

GRAMMAR GRADE MEN START SOON

Over 2,000 Will Go This Week For Special Training For the Army

Pennsylvania will this week make its greatest mobilization of young men with grammar school education and with an aptitude for mechanics under the draft law and probably 2,000 such men will be sent on August 15 to Pittsburgh, Erie and Easton for training to fit them for mechanical work in the Army.

The state has completed sending doctors who were called under the draft to go to Columbus Barracks and reports as to the number will be available soon. This was the first draft made on doctors.

This week and next efforts will be bent to get ready in every district in the state the 10,000 white men called for Camp Lee who are to start in the week of August 26. In addition, almost 900 colored men for Camp Lee and 1,400 white men for special training at Camp Greer are being made ready.

DID NOT TAKE POISON At the Harrisburg Hospital it was said yesterday that Elmer Miller, the draftee, who was rushed there from the railroad station when it was thought he drank poison, apparently had not taken any poison, as none was found in his stomach.

C. L. JENNINGS ENLISTS Christian L. Jennings, 7 South Front street, son of William Jennings, was one of the last Harrisburgers to enlist at the Harrisburg recruiting station before the order to stop recruiting arrived.

ARREST ALLEGED DESERTER Police Sergeant Bell, of the Middletown depot police, Saturday night arrested John Forrester, a deserter. Bell says Forrester is wanted by a Hartford draft board.

"Aching Bones, Tired Feeling, No Life, All Gone," Says J. Guy Bowman

"I had a bad cold, felt tired, could scarcely move along, and was barely able to work at my trade," says J. Guy Bowman, of 149 River street, Middletown, Pa.

"I worked at the shoe factory. My symptoms were aching bones, tired feeling, and was lifeless and listless. A feeling of malaria or ague.

"I have used three bottles of Tonalil purchased at Whitman's Pharmacy, Middletown, and after using only three bottles, I gladly recommend Tonalil for I know it will do all it claims to do, and any person who has not used Tonalil does not realize what they are missing—for the roots, herbs and bark have certainly a wonderful effect. I am twenty-eight years old, too young to be knocked out yet, but by the use of Tonalil I have no fear now for years to come."

This testimonial was given August 3, 1918. Tonalil is sold at Gorgans' Drug Store, Harrisburg, and at the Hershey Department Store, Hershey, Pa.

PHEASANTS TO BE BOUGHT UP

State Game Commission Providing For Propagation Work

Late estimates are that approximately 8,000 ringnecked pheasants will be available to be sent out next spring by state game authorities. It was expected that 10,000 could be procured, but the demand for them has grown so rapidly that the state will not get more than 8,000. Private preserve owners will put out more and good returns are being made on the hatchings of eggs sent out. Efforts to secure ruffed grouse to stock state preserves have been unsuccessful. Every one having the grouse wants to hang on to them. It is hoped that the quail desired can be secured next season.

Wholesale consignments of arms have been made in homes of foreigners in Schuylkill, Carbon and Luzerne counties by state game officers under the alien gun law. These raids were made in the anthracite region and were not only a good game precaution, but generally held here to have been a wise war move.

SALES OF HUNTERS' LICENSES have been the already in the county where the arm bands were sent. The men who like to get their licenses early have been right on the job and the state will insure some additional work in propagation next year.

TENINE AND TROTSKY FLEE FROM MOSCOW

(Continued From First Page)

Tagblatt of Berlin. He announces that the Czech-Slovak forces have increased from 7,500 to 300,000 and are being reinforced by Serbians, Cossacks and counter revolutionists.

London, Aug. 12.—The anti-Bolshevik movement in Russia is growing rapidly. The Bolshevik organization has virtually gone to pieces, and Nikolai Lenin, the Premier, and Leon Trotsky, his War Minister, intend to flee to Germany should the situation become too serious, according to recent Russian newspapers, the Exchange Telegraph correspondent at Copenhagen telegraphs.

The Petrograd newspapers Ivestia is quoted by the correspondent as saying that at several points "in that part of Russia not occupied by the enemy" counter-revolutionary movements have broken out in a number of towns. The Bolshevik Soviets have been overthrown in these places and replaced by councils consisting of representatives of the Mensheviks, or moderates.

In the city of Kazan, the newspaper adds, the widely known Bolshevik leader Olschinsky has been killed, while there has been great bloodshed among the Bolsheviks in the Novgorod and Russian districts.

