I HAD NERVOUS BREAKDOWN

Now Own My Present Health and Strength to Vinol. Burdett, N. Y.—I keep house for my family of three, and raise chickens. I had a nervous breakdown, so I was unable to work. The doctor did not seem to help me and a cousin asked me to try Vinol—it built me up—I now have a good appetite and an well and strong.—Mrs. Loyal Palmer.

There is no secret about Vinol.—It owes its success to beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the oldest and most famous body-building and strength creating tonics.

Sultan of Turkey Claimed by Death

Amsterdam, July 5.—Mohammed V, Sultan of Turkey, died at 7 o'clock last Tuesday, says a Constantinople dispatch received here to-day by way of Vienna. Mohammed V, thirty-fifth sovereign of Turkey in direct descent of the house of Othman, founder of the empire, came to the throne by a coup d'etat on April 27, 1919, after having been held for thirty-three years a prisoner by his brother, Sultan Abdul II, in the royal palace in Constantinople. The scheming Abdul II intended that his own son, Prince

Burhan Edino, described as the most brilliant and gifted of the princes of the house of Othman, should succeed him. But this plan was thwarted when Parliament deposed Abdul and placed his prisoner brother, Mohammed Reschad Effendi, on the throne. The Shiek-ul-Islam, head of the Church in Turkey, drew up the decree of deposition which passed Parliament without dissent. Five minutes later Mohammed, who, during his imprisonment had had no experience in the duties of government, was declared Sultan. The same afternoon he took the oath of fidelity to the Turkish constitution. End Comes in Seventy-third Year Mohammed V was born in Constantinople November 12, 1845. He was of a studious disposition and widely read in Turkish literature.
