ALLIED RAIDS **HOLD TEUTONS** FROM DRIVE

General Petain is giving the Germans on the westernly side of the Marine salient little rest in their position east of the forcest of Villers-Cotterets. Lastinght the troops again drove in on this front and made substantial progress.

The most tangible result reported from this latest fighting is the capture of the village of Longpont, to the outskirts of which the French had pushed in their advance on Wednesday night. A farm in this neighborhood also was taken.

The French lines were likewise driven ahead in the Chavigny farm district, north of Longpont, east of Faverolles.

The extension of the front under attack to the Faverolles 2 region is noteworthy as showing that the process of straightening out the line is being carried still further couth and is threatening the local salient held by the Germans between the last in the stream of the day that the process of straightening out the line is being carried still further couth and is threatening the local salient held by the Germans between the last of the local salient held by the Germans between the last of t