Copenhagen, Aug. 12.—The German embassy at Moscow will remove immediately to Pskov, owing to conditions in Moscow, according to advices from Berlin to-day.

(Pskov is 125 miles southwest of Petrograd and approximately 400 miles nearly direct west of Moscow.) Owing to traffic conditions, it is said, the embassy will be compelled to travel by way of Petrograd, Helsinki, Finland and thence to Reval, on the Estonian coast, and to its destination.

Valdivostok, Aug. 12.—Four companies of French soldiers and one of Annamites from China and Indo-China have arrived here headed by Commander Markov, a company of Czech-Slovak soldiers, with a band, greeted them.

TO LEAVE FOR CAMP Clarence H. Norgie, J. P. Samuel, William Hart and John F. Wynn sergeants at the Harrisburg recruiting station, will go to the officers training school Wednesday.

FINE FOR YOUR STOMACH Take Horford's Acid Phosphate. The sick headache, indigestion or indigestion—Advertisement.

MECHANICSBURG MAN IS MISSING

William Porter Left Home Thursday Evening; Find No Trade of Him

Mechanicsburg, Pa., Aug. 12.—No definite clue as to the whereabouts of William Porter, who has been missing from his home in East Cooper street, since Thursday night, has been found. Porter, who is aged about 50 years and was employed at the J. K. Hinkel Manufacturing Company plant, complained of the effects of the extreme heat on Thursday night and started to take a walk. Shortly after 9 o'clock his daughter, who was returning from a mission down Main street, met her father, spoke to him, and went home, supposing he would soon return from his walk. Instead, that was the last seen of Mr. Porter, although searching parties were instituted that same night, when he failed to put in an appearance, and the entire countryside scoured. Police of this place and Harrisburg have been notified, and yesterday Boy Scouts started out early in the hope of locating the unfortunate man, whom it is thought was affected by the heat and wandered off. It is said that he was seen in a store in Bowmansdale on Friday night, but that when asked to identify himself without replying. Nothing more definite has been heard and his family are consumed with anxiety.

Mr. Porter has a son in the service of the United States. RETURNS TO SERVICE Dale Smith, son of A. D. Smith, Lebanon, who was furloughed from the English army recently because of shell shock, left for Canada where he will resume his position. He is an officer.

Captured by Huns, Is Rescued in Few Hours

Thrilling adventures of a local soldier in the overseas force have just been learned in a letter received by Mr. and Mrs. Henry S. Clark, of Hallman's farm, near Enola, from their son, Private Abraham Clark, 38th Infantry, who enlisted in Baltimore in December, 1917, and sailed across in May. According to the letter, Young Clark was a member of a detachment of Americans that made an attack against the German trenches on July 23. With fourteen other members of his company, he was captured by the Germans and held seven hours. He says that during that time he did not receive any treatment for his wounds, which he had received in the attack before he was captured. He was held by the Germans until another sortie of the Americans was made, and the Germans who held him and his companions captive were captured by the Americans. He is now at a base hospital in Paris, where he is recovering from his wounds.

Penna. Backlot Gardens Reap \$30,000,000 in Food

Washington, Aug. 12.—Back yards and vacant lots will be found by the end of the year to have added \$30,000,000 worth of food products to the usual amount in Pennsylvania, according to the estimates of the national war garden commission. There are 295,000 war gardens scattered through the state.

Business and manufacturing firms are especially commended for their interests and efforts in the work. Canning and drying manuals have been sent throughout the state, among them by Ina E. Lindman, of the achievements club, board of education, Philadelphia, from whom information is available.

Pershing Orders 1,000,000 Watches in Switzerland

Geneva, Switzerland, Aug. 12.—The headquarters of the American expeditionary forces in France has ordered one million watches from Swiss firms for the use of the American troops operating in France. The order is welcomed by the Swiss watch industry which has been in a precarious condition.

CONSTABLES IN TOILS OF LAWS

Fail to Enforce the Dog License Code and Get Arrested by the State Police

Rigorous methods in enforcement of the provisions of the dog license code of 1917 have been adopted by the various constables and in some cases the dogs have been arrested for failing to kill dogs whose owners refused to license them. This is the first time in years in which the state has gone after the men charged with administering law for failing to do so and several convictions have been obtained. Owners who decline to license their dogs have also been prosecuted and in some cases the dogs were also shot.

