to-day for a 2c. box of Allen's Foot-Ease, and a 2c. stamp he will mail it for you. What remembrance could be so acceptable?

### HOW THIS LITTLE BOY

Recovered Strength After Sickness

Garrett, Texas.—"The measles left my little boy aged nine years in a very weak, run-down condition—he coughed a good deal, and as medicines did not seem to help him, we finally took him out of school, and thought he would never be strong again. One day I read in the Herald liver and iron tonic known as Vinol, and such a change as it has made in my little boy—it stopped his cough, he is now back in school, strong and well."—Mrs. E. A. Wright.

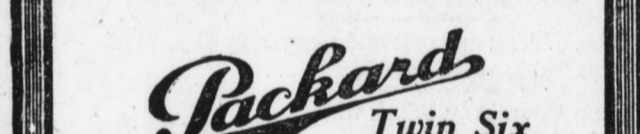

There is nothing like Vinol to restore strength, appetite and vim to pale, sickly children. We strongly recommend Vinol for this purpose.

### \$400,000 IS SUM SET FOR COLLEGE

#### Lebanon Valley Fund Is Expected to Reach That Figure by Sunday Evening

With the goal set at \$350,000, the nine-day drive for additions to the endowment fund of Lebanon Valley College, Annville, conducted by United Brethren churches of the Pennsylvania and East Pennsylvania Conferences closed on Wednesday with a total of \$381,423 raised. Official statements issued late yesterday by Congressman A. S. Kreider, of Annville, a trustee of the college and general chairman of the drive, give this information.

Congressman Kreider and Edson J. Hockenbury, under whose system and direction the drive was arranged, expressed themselves as highly pleased with the results. The figures are a fine commentary on loyalty and devotion of the membership of the United Brethren Church membership and the money will place the Lebanon Valley College among the front rank of the institutions of the state.

Mr. Hockenbury was very high in his praise of the work of J. E. Gipple, the Rev. S. F. Rupp and Dr. J. A. Lyster in this city and the "same applies to those who ably assisted them," he added.

Zone 2, including the churches of Dauphin county and immediate neighborhood, did exceptionally good work, raising a total of \$107,712, which gave the zone second place among the five zones in the drive. J. E. Gipple, of Harrisburg, was in charge of the work of the zone; the Rev. S. F. Rupp, of Harrisburg, in charge of work in the Dauphin county churches, with Dr. J. A. Lyster, leader of the drive in the churches of the city itself. Mr. Gipple announces that among the churches in this immediate neighborhood that went "over the top" in the drive were: Otterbein, Derry Street, State Street, this city; Stetson, Oberlin, Hershey, Highspire, Mechanicsburg, Lemoyne, New Cumberland, First Church, Harrisburg, and West Fairview.

The result of the campaign by zones is: Zone 1, Lebanon and Annville, \$140,657; zone 2, Harrisburg, \$107,712; zone 3, Lancaster, \$49,820; zone 4, York, \$48,190; zone 5, Chambersburg and Hagerstown, \$37,944. Total for five zones, \$381,423.

### Sailors From U-Boat Victim Dwinsk Are Safe

By Associated Press  
Halifax, June 28.—A boat load of sailors from an American vessel sunk by a submarine off the Atlantic coast was landed this morning by a fishing vessel at Shelburne, N. S., says a message from that port today. The sailors, numbering 24, were from the steamship Dwinsk, a later message said. Previous reports of the destruction of the Dwinsk, a British ship under American charter, said she was sunk June 18, seven hundred miles east of the Delaware Capes.

### WOOD WARNS OF LONG WAR

Ann Arbor, Mich., June 28.—"Don't look for the end of the war until it comes. No man living can tell how long that will be. The end must not come till we have won," said Major General Leonard Wood at the University of Michigan alumni reunion here.

### Schaffer Is Chosen Head of State Bar

Bedford Springs, Pa., June 28.—Recommending a bill for incorporation law, burying the antilife bill and listening to an argument of Joe Palmer for the end of the war, good roads loan, members of the Pennsylvania Bar Association closed the annual convention here.

Officers elected ended the regular business session and a banquet put the evening session to the meeting. William Schaffer, of Chester, was chosen president, and the other officers are: Secretary, Harold B. E. Baashore, Mechanicsburg; vice-presidents, George Henderson, Philadelphia; A. McC. Holding, West Chester; Alexander Gillilan, Pittsburgh; William W. Ryan, Shamokin; James H. Craig, Altoona.

