Announcing the New **SUPER-SERIAL** on **MARRIED LIFE** from the Brilliant Pen of **Ann Lisle**

Under the Compelling Title **WHEN A GIRL MARRIES**

Everyone who read "Their Married Life," published serially in the Telegraph, knows how gripping is the pen of Ann Lisle. Her new story, "When a Girl Marries" is by far her best story and is pronounced as more interesting than "Their Married Life."

**The Feminine Heart Revealed**

A lovely, high-strung American girl, meets and marries, after a whirlwind wooing, an American aviator who has been wounded and is back from the front. She is an emotional, temperamental, modern woman, capable of a vast and passionate love, yet with a character balanced by an endearing wholesomeness and common sense. The story leaps forward from the very first chapter. They marry in haste. Will they repent at leisure? There are two other women out of the past—the girl who loved the hero and hoped to marry him—and another woman whom he met "over there." Both come back and cross the paths of the married couple—in a story which reaches the heights and sounds the depths of every human emotion.

**Compelling Emotional Power**

Ann Lisle, author of "The Autobiography of a Sinner," and of many notable magazine stories, is a brilliant and successful writer, with a genius for analyzing and depicting the emotions of love, and the joys and sorrows which love brings to the feminine heart. Her knowledge of all things feminine is peculiarly close and intimate—coupled with an equally sure intuitive understanding of men. Furthermore, she knows her audience, and has learned from successful experience the kind of story that will attract and thrill from the first chapter to the last. "When a Girl Marries," with its strong title, its intensely interesting characters and its vividly sustained interest is a "married life" serial of the very highest merit.
