

Reading for Women and all the Family

Life's Problems Are Discussed

When Robert Chambers—always happy in his choice of titles — called one of his recent novels 'The Restless Sex,' he not only picked a name which inspired interest and piqued curiosity; he voiced an eternal truth.

piqued curiosity; he voiced an eternal truth.

Woman is the original rebel. The doctrine, "Whatever is, is right," has never appealed to her. She must perforce add a few frills to "whatever is." she must let it out at the neck, or overlay it with the misty gauze of illusion, or turn it and make it anew.

Man, as the boarding house keepers recognize, will stay "put." He will endure discomfort and inconvenience rather than change his settled ways. But woman is always stirring and contriving, always rearranging, ever on the alert for new sensations. He would still be dabbling his feet in the brooks of Eden, lazily musing abstractions, had not her itching inquisitiveness and spirit of unrest urged him to take a chance and so overturn the established order.

formation that we arrange for such a celebration to be held in Harrisburg on July 4th,
Therefore, I, Daniel L. Keister, Mayor of Harrisburg, have urged public-spirited men and women of this city to proceed along lines indicated by the authorities at Washington and to arrange for the most significant demonstration Harrisburg has ever had; and to invite all the citizens of surrounding communities to participate with the city, embracing the many groups of foreign-born residents and citizens, so that we may express our feeling of patriotism; and so that all citizens of the communities surrounding Harrisburg may join with us in commemorating not only the anniversary of national freedom. As July 4, 1776, saw the dawn of Democracy for the United States of America, let us on July 4, 1918, celebrate the birth of a new spirit of democracy through the influence of which shall be fulfilled for all mankind that of which the signers of the Declaration of Independence dreamed for themselves and their fellow countrymen. I call upon the citizens of Harrisburg generally to aid in making the "Fourth of July" a day long to be remembered in this city.
