Equip with Firestone Cord Tires. Since you are interested in personal saving as well as in the national thrift movement, this equipment means double value to you at this time.

Firestone Cord Tires represent an investment in greater tire wear, an investment in longer car life because of less vibration, hence fewer car repairs. The extra resiliency also means direct saving in fuel expense. And the dependability of Firestone Cord Tires gives the assurance of increased personal efficiency, conserved energy and time.

The Firestone process surrounds each individual cord with pure rubber so that no two cords may touch to cause friction. The thick, resilient, pure gum cushion, the strongly reinforced bead and sidewall, the thick tough tread, result in the very highest average of service. You add many miles to your present standard of "Most Miles per Dollar."

With Firestone Tubes, Tube Patches and other accessories in your equipment, you still further conserve and increase the life of your tires. You avoid delays, save many wasted hours and keep on going. See the Firestone dealer now.