State policemen and game protectors have made raids upon communities largely inhabited by aliens and shot dogs and confiscated guns, but have had more trouble in some farming districts where farmers have refused to register dogs and fail to keep them penned up at night. The code was enacted largely to stimulate sheep raising and to protect against aliens having guns and dogs is a separate one.

In addition to the officers, agents of the State Department of Agriculture have been moving against people where the registering of dogs for licenses has been little obeyed, but where complaints of raids on sheep have been made.

For More Militia.—Half a dozen projects for increasing the State Reserve Militia have been heard of in inquiries made here as to proper legislation in the face of the fact that if the new draft limits are enacted most of the men in the state organization will have to register.

Miners After Button.—Chief Button, of the Department of Mines, is suffering as did his predecessor from attacks of miners. A recent speech by the chief has stirred up coal cutters and yesterday a meeting at Kulpmont drew up resolutions which were forwarded to Governor Brumbaugh demanding his removal. The governor is away on his vacation and no one knows what he will do about it.

Attending Meeting.—State officials will attend a meeting of the Pennsylvania Typographical Union at Scranton this week. Governor Brumbaugh was announced some time ago as one of the speakers.

Snyder Complimented.—Auditor-General Snyder is getting compliments from Republican and Democratic papers alike for the manner in which he is gathering in the state revenue, especially as it has been without any brass band methods and yet has broken all records.

Bridge Bids.—The bids for construction of the Falls and Laceyville bridges will be opened at the office of the Board of Public Grounds and Buildings to-morrow and possibly an award will be made in each case if prices are right.

To Attend Matches.—Adjutant-General Frank D. Beary will attend the rifle matches at Mt. Gretna during the week. The matches opened to-day.

Mr. Little Dead.—Richard Little, editor of the Scrantonian, a weekly newspaper published at Scranton, and well known to many here is dead at his home in Clark's Summit.

To Attend Matches.—Adjutant-General reports about a violation of game laws came to the attention of the city to-day and it is not known which law the culprit shattered. He was arrested by a game warden while shooting fish. The man was sitting in a boat on the falls at Enola in Bradford county and when a fish came along he shot him with a double barreled shot gun. He had shot eight when the warden broke up the sport.

Inquiry.—Official Acting Commissioner Royer has sent men to Freeland to make an inquiry into the water supply. There have been some outbreaks of disease which have made trouble lately.

Visiting the Shore.—State Treasurer H. M. Kephart has been spending a few days at the seashore.

Glenn a Captain.—Glenn, former member of the House from Venango, has been commissioned a captain in the National Army.

Means Business On Substitutes.—Agents of the state dairy and food commissioner are making a very vigorous round up of people who are selling egg substitutes and a number of arrests are likely in the larger cities. Similar inspections are being made of the cattle feeds being sold.

Mosquitoes Go.—The reports from Philadelphia are to the effect that the mosquito nuisance in the vicinity of the shipyards is well nigh wiped out through the work done under direction of the Department of Health.

Up to Company.—Officials of the Public Service Commission said to-day that the complaint against the new steam rates of the Harrisburg Light and Power Company was now up to the company to meet, the complaint having been sent to it for answer under the rules of the commission. The commission is also awaiting further movement in the tinney situation, having filed its order.

Mumma's Big Payment.—County Treasurer S. Mark Mumma to-day paid the State Treasury \$13,246.22 representing mercantile and similar taxes collected in this county.

To Discuss Problems.—A series of important conferences on employment of women and minors in various branches of war industry and regarding steps being taken to promote safety has been arranged to be held at Philadelphia this week. To-morrow members of the State Industrial Board and Commissioner L. R. Palmer will meet with officers of the women's and children's labor division of the Federal government and Wednesday the State Industrial Board will have a session to consider reports on industrial conditions, while Thursday insurance and compensation officials will discuss safety and prevention work.

