

Laborer With Assets of \$78 Owes \$70,000

Geneva, Ill.—The newest angle on the thrilling game of high finance was furnished the other day by Frank A. Jocke, who, in filing a petition in voluntary bankruptcy, gave his occupation as "laborer," and listed his debts at \$70,000. Jocke said his assets were \$78. His petition sets forth that most of the debts are notes signed by him for a brewing company of Elgin, Ill.

CAPTAIN CALDER ARRIVES IN FRANCE WITH REGIMENT

Announcements have been received by relatives here of the safe arrival in France of Captain William Calder, Jr., attached to the 312th Field Artillery. He is the son of the late William J. Calder and made his home at 313 North Front street. Captain Calder is a graduate of Mercersburg Academy and Cornell University and at the latter institution became a member of the Zeta Psi fraternity. He attended the officers' training school at Fort Niagara, N. Y., and afterwards was sent to Camp Lee, Va.

STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy Relief For Acid Indigestion

So-called stomach troubles, such as indigestion, gas, sourness, headache and inability to retain food are in probably nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion.

Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a teaspoonful of bisubated magnesia, a good and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water after eating or whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments and is a perfectly harmless and inexpensive remedy to use.

An antacid, such as bisubated magnesia which can be obtained from any druggist in either powder or tablet form enables the stomach to do its work properly without the aid of artificial digestants. Magnesia comes in several forms, so be certain to ask for and take only Bisubated Magnesia, which is especially prepared for the above purpose. G. A. Gorgas.

ROWDYISM MUST STOP, DECLARES MAYOR KEISTER

Orders Arrest of Any Youths Reported Fighting or Destroying Property

Warning young men and boys that rowdyism, the use of indecent and profane language and the destruction of city park, playground and school property must be stopped, Mayor Keister at police court yesterday afternoon after fining six boys \$5 each on a charge of disorderly conduct, directed Chief of Police J. Edward Wetzel, to make every effort to arrest any offenders who are reported. Witnesses at the hearing yesterday afternoon were the boys of the Reily and Boas playgrounds, bricks, stones and clubs were thrown, some of them narrowly missing small children and compelling women in the vicinity to seek shelter. Mayor Keister when he heard the evidence declared that such lawlessness and lawlessness by numerous arrests if necessary. He also intimated that more of the boys who participated in the fight will be brought to headquarters and fined.

Instructors from the Boas playground and Supervisor J. K. Staples attended the hearing. The instructors being called as witnesses. They said that the boys from the Reily playground came to the Boas grounds armed with bricks and stones, throwing them over the fence at the boys who were playing inside. Much trouble is being experienced this year by city officials because of the vandalism and lawlessness of a number of boys and Mayor Keister at the hearing yesterday said he will not tolerate such conduct in Harrisburg. If necessary the police may make a large number of arrests and have the offenders fined it was intimated. Repeated complaints or the arrest of any one who has been in court before, may result in jail sentences, it was said.

SOLDIERS HURT IN BALL GAME Gettysburg, Pa., July 18.—A game of baseball between two teams of Camp Colt soldiers came to a quick and sudden ending on Saturday. It was in the first inning that private Johnson tried to steal second and collided with Porter, who ran over from shortstop to take the throw. Porter's leg was broken below the knee and Johnson was hurt about the head. The camp ambulance removed Porter to the hospital and the game was called off.

SEVEN RACES AT FAIR Newport, Pa., July 18.—Seven races with purses totaling \$1,950, will be held at the thirty-third annual Perry county fair on October 16, 17 and 18.

EXPLORERS ISSUE CAMPING ORDERS

Will Be Held July 29 to August 9 at Pine Grove Furnace

General orders were issued today for annual encampment of Harrisburg's oldest and most famous camping club—the Explorers. The camp will be held July 29 to August 9 at Pine Grove Furnace. The orders follow: "The advance guard will arrive at camp on July 24th and will at once get busy to erect all the tents, cut the grass, put the golf links in proper shape so that the members and brevets arrive on the 29th and 30th ready to enter into the enjoyments of camp without working."

