Camp Thomas J. Stewart, Mount Gretna, Pa., July 19.—Governor's Day was celebrated with much ceremony here to-day, its feature being an exhaustive inspection of the personnel and soldierly qualities of the State Reserve Militia doing such excellent work here.

Lieutenant W. A. Rogers, a program of physical exercise which occupied more than an hour. With Adjutant General Beary and Brigadier General Crosswell the Governor in an automobile toured the state reservation for the purpose of inspecting the state-made military roads and then walked through the camp, showing much interest in the kitchens and stopping often to ply the soldiers with questions.

After a visit to brigade headquarters yesterday, Governor Brumbaugh donned frock coat and high hat and mounted a horse for the review.

TAFT CALLS ON COUNTRY FOR A PARTY CONGRESS

Every Act Must Be For War, Former President Tells Republicans

Saratoga, N. Y., July 19.—A call by William Howard Taft to the country to elect this fall a Republican Congress, which he declared would stimulate the Democratic President by offering constructive criticism of the Administration's action and inaction, and, by legislation, enlarge the nation's military preparations, was issued by the former President, addressing the unofficial Republican state convention here to-day.

Reterring his advocacy of an army of 5,000,000 men, Mr. Taft told the delegates that now is the time to raise the great forces needed to win the war.

While conceding the masterful ability of the President in stating the country's aim in the war, Mr. Taft asserted that the Administration has not had the same success in forming practical war policies.

Every Act For War The former President said, in part: "Everything we do now and everything we say must help win the war.

"What can we fairly say of the preparations for the war by the Administration? We must admit that to change a peace-loving Democracy like ours into a nation which shall make an effective modern war on a huge scale is no easy task.

"The President Administration is to remain in power two years and a half. By that time, even though the war continues, our strength must leave no doubt of the result. We are not now concerned with the national election of 1920. That may take care of itself. Its outcome will depend upon circumstances which one can not now foresee.

"Our achievements in war preparation may properly be claimed the credit of the Administration, whose patriotism and earnest devotion to its great moral war aims no one can question.

"It may be fairly said that the Administration has allowed party considerations, which the crisis should have entirely neutralized, to rule too much in its appointments to important tasks.

"The President's messages and addresses have been great in declaring our moral aims in the War. They have shown clearly the disinterested attitude of the American nation.

"While we were meditating by message in the field of open diplomacy, with the German and Austrian peoples, our transportation of troops was slow and in small numbers and seemed to vindicate the view of those who contended that the transfer of millions of Americans to France in any reasonable time was impossible.

Compels Germans to Use Reserves at Time and Ground French General Chooses

Paris, July 19.—L'Homme Libre, without intending to divulge the number of prisoners and guns captured, says it is fully equivalent to the number announced by the Germans as having been captured on July 15.

The newspapers intentionally give little information in regard to the battle going on and the results obtained. They hold themselves generally to the official statement.

Alles Have Upper Hand The Echo De Paris expresses the conviction that the Franco-American success will be confirmed fully to-day.
