Chases German General
When the tanks and the armored car batteries pressed far forward in the rolling country there was much agitation among the enemy. A report came back that a British tank, probably one of the fast little whippets, had been seen chasing a trigtened German general up the road. But the enemy general was not alone in the direction in which he was going. Observers reported considerable columns of enemy transports. In its larger aspects the success of the allies south of the Comme constitutes a very serious threat to the adelphia. German line, especially to the southward. The advance has not so far weakened the German positions north-ward toward Arras, but the enemy finds himself in an embarrassing position around Montdidier, and from that town southeastward at least as far as the Oise river.

A further advance of the allies in Picardy would outflank adelphia.

Chamber of Commerce Picnic Plans Are Made

Mercer B. Tate, chairman of the committee in charge of plans for the big Chamber of Commerce outing, which will be held next Thursday, August 15, at Gualaloupe, the beautiful country place of John W. Reily, announced to-day that the committee has arranged a large program of clean, wholesome amusement, which the committee guarantees to affect a permanent cure for the most pronounced and chronic cases of dyspepsia, melancholia, "blues," "grouch" and all kindred aliments.

The committee has declined to divulge the details of the arrangements, but it is understood that the outing will surpass any previous similar effort of the chamber.

The event is advertised as "an old-fashioned piente in a brand-new way."

Advance reservations indicate a widespread interest in the affair, which is one of the big social features of the year in the Chamber of Commerce.

While the large and varied entertainment program will be continuous throughout the afternoon, the committee insists that all members must be on hand early in order to secure the full measure of enjoyment which is in store for them. Numerous novel, mirth-provoking features will be introduced, any one of which, according to the committee, will be well worth the trip to Guadaloupe.

Leaves in June

Myers entered active military service with the Medical Reserve Corps in the early part of May and after being located for slightly less than a month at Camp Greenleaf, Ga., while preparing for active service, Myers went to France on June 3, attached to the 9th Infantry.

Entering active duty almost as soon as he got to France, Myers performed the duties for which he has been cited, sometime in June. On July 5, he wrote to his parents, Mr. and Mrs. George R. Myers, that he expected to be decorated, but gave no details of his deeds. That the decoration had actually been made was not known however, until early this morning when the press notices were received.

Myers, who is only 28 years old is a graduate of the University of Maryland Medical College from which he was graduated in 1915. He served his interneship in the hospital attached to that institution and graduate of the University of the past two years had been practicing his profession at Coketon, W. Va. He is a member of the Nu Sigma Nu fraternity.

While at coilege Myers made an enviable scholarship record and won several large prizes for general ex-celence in scholarship. LEGAL NOTICES
