### Central Iron and Steel Company Is Classified by the Government As An Essential War Industry

Ninety-five per cent of our output during June was shipped to the Emergency Fleet Corporation, U. S. Navy, Ordnance Department of the U. S. Army and the Railroad Administration.

Ships are required to maintain an army at the front. We manufacture ship plates, also steel for the boilers which drive them. Our product goes to the shipyards in the East as well as to the Pacific Coast, and some of the ships being built in Japan for Uncle Sam are made from Central plates.