Borough Complaint.—The boroughs of Kingston, Dorranceton and Wyoming to-day brought before the Public Service Commission complaint against the new rates of the Luzerne County Gas and Electric Company, and the Bedford-Fulton Telephone Company complained that the Chapman's Run Mutual Telephone Company was about to parallel its lines. An unusual complaint was entered by the Jones & Laughlin Steel Company, Pittsburgh, which charged that the Equitable Gas Company had refused to allow it a discount of \$5,889.06 because the check mailed in payment of a monthly bill of over \$120,000 had

Elliott Rodgers Dies in Pittsburgh

Word Reached Harrisburg to-day of the death at Pittsburgh of Ex-Senator Elliott Rodgers, of that city, well-known to many residents of this city. Mr. Rodgers, who was born in 1848, came of an old Allegheny county family and after being admitted to the bar of his county came here as an officer of the corporation bureau of the Department of the Secretary of the Commonwealth in 1890. He was solicitor of Pittsburgh, judge of a common pleas court and senator. Of late years Mr. Rodgers has been practicing law in Pittsburgh. He was a brother of J. Franklin Rodgers, executive clerk under William A. Stone and part of the Pennypacker term.

Addressed Meeting.—Adjutant-General Beary made the patriotic address at the meeting at Waldheim near Allentown Saturday.

HARVEY TO DRILL Captain L. V. Harvey, of the Harrisburg Reserves, will be at the Island to-night to drill any men of draft age who may wish instruction. Captain F. H. Hoy, Jr., will name a detail for Wednesday night. Men wishing instruction should report at 7.30.

DISTURBANCE IN STEELTON QUELLED BY POLICE Several soldiers from the government works near Middletown and a number of colored men figured in a disturbance at Front and Jefferson streets, Steelton, Saturday night, which held up traffic for an hour and at times threatened bloodshed. The negroes are said to have brandished knives and revolvers. A large crowd gathered, but was scattered by the borough police and the soldiers.

To Dedicate Open-Air School on October 11

Formal dedication of the new open-air school at Fifth and Emerald streets, will be held on October 11, according to plans of a special committee of the city board of school directors. While no definite program has been arranged it is likely that a number of leading medical experts will be invited to be present and some of them will be listed for addresses. Recently when two school survey experts were in the city they told Harrisburg officials that the open-air school was equal to the finest in the country and one of the first buildings of its kind to be especially designed, built and equipped for that branch of educational work.

It is also planned to have cornerstone laying ceremonies in the near future at the new Thomas A. Edison Junior High school at Nineteenth and Chestnut streets. Steady progress is being made in the construction of this structure.

The following answer to the message of friendship and greeting to the French people sent by Harrisburg on July 14, Bastille Day, has been received by Mayor Keister from French Ambassador Jusserand: "The President of the French Republic has asked me to transmit to you his heartfelt thanks for your message of congratulation to the people of France on the occasion of the 14th of July which he deeply appreciated.

"It gives me particular pleasure to have to fulfill such an agreeable mission to you, and to do so at a time when the news arriving from day to day as to what we are doing together over there, betokens the definite fall of the upholders of despotism. The day may be uncertain; the fact is not."

"The Live Store"

We have seen demonstrations time and again in overwhelming crowds who respond to our announcements and have confidence in our advertising and merchandise; but of all the events promoted by this "live store" our semi annual

Mark-Down Sale

Where Everything in Our Entire Stock Is Reduced, Except Collars

Is the most remarkable thing we or our customers have ever witnessed. Saturday was without a doubt the very largest day in the history of our store, so large indeed that when the day's total was compiled it was scarcely believable even to ourselves that such a tremendous amount of cash could be taken in on a single day in a store the size of Dourtrichs.

We occupy a floor space of only 1210 feet, but the average amount of money "taken in" per foot during the day would be considered a tremendous day by very large stores in the "Big City" such crowds of enthusiastic buyers came here Saturday that it was absolutely impossible to wait on everybody

I'll be in next week said many of our customers, you're "too busy" today "I'll be back"---these are the remarks that were heard all day and we apologize for our inability to serve you but appreciate immensely the kind co-operation that prompts you to "come again" this will be another busy week and we advise you to come at once to this greatest of all clearance sales where you can buy merchandise at "less" in many cases than we can buy the same merchandise from the manufacturer

Everything Reduced, Except Collars

THE GLOBE THE CROIX DE GUERRE Was Pinned on a Globe Uniform in France All Harrisburg rejoices in the achievement of Lieut. William McCreath, the first Harrisburg officer to be decorated for bravery in action. The brave boys from Harrisburg don't know the meaning of the word "fear"—nor can they understand the word "retreat." It wouldn't be surprising if all "our boys" came back decorated with the coveted War Cross. Our busy Uniform Department is fairly humming these days. GLOBE UNIFORMS are known in every camp in the U. S.—their smart, snappy appearance and the superb hand-tailoring appeal to every well-dressed officer—they make him look the part.