"As we expect to have several distinguished brevets with us this year for the first time it might be well for the colonels to have their good behavior along in case it is found advisable to use it. Community singing will be one of the features of this camp in order to offset the war bread and short rations of sugar. The singing will be in charge of the camp quartet with Colonel Dietrich as leader. It may be pleasant to learn that the secretary purchased some new strings for his fiddle and will have the music so that the few who can only sing by note will feel at home. "When you say 'Good-by Harrisburg, Hello Camp' we will 'Keep the Home Fires Burning' till 'The End of a Perfect Day' and then some."

The "Three Jews From Jerusalem" will tent with Colonel Fisher. Mausteller has his usual supply of slugs for any who need them. "The headquarters of the Merchant Marine of the U. S. will be at the upper end of camp in Quality Row and will be in charge of Major Gorgas. Members are requested to leave their hammers at home and bring horns instead. This camp bids fair to be one of the best we ever had and if you don't have a good time blame it on the food commission. Members will be permitted to come by auto if they are fortunate enough to be able to do so. The garage has been enlarged. So far as we know the personnel of camp will be as follows: "Cols. Rhoads, Shank, Nead, Fisher, Mausteller, Gorgas, Barnes, H. P. Miller, Sollenberger, Hoerner, Dietrich, C. M. Froehlich, Schriver, Brevets, Edward Manser, Samuel S. Rutherford, Henry H. Baish, Rev. S. Edwin Rupp and Dr. A. S. Koser. "There are a few more who may be with us for part of the time, namely, Cols. Ebersole, Wickersham, Hoover, Kinnard and Brevets Durr H. A. Bair and E. A. Miller. "We expect to have just enough rain to keep the dust down and a temperature to suit all. Some job. If there is any further information desired write to the bureau of information at Box 523, Harrisburg until July 28, after that to Pine Grove Furnace, Pa., in care of Explorers."

QUENTIN BORN NATURALIST Washington, July 18.—Quentin Roosevelt was the baby of the Roosevelt Administration. His pranks in the White House and school are affectionately remembered by Washington. He was born here November, 1897, at the family home when his father was Assistant Secretary of the Navy in the McKinley administration. He was unmarried. The boy was a born naturalist, with a special love for animal life. Many are the tales told of his early days in the White House, when he kept the family and attendants in a state of anxiety over his strange pets, which often escaped to wander through the grounds or around the house. Birds, beasts, wild and domestic, even reptiles, were included in the miniature menagerie the child gathered from all parts of the country. When it was known the Colonel, so far from being disturbed by the boy's traits, encouraged first hand studies in natural history, friends and admirers in every part of the country contributed all sorts of strange pets to the White House collection. One of the prime favorites of Quentin was a beautiful little pony which he had named Archie, his older brother, by Secretary of the Interior Bliss. Once, when Archie was ill, Quentin became possessed of the idea his brother's recovery depended on seeing the pony. Therefore, he managed to get the little animal into the private elevator in the White House and took him to his brother's bedroom on the upper floor. A pet snake was one of the lad's favorite possessions and it was said he had more than once created panic in his school by producing this reptile. Quentin was a public school boy, his father believing that was the true school—democracy. His schoolmates recall one day when the teacher was asking the class to tell the occupation of their fathers. At Quentin's turn, his strange pet replied: "My father is just it."

ORGANIST AT THEATER Marietta, Pa., July 18.—Miss Gertrude Y. Vilee, of Marietta, has accepted the position as organist in the Columbia Opera House, a new \$5,500 pipe organ having been placed by Manager Burlingame. ANNOUNCE MARRIAGE Marietta, Pa., July 18.—Mr. and Mrs. George Landvater, of near Marietta, announce the marriage of their daughter, Miss Elizabeth M. Landvater, to George W. Badum, of Philadelphia. The ceremony was performed last Saturday at Philadelphia, where they will live.