The antilife law, which was discussed at yesterday's session and then referred back to the committee, was withdrawn by the committee and a resolution was passed requesting that the legislature provide that all bonded persons be regularly employed in some fitting vocation during the war.

The bill was regarded as a war measure, and when its drastic provisions were examined it was found that it would work a hardship after the war ended, because men out of employment would be subject to the penalty.

General White, of Indiana, addressed the session on the proposed constitutional amendment to borrow \$50,000,000 with which to improve the roads of the state. He made it plain that he is not opposed to road improvements, but he called attention to a constitutional barrier which he said stands before the amendment. General White was a member of the constitutional convention.

Judge Patterson of Philadelphia, retiring president of the association, presided at the banquet. Auditor General Snyder responded to the toast, "Our Country." Governor Brumbaugh, "The Commonwealth of Pennsylvania," Judge Patterson of Philadelphia, the "Judiciary," and Benjamin H. Ludlow, the "Bar."

### KERENSKY BITTER ON PEACE TREATY

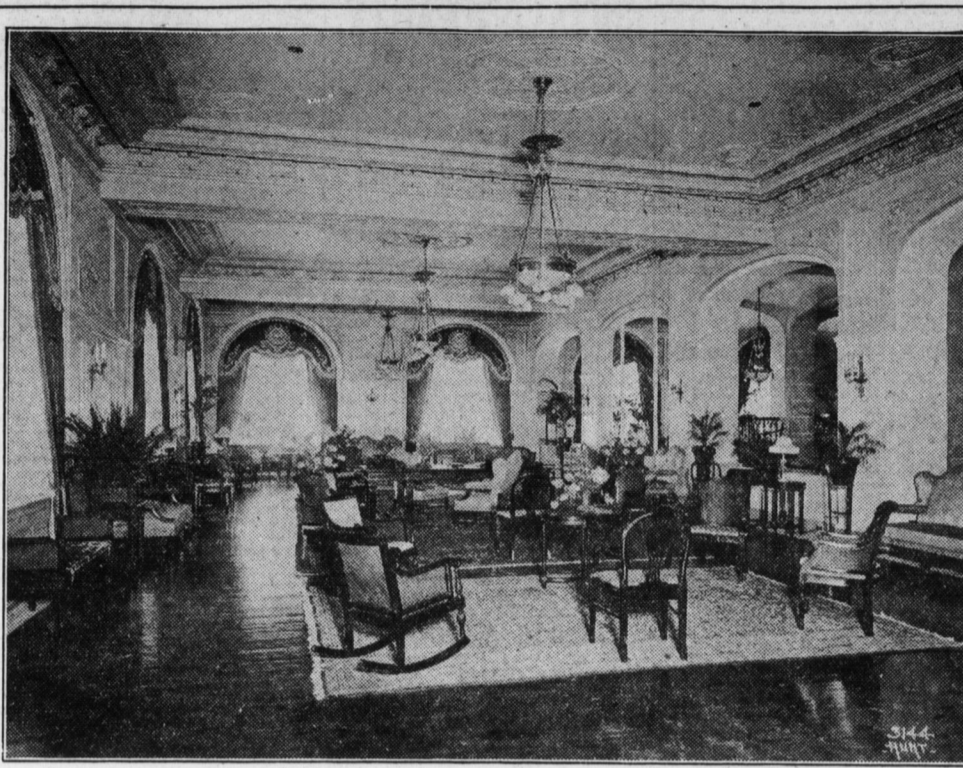

London, June 28.—"I bear witness that the Russian people never will recognize the Brest-Litovsk treaty, which hurled Russia into the abyss of annihilation," said Alexander F. Kerensky, former Premier of Russia, in an address at the Labor Conference.

M. Kerensky said that Russia was leading under German invasion. He declared at every pore, but still opposed the enemy invasion.

### CONFUSED CYCLISTS COLLIDE

### How the Longue of the Penn-Harris Hotel Will Be Furnished

Through the courtesy of the United Hotels Company the Telegraph prints the above etching showing the scheme of the Putzler Hotel, at Birmingham, Ala., which is also operated by the United Hotels Company. This scheme of furnishing gives a fair idea of how the longue of the Penn-Harris will be furnished in the spacious corner of the second floor of the building at Third and Walnut streets. All the furniture has been ordered, and it is expected that there will be no delays in the deliveries. Meanwhile all possible speed is being made in the complete of the building, to the end that it may be opened as early as possible in the fall.

E. A. Johnston, known as "Eddie" to scores of the workmen at the big hotel, has returned to the job after a brief absence. Johnston was summoned several weeks ago for service in the National Army, but he has been exempted. He returns to work in co-operation with E. E. Hawes, Harry Gilbert and Louis A. Sholtes, who are in charge of the work of construction.

