

GRAVES GIVEN SECRET ORDERS IN RUSS PLANS

Secretary Baker Confers With General Chosen to Command American Forces

Washington, Aug. 9.—Confidential instructions were handed to Major General William S. Graves, at Kansas City, Tuesday, by Secretary of War Baker covering the American military expedition to Siberia which General Graves will command. Mr. Baker on his return to Washington to-day disclosed that the object of his trip was to confer with General Graves, who had been summoned from Camp Fremont, Cal., to meet him at Kansas City.

The Secretary said he assumed that a Japanese officer would be the ranking officer of the inter-Allied forces sent to Siberia and would preside at any conference of the various commanders. No step toward the selection of a commander for the entire army has been taken, he added. Information now available indicates that the Japanese will send a Lieutenant General in command of the Japanese forces, which probably will exceed slightly in numbers the American contingent. The American forces probably will number less than 10,000 under present plans.

SECTION OF FIELD AT ELIZABETHVILLE WHERE RESERVES DRILLED DRAFTED MEN

Elizabethville was so impressed with the work of the Harrisburg Reserves last Saturday, when the Harrisburg military organization headed by Captain M. Stine drilled Class 1 draft men at that place that an earnest invitation was given to have them return to-morrow. This they have agreed to do, and in addition will drill men to-morrow at Halifax, Millersburg, Gratz, Lykens, Wiconisco and Williamstown. The picture gives a very inadequate idea of the scope of the work at Elizabethville.

LIABILITIES OF BRETZ BROTHERS TOTAL \$183,000

Harry M. and Charles E. Bretz File Schedules; Assets Will Not Meet Debts

Schedules of the accounts of Harry M. Bretz and Charles E. Bretz, filed with John T. Olmsted, referee in bankruptcy, to-day show that the liabilities greatly overbalance the assets. The liabilities of Harry M. Bretz are \$127,327.88 as compared with assets of \$109,810. Liabilities of Charles E. Bretz are \$46,448.22 and assets \$22,075. No mention is made of judgments recorded within the past four months which are not considered liens, although such judgments will total many thousands. Creditors in these judgments will receive only a pro rata share of the estate after all other claims have been satisfied. More than one-third of the claims against Harry M. Bretz are secured, but the far greater amount of them are entirely unsecured. The secured claims lodged against him total \$53,200. Those without any security at all represent the value of \$51,320.03. Other liabilities of Bretz include \$262.15 due in taxes and \$400 in accommodation paper; while \$2,345 in notes and bills which should be paid by others are included in the statement of liabilities. The total amount of liabilities should be reduced by approximately \$18,000, the amount of duplication occasioned by notes on which the three brothers, Charles, Harry and William, are joint makers. The assets of Harry M. Bretz show that he has real estate on which he places \$4,000 and life insurance of \$1,000. Moneys due him on open accounts total \$2,300, while he owns investment stocks and bonds worth \$1,760. He carries life insurance of \$1,000 face value, but little of anything can be realized on this, inasmuch as it is assigned to his wife. The liabilities of Charles E. Bretz are secured by \$30,750. Of this \$900 and unsecured ones at \$31,775.88. Notes and bills which should be paid by others are included in the liabilities and are worth \$501. Taxes payable are listed to the value of \$38.54. Duplication of \$18,000 occasioned by notes of which he is one of the three joint makers, may be deducted. His assets are just about one-half of the value of his liabilities. His partnership in the Bretz Brothers' firm he values at \$16,750. His real estate he values at \$16,750, while he holds stocks and bonds worth \$22,075. Referee Olmsted announced that a meeting of the creditors will be held on Monday afternoon, August 19, at 2 o'clock, in the federal court-room in the Post Office building.

The demurrer will be considered later in the month.

Take a Sunshine Tablet for Thy Stomach's Sake

There never was such a marvelous prescription for stomach disease and indigestion as M-I-O-na. No doctor ever wrote a better one. It's doubtful if any doctor ever did it so good that H. C. Kennedy says money back if it doesn't relieve. A woman in Maine calls M-I-O-na the sunshine prescription because she has seen so many sour, miserable, aggravating dyspeptics turned into happy, cheerful, sweet human beings in a few days by the use of M-I-O-na. The stomach is responsible for three-fourths of the nervousness and half the misery of the world. The woman can have a first-class stomach and yet be miserable if she has a husband who is miserable. If you have indigestion, belching of gas, flatulence, or a sour stomach, or any miserable stomach disturbance, take M-I-O-na. It's the sunshine prescription. Put you right, and bring sunshine into your life in a week. A large box of M-I-O-na tablets cost only 60 cents at H. C. Kennedy's, and by leading druggists everywhere. They are small and easy to swallow.

To Chronic Dyspeptics:---

You can eat what you like if you take M-I-O-na. Make this test: Eat a hearty meal of the good things that usually disagree with you, then take two or three M-I-O-na Tablets. If you aren't astonished and delighted you can't have your money back for the asking. Box of M-I-O-na to-day from Geo. A. Gorges or any other good druggist. Use as directed, and you will soon be telling your friends how you got rid of indigestion. Remember the name—M-I-O-na—the indigestion remedy that costs nothing if it fails.—Advertisement.
