Buy Eyeglasses Before Prices Go Higher

Although lenses and frames, like everything else, have advanced in price, I have only advanced in price, I have only advanced my price from \$1.00 to \$2.00 per pair over the prices paid three years ago. However, as there is likely to be another advance in the cost of the glass and grinding, I cannot guarantee these prices much longer. I may be compelled to advance my price very much and very soon. To be safe, order an extra pair made now, If you want to leave them with me for six months or a year I am satisfied, and you are sure of having a pair WHEN YOU WANT THEM at the present price, You have everything to gain and nothing to lose—DON'T WAFT, DO IT NOW.

Paris.— Each day's operation bring further proof of the completeness with which the genius of General Foch has turned the tables on the Germans. Instead of slowing down to a condition of what has been called stabilization, as the general public from experience expected, the Allies continue to push forward in the face of determined and skilful resistance by the Germans, who had had time to recover from the first shock of surprise.
