SHOCK OF FIRE CAUSES DEATH

Mrs. Ellen Weidner Expires From Heart Attack When Lightning Strikes Barn

Carlisle, Pa., Aug. 6.—Heavy damage was done by an electrical storm which swept this section early Monday morning. One death resulted, together with considerable property damage. When the barn on the farm of William H. Weidner, near Goodyear, was struck by lightning and was partially destroyed, together with equipment and grain, the shock was too much for the owner's wife, Mrs. Ellen Weidner, who had been ill for some time with a heart affection. She succumbed while the fire was still burning. Five sons and three daughters, in addition to her husband, survive. Lightning struck a pole and set it on fire, just on the outskirts of Carlisle. The blaze was communicated to the pump house of the Red C Oil Company, but was extinguished by the fire companies with chemicals after one wagon had been damaged, the pump house partially destroyed and the big tank, filled with oil and gasoline menaced.

The site of Camp Pershing, at Laurel, where Carlisle's tenth-oldest educational institution in America, has been officially named as a unit in the training of the Student Army Training Corps, according to information reaching President Morgan.
