New York, July 9. — One million men in France and ten million more if they are needed, and every man up to 60 years of age serving his country—this was the limit set for the war by Secretary of the Navy Daniels in Carnegie Hail last night, in a speech which opened the campaign of the Young Men's Christian Association for 1,000 "Y" secretaries.

The heartiest cheers came from the three front rows, where sat 350 men, the fruit of the first day's recruiting.

"If we can't win this war with a draft age of 31 years, we'll raise it to 61, said Secretary Daniels. "The draft law was passed to give a working basis upon which to select an Army, It has worked well and we have raise a larger one by the terms of that law. If the men under 31 cannot win this war there is no law of the Medes and Persians by which we cannot raise the age limit."

R. M. Rodenhiser Says That He Could Not Get Relief Until He Used Master Medicine

TELLS HIS EXPERIENCE

"I had been suffering off and on for years with stomach trouble." says R. M. Rodenhiser, a veteran engineer on the Reading Railway, who lives at 1411 Market St., Harrisburg, Pa.
"I started taking Tanlac and it was only a few days until I began to feel considerably better. My stomach grew stronger. I felt invigorated and there has been a steady improvement day, by day.
"I have gained 8 pounds, and I haven't lost a single day since on account of my old trouble. I cannot find words to express my satisfaction with this splendid medicine. I certainly recommend it."
