

HUN SEAMEN BOLT U-BOAT WARFARE; 50 SUBS MISSING

Ring Leaders of Revolt Sentenced to Death; Many Arrests at Kiel

London, Aug. 7.—Rumors of a revolt by German sailors at Wilhelmshaven in protest against continuation of the submarine war are in circulation, according to a dispatch to the Express from Amsterdam.

It is reported that propagandists among the men incited sailors about to leave on submarine cruises to attack their officers and surrender their ships or seek an opportunity to

sink them and get themselves interned in neutral harbors. Twenty-three of the ring leaders of the revolt are reported to have been arrested and sentenced to death. Many others have been arrested at Kiel and elsewhere, it is added. The correspondent who sends the reports admits that the stories are conflicting and the facts difficult to ascertain. The men behind the movement, the accounts state, are revolutionary sailors who for sometime past have been conducting propaganda with the object of stopping the submarine war because of the increased dangers. The recent resignation of Admiral Von Holtzendorff as chief of the naval staff is declared to have been connected with the scandal. Emperor William, it is added, has abandoned an intended visit to the fleet at Wilhelmshaven this week because of the ferment there.

The big display windows of Burns & Co.'s furniture store, 25 South Second street, is fairly "torpedoed" with streaks of paper showing the fragmentary effects of the contact. Leave it to a Harrisburg store to keep pace with the live things that are going on along the western front.

Live Business Organization May Increase Membership During Fall

Almost 55,000 letters were mailed from one mailbox in Camp Dix last month. The highest number of letters mailed from this box in any one day was 2,575. The lowest number was 1,325.

These facts illustrating the tremendous task confronting the Y. M. C. A. were brought out in an address by L. C. Baer, Y. M. C. A. secretary at Camp Dix, who spoke before the weekly luncheon of the Kiwanis Club at noon to-day. The meeting was held in the assembly room of the Central Y. M. C. A. building. Baer paid high tribute to the spirit of the boys in his camp. At the present time there are more than 70,000 men in Dix. "They are the kind that go over the top only once," he said. "When they go over, they'll never stop."

The luncheon began at 12:15. Samuel W. Bair, of the Dauphin Electrical Supply Company, a member of the board of directors of the industrial base, announced that the Kiwanis Club's team will meet the Suburbanites to-morrow night on the West End grounds at Fourth and Seneca streets. A large attendance of Kiwanians is expected.

LIGHTSHIP SUNK OFF HATTERAS

[Continued from First Page.] mile of shore, according to the brief report which reached the Navy Department. U-boat Daring The Diamond Shoals light station is one of the most famous guides to navigation in the world. Such vessels usually are manned by graybeards and are of such a type as to be utterly helpless in the face of an enemy attack. The attacking submarine probably was the one that sank the American tank steamer O. B. Jennings, one hundred miles off the Virginia coast several days ago. Her exploit in showing herself above water within half a mile of the Carolina coast, in an important shipping lane where innumerable patrol boats are supposed to be plying, is one of the most daring since the undersea craft made their appearance on this side of the Atlantic. The Navy had received only meager information when the statement was issued. The Diamond Shoal ship guards the oil thrust reefs of storm swept Cape Hatteras, known as the graveyard of the Atlantic coast. The attack upon the light ship may represent a new phase of enemy submarine operation in the American coast, designed to hamper shipping by destruction of important navigation signals. A Canadian Atlantic Port, Aug. 7.—An American schooner arrived here to-day with sixty-five members of the crew of a Japanese freight steamer which had been torpedoed off the Nova Scotia coast.

The records will contain the name and address of each sugar purchaser, number of persons in family of purchaser, amount of sugar and date of purchase and amount of sugar on hand. Each entry is to be made as the sale is made and the reports are to be mailed to the Dauphin county food administrator, room 203, Dauphin building, Harrisburg, at the close of business on Saturday night of each week. The record so kept will furnish a basis on which the grocer can obtain additional sugar supplies as needed from time to time and will clear up the difficulties encountered in the issue of sugar distribution certificates as required. It will also permit of an accurate checking process by federal agents, who are now engaged in locating hoarded sugar. Blank record forms will be supplied grocers at the food administration office, room 203, Dauphin building.

Y. M. C. A. to Direct Boys' Camp on City Island

A. H. Dinamore, secretary of boys' work, and C. W. Miller, physical director at the Central Y. M. C. A., will be in charge of the boys' playground camp at McCormick's Island, park department officials announced to-day. The camp for the boys opens to-morrow morning as soon as the girls now camping there, leave. Unable to secure a suitable director to take charge of the camp, the city authorities appealed to Robert B. Reeves, secretary of the Y. M. C. A., and an arrangement was made at once to have Mr. Dinamore and Mr. Miller, both known to hundreds of boys in the city, to take charge without any cost to the park department. The action received the approval of the board of directors of the Central Y. M. C. A. at their luncheon in the Harrisburg Club yesterday. Both Mr. Dinamore and Mr. Miller were given full liberty by the board, to proceed with the care of the camp under J. K. Staples, supervisor of the city playgrounds. The Y. M. C. A. board left details to be arranged between Mr. Dinamore and representatives of the park department. When approached by a reporter, Mr. Dinamore, in comment on the plan, said there is little to be given out from his office. "It has all come about very suddenly. It will necessarily mean some changes in our announced program for a camp for older boys. This camp was to open within a very few days. No announcement can be made as to what will become of these plans. We will first have to go over the entire situation with the park department officials, as we are going to put our plans into the background wherever it conflicts with their arrangements. Mr. Miller and I are glad to be able to sacrifice our own plans in order to co-operate in this larger city-wide work. Anything further should come from Mr. Staples or some other park department official."

Lee, Petersburg, Va., during the five-day movement beginning August 26 will take the first quota of 1918 registrants. Half of the men in their quotas will be from the 1918 registrants, they said.

To illustrate, City Board No. 1, said this morning that based on previous proportions the call for 10,000 men will make their quota about forty men. This board has but eighteen first-class men of the 1917 registration. The remainder must be 1918 registrants. The remaining 1917 colored registrants will leave during the three-day movement beginning August 22. The call is for 892 men from the state. Both calls are for general military service. Local boards are awaiting their train schedules and quotas before completing their lists.