GERMAN AGENTS HAD VAST FUND FOR CORRUPTION

Used \$90,000,000 of \$100,000,000 German War Bond Receipts For Propaganda

New York, July 18.—The declaration that fully \$90,000,000 of an aggregate sale of \$100,000,000 German war bonds in this country early in the European conflict went into a "corruption fund" managed by Teuton agents here, was made yesterday by federal officials investigating German propaganda activities. Not only was control of American newspapers and magazines contemplated but fostering of pacifist sentiment in certain colleges was accomplished, the investigators said. In this latter agitation, it was charged that the late Dr. Hugo Muensterberg, of Harvard, and Otto Merz, arrested last year, were the directing geniuses. Directed by Ambassador von Bernstorff and Dr. Heinrich Albert the German financial agent in the United States, the Teuton plan included financial and commercial transactions for the benefit of many. Their movements were fully concealed, the German agents bought cotton, wool and other commodities urgently needed in the blockaded central European zone, succeeded in making some shipments through neutral countries, according to the revelations. At frequent conferences which the German plotters held in New York it was stated, general directions were given also for bombing munitions plants, ships and railroad properties, under the immediate supervision of Franz von Rintelen, now a federal prisoner under conviction of conspiring to destroy ships at sea. The Evening Mail scheme Count von Bernstorff, former German Ambassador to the United States, attended a conference here early in 1915 when six or seven persons discussed the purchase of the New York Evening Mail, in order to bring about publication of "unbiased and truthful news" of the European war in an English newspaper. Ludwig Nissen, former president of the National Jewelers' Association, described this conference in a statement made yesterday, explaining that he had interested himself temporarily in the proposal only from the standpoint of pure Americanism in the application of the "square deal."

The conference, which was held at the home of Percival Kuhne, member of the New York and Leipsic, Germany, banking house of Knauth, Nachod & Kuhne, had no definite result, according to Mr. Nissen. However, he was informed later by Dr. Edward A. Rumely, now under arrest on charges involving the alleged purchase of the Mail for the German government, that Rumely had acquired the newspaper with the financial backing of a "wealthy and rich individual." This individual, Dr. Rumely later told Mr. Nissen, has since died. Mr. Nissen admitted buying bonds on a statement to him, now under arrest at Berlin, "had nothing to do with the Mail."

Cables Bring Ray of Hope to Roosevelt; Report Unconfirmed Oyster Bay, N. Y., July 18.—A ray of hope that Lieutenant Quentin Roosevelt may not have fallen to his death in a combat with a squadron of German airplanes, was brought to Oyster Bay today by a cable message sent from Paris by Mrs. Theodore Roosevelt, Jr., in which she said the report was "absolutely unconfirmed." The former President felt, however, that there only is a slight possibility that his youngest son may still be alive.

Hunger Epidemic, Not Influenza, Killing Hung

Amsterdam.—The illness from which thousands of persons in German industrial districts are suffering, described as Spanish influenza, is really a malady due to hunger and consequent exhaustion, the Telegraph says it is learned. In industrial towns of Westphalia and the Rhine provinces, the newspaper reports, many deaths are occurring daily and the hospitals are full of patients. The German potato ration, the newspaper adds, has been reduced to between one and one-half and two kilograms weekly a person, and the new potato crop has not yet been distributed. As a result of the situation brought about by under-nourishment, and sickness, it is stated, various branches of German industry are considerably hampered in their work.

RESCUED STARVING FAWN

Gettysburg, Pa., July 18.—About two weeks ago a little fawn was found in the mountain near Cash-ton in an almost starved condition. It was picked up by some pipeline men and reported to the game warden, Guy Linn. He and Squire C. B. Harbaugh brought the little animal to the farm of G. M. Bucher, where it is being cared for until it is able to care for itself, when it will be set free.

POSTAL CARRIERS NEEDED

Newport, Pa., July 18.—The war has made inroads on the postal force of the Newport office. Postal officials here are having a difficult time to secure a sufficient number of carriers for the borough mail and are now ready to accept women as carriers. William Bowersox, one of the borough carriers, will leave next week with the Perry county draft quota, and efforts are being made to secure some young man or woman, between 18 and 20, to fill the vacancy.

LANCASTER COUNTY DEATHS

Marietta, Pa., July 18.—Joseph Evans, aged 94, a lifelong resident of Rohrers town, died yesterday. He was a track foreman many years for the Pennsylvania Railroad Company and a member of the Knights of Pythias. Ten children and a number of grandchildren and great-grandchildren survive. David Denlinger, aged 84, a retired gardener and farmer, died Tuesday night at the home of his daughter at Salunga. He was a member of the United Brethren Church. Three children survive.
