Fight Over Estate Has a Novel Angle

New York—So trained are the relations between the executors of the estate of Julia L. Butterfield, of Cold Spring, wealthy wife of the late General Butterfield, that each faction has drawn up bank checks to pay the city of New York a \$4,400 personal tax bill, but is unable to get the other side to countersign them.

Thaddeus Terry, counsel for David Harkness and Dr. Calvin May, majority executors, submitted a check drawn on the Equitable Trust Company to Surrogate J. B. Southard and asked Albert F. Hagar, minority executor, to sign it so the personal tax on the estate could be paid.

CIVILIANS FROM 21 TO 40 MAY JOIN OFFICER SCHOOLS

Must Serve in Army in Event of Their Failure to Win Commissions

Washington, July 11.—Official announcement is made by the War Department of the conditions under which civilians will be admitted to the next officers' training camps throughout the United States.

Men in civil life, those within the draft age limits as well as those above them, are to be given a chance to win commissions in various branches of the United States Army.

Those who fall must continue to serve in the army for the period of a month while they are in training. The courses, except that of field artillery, will be four months. That of the field artillery school will be three months.

Schools Open Monday—According to the plans of the War Department the five schools which will open on Monday of next week will open on Monday of next week.

Applicants for Pennsylvania who are accepted for training will be sent to one of three training camps. If they are regarded as especially qualified for the infantry, they will be sent to Camp Lee, Petersburg, Va.

Six Places of Application—Pennsylvanians desiring admission to these training camps may apply to the army officer detailed as professor of military science and tactics at six places in the state.

Candidates must be citizens of the United States and not have been born in any of the countries with which the United States is at war or allies of such countries.

UPPER END PLEDGES \$10,000 IN STAMPS

Reports already received from the upper end of the county say that over \$10,000 has already been pledged to the army officer detailed as professor of military science and tactics at six places in the state.

NEED CLOTHING

That civilian clothes cast off for the khaki uniform by soldiers be given to the Bethesda Mission, is the suggestion made by John Fulton, superintendent of the mission. He says that many of the men will not be able to wear their clothes and suggest that they be given for use by those who are down and out.

DISTRICTS BACK UP STATE BOARD

Sentiment For Payment of Quarter of Teachers' Salaries Is Growing Now

More than 100 school districts in Pennsylvania have taken action supporting the plan of the State Board of Education to legislate which will have the Commonwealth pay twenty-five per cent of the salaries of the school teachers.

At the meeting of the State Board in Pittsburgh a committee was named to investigate state sources of revenue available for meeting the increased appropriation and to point out that the principal object is to provide for equitable taxation and equalization of educational advantages to children throughout Pennsylvania.

Warning on Fowls—Warning that many flocks of chickens are being infected by hens which became sick during the severe weather of last winter and were not killed and that the chickens should be looked over before fall is contained in a bulletin issued by the State Department of Agriculture. State inspectors are urging that diseased chickens be killed at once and be either burned or buried deeply.

Fouls Will Act—The State Department of Agriculture to-day announced that as a result of the decision of the superior court yesterday reversing the order of the county court, Dairy and Food Commissioner Fouls would issue orders at once for numerous prosecutions for the sale of so-called "rotting" compounds which are almost exclusively made up of boric acid. The sale of boric acid in such preparations is forbidden.

Board Stands Pat—The State Compensation Board to-day handed down a decision refusing to set aside a second supplemental agreement in the claim of Robert Lutz vs. Scranton, vs. Bethlehem Steel Company. The proceeding was an unusual one as the petitioner alleged disability occurred after the signing of a supplemental agreement.

Prisoners Working—In parts of Pennsylvania prisoners confined in county jails are working as arm hands on lands owned by poor districts, chopping firewood, which will not be distributed by a mother's pension commission, and in a couple of counties are being hired out to aid in the harvesting of crops. The latter employments are not authorized by law, but owing to the scarcity of labor caused by war conditions, no objection is being offered to this infringement of the statutes.

Interest in Grouse—All over the state the greatest interest is being manifested in the closing of the counties to the hunting of grouse. It is one of the most extensive games ever undertaken and the support being given assures that it will work out.

Attended Meetings—Commissioner of Labor and Industry Palmer and Superintendent of State Police George F. Lumb, were in Philadelphia, attending meetings of state bodies yesterday.

Fen in the Place—Courts of quarter sessions have authority to sentence wife deserters to a penitentiary for the term of one year and the act of 1903, so far as it restricts the place of confinement of such an offender to a county jail, is repealed by the act of 1917, according to an opinion given by the Attorney General's Department to John P. Manders, warden of the western penitentiary. It is held that the law requires such a convict to work and labor as work is part of the discipline in a penitentiary and not in a county jail.

Rates Away Up—Increases of from \$3 to \$12 a year in rates for telephones to be set forth in a new tariff of rates filed with the Public Service Commission by the Vandergift Telephone Company.