### MARKET SQUARE SEES BOXING

#### Large Crowd Interested in Fistic Battles Staged For Recruiting Service

Regular "box-fighting" was to be seen last night in the very heart of Market Square and many hundreds of Harrisburgers, some bringing their friends and children, flocked to the familiar spot where a native son, Frankie Maguire, scrapped with Lieutenant Katcher, lightweight champion of the Marine Corps. The object of the open-air sparring was to help in recruiting for Uncle Sam's famous Marine Corps.

The first bout lasted two rounds and it was called a draw, with honours even; the finish displaying some fast, hard fighting which stirred the curious crowd to cheers. In round one Maguire led off with three terrific lefts, Katcher responded with heavy rights and lefts to the body, slightly troubling Maguire. Maguire ducked six perfect lefts, and led off with a right hook catching Katcher on the left ear. Katcher rocked Maguire with a terrific body blow, Maguire ducked three more body blows and sent a crashing left to the jaw. Round even.

Round two—Fast opening by Katcher. Maguire covered and then started a fusillade of body blows; Katcher covered well; then drove Maguire to the railing with a left hook followed by a smashing right; Maguire came back quickly and drove Katcher to the rail with a right jab; Katcher feigned and Maguire started another fusillade of blows only to receive a heart right jab followed by a terrific body blow, again hitting him to the rail; Katcher started some fast foot work but blows had no effect; Maguire left loose with a left hook rocking Katcher. Katcher then started another body blow drive, but bell interfered. No decision.

Another Harrisburg ring star, Sammy Schiff, who recently so completely won the hearts of the fans over the ropes at the Shibe Park tournament, gave the local fans a lively entertainment, hooking up with "Nate" Isaacman, for a three-round go. The latter was considerably out-classed, and though always dangerous, Schiff easily had the better of it.

### Fred Humer Is Victor in Trap Shoot

#### The Marietta Marksman Is High Gunner at Annual Contest of Harrisburg Sportsmen's Association

Fred Humer, of Marietta, won first prize at yesterday's annual shoot of the Harrisburg Sportsmen's Association, held at Second and Division streets, breaking 145 targets out of 150. A West Fairview man, Stewart, gave Humer a hard run, coming in second by a single break, while third honors went to Plum, of Atlantic City, whose record was 142 breaks.

Harrisburg did not figure until it came to giving credit for fourth place and then it was found that J. G. Martin had tied with Fred Sidebottom of Philadelphia. They did not "shoot it out" however, for fourth place carries no reward. The veteran Shoop who was prominent recently at Lancaster, finished fifth.

In the Lewis class shoot, Fred Humer, of Marietta, finished on top in the A class. Breneman, of Lancaster, won the honors in the B class while Ramsey, of Linglestown, finished on top in the D class.

A big event of the day was the 25-target handicap which was eventually captured by Hellyer, of Alexandria, who received a reward of a Winchester repeating gun. The first round of this event caused five men, which necessitated a shoot-off resulting as follows:

Jones, 21; Cleckner, 25; Breneman, 22; Humer, 22; Hellyer, 22.

The result of the shoot-off to decide the second tie was: Hellyer, 24; Cleckner, 23.

### War Crisis at Hand, Says Premier Hughes

London, June 28, (via Ottawa.)—William M. Hughes, Premier of Australia, speaking at a luncheon of the London Chamber of Commerce said the Allies were facing the supreme crisis of the war. The next few days would determine the success or failure of the German offensive. He said that the German offensive was a desperate gamble, and that they must achieve a decisive victory now or continue a hopeless struggle against daily increasing odds.

The speech of Dr. von Kuechmann, he asserted, was a clear admission that the recent enemy offensive had been barren in its gains, and that military success, if not impossible, was farther off than ever, and unless victory was gained politically, Germany must prepare for a long war.

The change in the German tone in the opinion of Premier Hughes, was due to a realization of America's great effort. The Germans also knew that the Anglo-French armies were confidently awaiting the next onslaught, while the much-valued Austrian offensive had spent itself, and any day might see the Austrian armies in headlong rout and the civilian population in open rebellion.

### Equal Suffrage Fails to Reach Vote in Senate

Washington, June 28.—Efforts to bring the House resolution proposing submission of the Susan B. Anthony Equal Suffrage Amendment to the Federal Constitution to a vote in the Senate yesterday failed.

After three hours of debate and parliamentary jockeying before crowded galleries expecting final action on the franchise proposal pressed for forty years, the resolution was withdrawn by its managers, but with a promise that next week the fight would be renewed and forced to a conclusion. Some of its supporters, however, expressed belief that action might be postponed indefinitely.

### TROOP EXPLORES INTERESTING CAVE

#### Lads Take Long Hike And Thoroughly Enjoy Themselves

The boys of Troop 16 met the first assistant scoutmaster, hereafter referred to as F. S. H., at the Square at 1.40 Saturday afternoon, and while waiting for a Middletown car, who should come along by Mr. Virginia. He was bombarded with questions, and answered them in such an entertaining manner that they were sorry when the "M" car came. The ride as we went out for ten cents, got off, and walked slowly down the road past the ordnance and aviation depots until we reached Middletown, straight through to East Middletown where we crossed the Swatara and turned to the left and went up the road along the creek to Clifton. There were many raspberries along the way, as some of the fellows fished testified. At Clifton we went down to the old lime kiln to get a drink from the wonderful spring at the foot of the tree along the creek and we found most everywhere signs reading, "Trespassing For Any Reason Whatever. Strictly Forbidden. We couldn't help wondering why it was necessary to post such a sign at such a place. Then when we had crossed the covered bridge, we hit the ties to Stoverdale, here we crossed the bridge and went through the camp grounds to the "Bluff" where we ate our lunch. While we were eating and enjoying the wonderful view, some girls from the office of the Oliver Chilled Plov Works, who were spending the weekend at Stoverdale came along and very graciously stopped and talked with us for a few minutes. They had been to the cave and were on their way back to the cottage. We haven't seen any of them since. The girls were very nice and we've wondered if they may have perished from the extreme cold. Then we went to the cave and spent about an hour in that wonderful place. The boys were very interested in a rope around his waist and a search-light and we all took hold of the rope and followed. Why was it that the fellows in the cave kept crowding up to the front? We stuck in the mud, slipped on slimy rocks and fell round in the dark until finally we saw the light of day, and emerged from the cave at a place where we entered. Again we hit the ties, this time to Hummelstown and just west of that beautiful little town, a young fellow showed us how not to ride a horse. He was driving some cows and was sitting on the horse facing the rear, an automobile came along the horse suddenly shied, and the next thing we knew, Mr. man was picking himself up and limping after the horse. We hiked to Beaver subway, where we boarded the car and reached the Square at 7.30.

"Sixteen" had a good crowd at the meeting on Monday. The first half hour was spent drilling right and left turns in columns of eight. We got along rather well. Then we went indoors and elected officers for the next six months, resulting as follows: President, William Sellers, vice president, Hudson Hess, scribe, Russell Brown, treasurer, Harold Grand, chaplain, Ralph Huston. The patrols were reorganized. Scoutmaster Fortenbaugh emphasized the importance of the War Savings Stamp campaign. Speaking of W. S. S. reminds me that Joe Machlan phoned in from Williams Grove, Pa., and supplied red cards, we had only a few to send him. McClintock, how would you like to hop your wheel and ride to headquarters for a supply? And while you are there ask Mr. Virginia for a few second class blanks, I thank you.

Next Monday we're going to organize a bicycle patrol, and get our mobilization plans in order, and polish up for the parade. Every fellow should be there.

S. P. Hugler, Scribe.

### City Grays Entertain Members of Militia

Presentation of a sword by members of Company I, Second Pennsylvania Reserve Militia, was made to Sergeant George Hull at a meeting of the City Grays in the Armory last night. A photograph was presented by Captain W. F. Harris of Company I, to the City Grays. Captain John C. Bretz, of Company I, 112th Infantry, formerly of Company D, Eighth Regiment, Pennsylvania National Guards, presented the City Grays with photographs of all of the companies of the old Eighth Regiment. A feature of the evening was a drill of members of Company I, Stanley Backenstoss led community singing, and Morgan's Orchestra furnished music for the dancing which followed.

The City Grays will march in the Fourth of July demonstration, it was said last night. Members will meet at the Armory on the morning of the Fourth at 9 o'clock.

### Stork and Cupid Cunning Plotters

#### Many a New Home will Have a Little Sunbeam to Brighten It.

Cupid and the stork are held up to venery as they are rated as cunning plotters to herald the coming of the little sunbeam to gladden the hearts and brighten the homes of a most of happy families.

There is a most remarkable preparation known as Mother's Friend, which has been used by women for over half a century before the arrival of the stork. This is a penetrating external application for the abdomen and breast by its use
